V.2 MARCH 12, 2021

OMB Approval No. 1559-0021

Paperwork Reduction Act Notice.

This submission requirements package is provided to Applicants for awards under the Community Development Financial Institutions Program (CDFI Program) and Native American CDFI Assistance Program (NACA Program). Applicants are not required to respond to this collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The estimated average burden associated with this collection of information per Applicant is 95 hours for the Base Financial Assistance (Base-FA) Application, 0.5 hours for the supplemental Persistent Poverty County-Financial Assistance (PPC-FA) Application, 10 hours for the supplemental Disability Funds-Financial Assistance (DF-FA) Application, and 10 hours for the supplemental Healthy Food Financing Initiative-Financial Assistance (HFFI-FA) Application. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to the Program Manager, CDFI Program and NACA Program, Department of the Treasury, Community Development Financial Institutions Fund, 1500 Pennsylvania Avenue, Washington, D.C. 20220.

All materials are available on the CDFI Fund Website: www.cdfifund.gov.

APPLICABLE UPDATES

- Explanatory text was added to the notes on the Applicant Level Information section, Applicant Verification subsection, about the field Total Asset Size (\$). (Page 26)
- The hyperlink to the Excel workbook identifying High Poverty Areas was updated. (Page 68)
- Base-FA Narrative Question #6 asks previous Award Recipients to explain how a new award differs from past requests. The Notes/Guidance was edited with the correct years for the past three funding rounds, specifically: FY 2018, FY 2019, and FY 2020. (Page 73)
- The hyperlink to the Excel workbook identifying Persistent Poverty Counties was updated. (Page 80)

GETTING STARTED

The Community Development Financial Institutions Program (CDFI Program) and Native American CDFI Assistance Program (NACA Program) both provide Financial Assistance (FA) awards to certified Community Development Financial Institutions (CDFIs) to build their financial capacity to lend to their communities. CDFIs serve rural and urban low-income people and communities across the nation that lack adequate access to affordable financial products and services.

While both programs provide FA awards after a competitive application process, the NACA Program specifically targets awards to CDFIs that primarily serve Native American, Alaska Native, and Native Hawaiian people and communities.

For both programs, FA awards include the Base Financial Assistance (Base-FA) award and the following awards that are provided as a supplement to the Base-FA award:

- Persistent Poverty Counties-Financial Assistance (PPC-FA),
- Disability Funds-Financial Assistance (DF-FA), and
- Healthy Food Financing Initiative-Financial Assistance (HFFI-FA).

This guidance document provides Applicants with instructions and tips on how to respond to the narrative questions, data inputs, and required attachments for the CDFI Program and NACA Program FA Applications. This guidance is intended to be used in conjunction with additional Application Materials, all of which are available on the CDFI Fund's website.

This document contains detailed guidance for the Base-FA Application and PPC-FA Application. Please refer to the supplemental DF-FA and HFFI-FA Application guidance documents on the CDFI Fund's website for further information on how to complete and submit the supplemental DF-FA and HFFI-FA Applications.

Capitalized terms not defined herein shall have the meaning specified in the applicable CDFI Program or NACA Program FY 2021 Notice of Funds Availability (together, NOFAs).

Note about the Awards Management Information System (AMIS): AMIS is the CDFI Fund's web-based portal that all Applicants must use to create, complete, and submit required Application Documents. **This guidance document does not contain instructions for entering Application information into AMIS. For technical instructions on how to use AMIS, please refer to this year's AMIS Training Manual for CDFI Program and NACA Program: FA Applicants.**

This document is a reference tool only, and Applicants must enter their responses to the narrative questions and data entry fields in AMIS. All attachments must also be attached in the AMIS Application.

Deciding What to Apply For

Applicants should start by reading the CDFI Program and/or NACA Program NOFAs to determine which of those two programs they are eligible to apply for; which type of Supplemental Financial Assistance they are eligible to apply for (Persistent Poverty County-Financial Assistance (PPC-FA), Healthy Food Financing Initiative-Financial Assistance (HFFI-FA), and/or Disability Funds-Financial Assistance (DF-FA)); and the dollar amount they may request under each funding category.

CDFI Program and NACA Program Financial Assistance awards are flexible tools that can help your organization grow and expand your financial products and services to your community. It's helpful to have a clear idea of what you would like to use your Base-FA and Supplemental FA awards for before beginning the application. As part of the application, you will need to provide the CDFI Fund with a clear narrative of how your selected award types will benefit your organization and your community.

You also will need to select at least one Financial Assistance Objective (FA Objective) as part of your application. The FA Objectives you select will illustrate your organization's goals for your Base-FA award (such increasing the total volume of financial products you provide or expanding into a new geographic area). If you are selected to receive a Base-FA award, you will need to meet annual goals for your chosen FA Objectives in order to remain compliant with your award. Reviewing the *Introduction to FA Objectives* in this guidance may help as you think through your application.

Financial Assistance Types

CDFI Program Base-FA

CDFI Program Base-FA Applicants can apply under one of two categories:

- FA Category I (SECA, or "Small and Emerging CDFI Applicant")
- FA Category II (Core)

These categories of applicants have different definitions, eligibility requirements, and matching funds requirements. Applicants should review Table 8 in the CDFI Program NOFA for additional information.

NACA Program Base-FA

NACA Program Base-FA Applicants must meet their own eligibility requirements, including the percentage of their activities targeted toward Native Communities. Applicants should review Table 8 in the NACA Program NOFA for additional information.

Supplemental FA

Both CDFI Program and NACA Program Base-FA Applicants are eligible to apply for the Supplemental Financial Assistance awards. **No Base-FA Application will be disqualified from consideration or otherwise adversely affected if the Applicant does not also apply for Supplemental FA funding.** Applications for PPC-FA, HFFI-FA, and DF-FA awards will be evaluated independently from the Base-FA Application, and will not affect the Base-FA Application evaluation or Base-FA award amount.

Additional information about the Supplemental FA awards can be found in the CDFI Program and NACA Program NOFAs. Full guidance on PPC-FA awards can be found in this document. Additional guidance and application instructions for the DF-FA and HFFI-FA awards can be found in this document and in the supplemental FA Application Materials on the CDFI Fund's website.

Note: Does your organization not fit the above categories? You do not have to be a Certified CDFI to apply for a CDFI Program or NACA Program Technical Assistance award. Review the NOFAs and this year's **Technical Assistance Application Guidance** on the CDFI Fund's website to learn more.

How the FA Application is Organized

There are three major parts to the FA Application:

1. The **Standard Form-424** (SF-424) (*submitted through Grants.gov*). This form starts your application and contains important fields about your organization's tax and payment information.
2. The **Base-FA Application** (*submitted through AMIS*). The Base-FA Application will ask for information about your organization, such as your organization's financial data; the financial products and development services you currently provide; the low-income people and communities your organization serves; and your organization's objectives for your Base-FA Award.
3. The **Supplemental FA Applications** (*submitted through AMIS*). These applications will ask you about how you would specifically use one or more of the Supplemental FA awards if you are selected to receive one. The Supplemental FA Applications are optional.

View **Application Submission Requirements and Deadlines**, below, for an outline of all of the required application components and documents.

Application Materials

Applicants are **strongly** encouraged to review all of the FA Application Materials on the CDFI Fund's website. Applicants should read the applicable NOFA for the eligibility and other requirements for FA Applicants and key deadlines. The CDFI Fund will be adding Application Materials to the website on a rolling basis. Please note that some Application Materials will be posted after the release date of the NOFAs and Applications.

Application Submission Requirements and Deadlines

The submission deadlines for the FY 2021 Application are published in the NOFA and reproduced in Table 1 below. Please note the different submission deadlines for materials that must be submitted through Grants.gov and those that must be submitted through AMIS.

For FY 2021, only Applicants that have CDFI certification as of the date of the NOFA may apply for FA Awards. Applicants that are not certified CDFIs on the date of the NOFA may be eligible to apply for TA Awards. Review the NOFAs and the **Technical Assistance Application Guidance** on the CDFI Fund's website to learn more.

¹ The Management Letter is prepared by the Applicant's auditor and is a communication on internal control over financial reporting, compliance, and other matters. **Please review the sample Management Letter in Appendix A.** The Management Letter contains the auditor's findings regarding the Applicant's accounting policies and procedures, internal controls, and operating policies, including any material weaknesses, significant deficiencies, and other matters identified during an audit. The Management Letter may include suggestions for improving identified weaknesses and deficiencies and/or best practice suggestions for items that may not be considered to be weaknesses or deficiencies. The Management Letter may also include items that are not required to be disclosed in the annual audited financial statements. The Management Letter is different than the auditor's Opinion Letter, which is required by Generally Accepted Accounting Principles (GAAP). Management Letters are not required by GAAP, and are sometimes provided by the auditor as a separate letter from the Audit itself. The Management Letter asked for here is NOT a letter from the Applicant to its auditor, nor is it an introductory letter from an auditor. If your organization is an Applicant that did not receive a separate Management Letter from your auditor regarding internal controls, policies, and procedures, as defined in the NOFA and clarified further here, you will have the opportunity to provide a Statement in Lieu of Management Letter within the AMIS Application.

Submission Requirements

GRANTS.GOV AND SAM.GOV: The SF-424 for the Application must be submitted and validated through Grants.gov before the rest of the Application may be submitted through AMIS. Applicants must first have an active System for Awards Management (SAM) account in order to submit the SF-424 via Grants.gov. Each Applicant is advised to first make sure its SAM account is active and valid before beginning its preparation of the other Application materials. The SAM website is: www.SAM.gov.

1. Please be advised that in order to register in SAM.gov, an Applicant must have a current and valid Dun and Bradstreet Data Universal Numbering System (DUNS) number and Employer Identification Number (EIN). **The CDFI Fund advises Applicants to allow sufficient time to obtain this information.** A DUNS number is required for SAM registration and for Grants.gov submission. Additionally, when accessing SAM.gov, users will be asked to create a login.gov user account (if they don't already have one). Going forward, users will use their login.gov username and password every time when logging into SAM.gov.
2. If the Applicant does not currently have an active SAM registration, an original signed notarized letter identifying the authorized Entity Administrator for the entity associated with the DUNS number is required by SAM and must be mailed to the Federal Service Desk. This requirement is applicable to new entities registering in SAM, as well as existing entities with registrations being updated or renewed in SAM. It may take **three weeks or more** to register with SAM or reactivate a SAM registration, so Applicants should allow ample time to **complete the entire registration and submission process well in advance** of the SF-424 submission deadline.
3. Applicants unable to submit their SF-424 and have it validated via Grants.gov by the deadline due to failure to obtain a DUNS number and/or SAM registration confirmation **will not be allowed** to submit the SF-424 after the deadline has passed.

If the SF-424 is not successfully submitted to and validated by Grants.gov by the deadline in Table 1 above, the Applicant will not be able to submit materials in AMIS, and the Application will be deemed ineligible. Thus, Applicants are **strongly encouraged** to submit the SF-424 **as early as possible** in the Grants.gov portal, since submission problems may impact the timeline for SF-424 validation and the Applicant's ability to submit the overall Application.

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly (see *Contacting the CDFI Fund, SAM, and Grants.gov*, below). The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.

Note: The SF-424 must be successfully submitted and validated by the deadline in order to submit an AMIS Application. However, the SF-424 is only one part of the Application package. If an Applicant does not submit the required materials in AMIS by the AMIS Application deadline, their FA Application will be deemed incomplete and the Applicant will not be considered for a CDFI Program or NACA Program award.

AWARDS MANAGEMENT INFORMATION SYSTEM (AMIS): Each Applicant must register as an organization in AMIS by the deadline in Table 1 above. Applicants who fail to register as an organization in AMIS by the appropriate deadline will be deemed ineligible. Additional guidance on creating an AMIS account can be found on the AMIS Homepage: <https://amis.cdfifund.gov/s/AMISHome>. For FY 2021, only Applicants that have CDFI Certification as of the date of the NOFA may apply for FA Awards. Each Applicant must enter their EIN and DUNS number in AMIS by the deadline in Table 1 above. Applicants who fail to enter these numbers in AMIS by the deadline will be deemed ineligible.

Each Applicant must also submit the required Application materials through the AMIS portal by the deadline in Table 1. In order to submit the required Application materials, the Authorized Representative and Application point(s) of contact **must be included as “Contacts”** in the Applicant’s AMIS account. The Authorized Representative **must also be a “user” for the Applicant in AMIS** and must electronically sign the Application prior to submission through AMIS. An Applicant that fails to properly register and update its AMIS account may miss important communications from the CDFI Fund or fail to submit an Application successfully. See the later section titled “Defining Contacts as Authorized Representatives and Points of Contact” for instructions.

Ensuring a Complete Application Package

A complete Application Package is one that includes all required materials listed in Table 2 above, including the specified attachments. If the Applicant fails to submit either the SF-424 Mandatory Form through Grants.gov, register their organization in AMIS, be a Certified CDFI, enter their EIN and DUNS number in AMIS, or submit the Financial Assistance Application through AMIS by the required deadlines, the CDFI Fund will not accept the Application.

Contacting the CDFI Fund, SAM, and Grants.gov

The CDFI Fund will respond to Application related questions between the hours of 9:00 a.m. and 5:00 p.m. ET, through April 29, 2021 (two business days before the AMIS Application deadline). The CDFI Fund will not respond to phone calls, program-related Service Requests, or e-mail inquiries that are received after 5:00 p.m. ET on April 29, 2021, until after the AMIS Application deadline. The CDFI Fund will respond to technical issues related to AMIS through 5:00 p.m. ET, on May 3, 2021. Please note that these are not toll free numbers.

Table 3 – CDFI Fund Contact Information

Area	Topic	Phone	Online (preferred)
CDFI Program NACA Program	How to complete Application materials.	202-653-0421	Submit a Service Request in AMIS (preferred) or email cdfihelp@cdfi.treas.gov
CDFI Certification	Status of CDFI Certification.	202-653-0423	Submit a Service Request in AMIS (preferred) or email ccme@cdfi.treas.gov
Compliance Monitoring and Evaluation	Status of compliance with other awards, including outstanding reports.	202-653-0423	Submit a Service Request in AMIS (preferred) or email ccme@cdfi.treas.gov
IT Support	Technical issues related to the CDFI Fund’s Award Management Information System (AMIS).	202-653-0422	Submit a Service Request in AMIS (preferred) or email AMIS@cdfi.treas.gov

Service Requests

A Service Request is the preferred way to contact the CDFI Fund about your Application. To submit a Service Request, you need an AMIS user account. Service Requests contain a “program” multi-pick list. For CDFI Program or NACA Program Application question, select “CDFI Program” or “NACA Program” for the program. For a CDFI Certification question, select “Certification.” For a Compliance question, select “Compliance & Reporting.” For Information Technology, select “Technical Issues.” Failure to select the appropriate program for the Service Request could result in a delayed response to your question.

SAM and Grants.gov

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly. Contact information can be found on their websites. The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.

GRANTS.GOV (SF-424 MANDATORY FORM) INSTRUCTIONS

In accordance with federal regulations, the CDFI Fund requires Applicants to submit the initial component of their FY 2021 CDFI Program or NACA Program Application using the [Grants.gov](https://www.grants.gov) portal, the official website for federal grant information and applications. The Grants.gov registration process alone can take several days to complete. Contact the Grants.gov support staff if you have any questions about the process. If you experience any technical difficulties submitting the Application via Grants.gov, do not contact the CDFI Fund. Contact the Grants.gov help desk instead.

The only component of the Application submitted via Grants.gov is the Standard Form (SF)-424 Mandatory Form. The SF-424 Mandatory Form (SF-424) is required for all Applicants.

Electronically signing and submitting the SF-424 Mandatory Form certifies that the Applicant attests that the information in its Application is true, complete, and accurate, including the Application Assurances and Certifications, and also certifies that the Applicant will comply with the Assurances and Certifications, if an Award is made (refer to **Forms, Assurances, and Certifications Guidance** on the CDFI Fund's website). Details for completing the SF-424 Mandatory Form are provided below.

Standard Form (SF)-424 Mandatory (Application for Federal Assistance) Instructions

The SF-424 Mandatory form is located in the 'Mandatory Documents' box of the downloaded Grant Application Package in Grants.gov. To access the form, select SF- 424 Mandatory, then click on the 'Move Form to Complete' button. The SF- 424 Mandatory will move to the 'Mandatory Documents for Submission' box. Click on the 'Open Form' button to open the form.

Use the Correct Grants.gov Funding Opportunity Number: There are different Grants.gov Funding Opportunity Numbers for the FY 2021 CDFI Program Application and the FY 2021 NACA Program Application. CDFI Program Applicants **must** submit the SF-424 under the CDFI Program Funding Opportunity Number. NACA Program Applicants **must** submit the SF-424 under the NACA Program Funding Opportunity Number. Applicants that submit an SF-424 under the wrong Opportunity Number **will be deemed ineligible** for award contention.

Match your DUNS and EIN Numbers: Applicants' AMIS record and Grants.gov record are linked by the Organizational DUNS (Field 7.c). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.

Only the fields highlighted in yellow on the form in Grants.gov are required for submission. These fields are also marked as "Required" in Table 5 below. The Instructions column in Table 5 provides guidance on how Applicants should complete their SF-424 Mandatory Form for submission through Grants.gov.

Grants.gov Submission Confirmation

Each Applicant will receive an e-mail from Grants.gov immediately after submitting the SF-424 confirming that the submission has entered the Grants.gov system. This e-mail will contain a tracking number for the submitted SF-424. **After the submission is processed, the Applicant will receive a second e-mail which will indicate if the submitted SF-424 was either successfully validated or rejected with errors.** However, Applicants should not rely on the e-mail notification from Grants.gov to confirm that their SF-424 were validated. Applicants are strongly encouraged to use the tracking number provided in the first e-mail to closely monitor the status of their SF-424 by checking Grants.gov directly. The SF-424 will not be officially accepted by the CDFI Fund **until**

Grants.gov has validated the SF-424. In the Grants.gov Workspace function, please note that the Application package has not been submitted if you have not received a tracking number.

Please Note: Per the NOFA, the CDFI Fund will not extend the SF-424 application deadline for any Applicant that started the Grants.gov registration process but did not complete it by the deadline in Table 1 except in the case of a Federal Government administrative or technological error that directly resulted in a late submission or validation of the SF-424.

The SF-424 must be successfully submitted and validated in Grants.gov by the deadline in Table 1. Applicants are strongly encouraged to submit their SF-424 as early as possible in the Grants.gov portal. Call the Grants.gov support staff if you have any questions about the process. If you experience any technical difficulties submitting the SF-424 via Grants.gov, do not contact the CDFI Fund as we are unable to provide any help or guidance related to Grants.gov. **If the SF-424 is not accepted and validated by Grants.gov by the deadline, the CDFI Fund will not review any material submitted in AMIS, and the Application will be deemed ineligible.**

SETTING UP YOUR AMIS PROFILE AND APPLICATION

Registering an Organization in AMIS

All CDFI Program and NACA Program Applicants must ensure that their organization is registered in AMIS by the deadline in Table 1. Each Applicant must also enter their EIN and DUNS number in AMIS by the deadline in Table 1 above. **The Applicant organization registered in AMIS must be the same one that submitted the SF-424 through Grants.gov, and the EIN and DUNS number on the SF-424 must match the EIN and DUNS number in the organizational information in AMIS.** Organizations who have previously applied for CDFI Fund program awards through AMIS likely already meet this requirement, but should verify that their information is accurate in AMIS prior to the deadline.

Applicants for this CDFI Program and NACA Program Application Round who do not already have their organization registered in AMIS must complete organization registration by the deadline in Table 1.

Instructions for registering an organization in AMIS can be found in the “Getting Started – Navigating AMIS” Training Manual on the CDFI Fund’s AMIS Website: <https://amis.cdfifund.gov/s/Training>.

Organization Profile, Program Profile, and Creating an AMIS Application

Organization Profile

All Applicants must complete (or review and update, as necessary) their Organization Profile page before working on their Program Profile or launching an Application in AMIS. Information from the Organization Profile page will be used in your Program Profile (and later your Application) while other information will be validated later in the submission process.

If your organization has not previously submitted an Application for a CDFI Fund program via AMIS or does not have an existing AMIS account, you must ensure that all necessary information is provided under the Organization Profile. Be sure to double check that the **bolded fields** marked with an asterisk (*) in the table below are accurate when entered into AMIS. Bolded fields with an asterisk indicate which fields populate at the Program Profile and Application level.

Note that the **Total Asset Size** field on the Organization Profile page must be updated by the Applicant. AMIS will analyze this field to determine whether your organization is eligible to apply under the CORE or SECA eligibility category. Note: for SECA-eligible organizations wishing to apply as CORE, see the instructions in the later section of this document, *Creating a New Financial Assistance Funding Application*.

All Applicants must manually update the Total Asset Size field with the dollar amount of their total assets.

- Use the Total Assets as of the date of the Applicant’s most recent historic fiscal year end (as defined in Table 13 of this document).

Total Assets as of the Most Recent Historic Fiscal Year End

Example: Pine Tree Mountain Loan Fund is a CDFI with a fiscal year end date of 12/31. It references Table 13 and sees that, for the purposes of this application, it should treat FY 2020 as its “Current Year” and FY 2019 as its “Most Recent Historic Fiscal Year”, even though its FY 2020 Audit is already complete when it begins its FA Application in February 2021.

Pine Tree Mountain Loan Fund looks back to its FY 2019 Audit, which shows Total Assets of \$4,325,325 as of 12/31/2019. It enters this value on its AMIS Organizational Profile page prior to launching its application.

Defining Contacts as Authorized Representatives and Points of Contact

There is a list of Contacts for each Organization in AMIS. Each Contact has a Profile associated with it. This Profile, which can be set to 'Admin User', 'User', or 'Viewer', determines the permissions assigned to the Contact. For example, any Contact that is a 'User' or 'Admin User' may create or update a CDFI Program and/or NACA Program Application.

Separate from the Contact Profile, each Contact may be assigned a Type. If assigned, the Type can be set to 'Authorized Representative' or 'Point of Contact.' An organization can have multiple Authorized Representative and Point of Contact records.

Your organization must designate at least one Contact as an Authorized Representative. Please note that an Authorized Representative is an individual who has been authorized by his or her organization to sign an Application, and in doing so, certifies that the information in the Application is true, complete, and accurate on behalf of the organization. The Authorized Representative must be authorized to sign legal documents on behalf of the organization and bind the organization accordingly. **Please do not designate contacts that do not have the appropriate authority to sign an Application or other legal documents as Authorized Representatives (such as consultants).** Only Contacts designated as Authorized Representatives can sign an Application. A Contact with "Consultant" in their title cannot be an Authorized Representative. AMIS will not allow a Contact with a title of "Consultant" to be an Authorized Representative Contact type in AMIS.

The CDFI Fund recommends that your organization also designate at least one additional Contact, as a Point of Contact who is different from the Authorized Representative. Having multiple individuals associated with the Organization and Application in AMIS ensures your organization will receive communications and critical updates about your Application. Once an Application has been signed by an Authorized Representative, Contacts designated as either an Authorized Representative **or** a Point of Contact may submit an Application.

Table 7 – AMIS Contacts

Type	Required?	Recommended?	Can Sign an Application?	Can Submit an Application?
Authorized Representative	Yes	N/A	Yes	Yes
Point of Contact	No	Yes	No	Yes, once the application is signed by an Authorized Representative

To designate a Contact as an Authorized Representative within the Organization Profile, navigate to the Organization Detail page, scroll down to the Contacts section, select the Edit link to the left of the Contact Name, then set the Type field to “Authorized Representative”. To designate a Contact as a Point of Contact, follow these same steps, but set the Type field to “Point of Contact”.

If these fields are not complete or accurate before starting an Application, you may receive error messages when trying to sign or submit your Application. Depending on the issue, you may need to submit an AMIS Service Request to resolve it, which could delay your Application submission.

Completing Your AMIS Program Profile

The CDFI-NACA Program Profile is automatically generated upon creation of your organization’s AMIS account. The CDFI-NACA Program Profile contains program-specific information and is where you provide information on NACA Program Eligibility (if applicable) and/or create a new funding Application.

As with the Organization Profile, some information in the Program Profile will be copied automatically into your Application. All Applicants must complete (or review and update, as necessary) their CDFI-NACA Program Profile Information before starting an Application, paying special attention to the items highlighted in the table below.

NACA Eligibility

This section should only be completed by prospective NACA Program Applicants. NACA Program Applicants must complete the NACA Eligibility section before creating an Application in AMIS. Failure to do so will result in a denial of access to all NACA Program Applications.

The NACA Eligibility section is used to determine if an Applicant is eligible to apply for the NACA Program. Applicants should **first** refer to the FY 2021 NACA Program NOFA to review the definitions of the different applicant types to determine the appropriate category for your organization. Only certified CDFIs are eligible to

apply for a NACA Program Financial Assistance award. Certified CDFIs, Emerging CDFIs, and Sponsoring Entities are eligible to apply for Technical Assistance awards.

Note about NACA Eligibility Record Types: Applicants should be careful to select the correct record type. You will not be able to delete a NACA Eligibility record once it is created.

To complete the NACA Eligibility section, start by clicking the New NACA Eligibility button on the Program Profile page, and complete the following data fields.

Creating a New Financial Assistance Funding Application

As noted previously, for FY 2021, only Applicants that have CDFI certification as of the date of the NOFA may apply for FA Awards.

Eligibility Category: SECA versus CORE (CDFI-FA only)

Per the NOFA, CDFI-FA Applicants are eligible for the SECA category based on asset size and/or the start date of financing activities. If your organization is eligible under the SECA category, but wishes to apply under the CORE category (that is, to request more than the SECA maximum of \$700,000), you **must** submit a Service Request via your AMIS account by the deadline in the NOFA of **March 22, 2021, at 11:59pm**.

Please submit this Service Request **before** launching your Application. Note that the CDFI Fund will not change an Application back to a SECA FA Application after a request to create a Core FA Application has been received by the CDFI Fund.

STOP: If you haven't completed the rest of the Getting Started steps, go back and finish them before creating a new Funding Application. They are necessary for a complete application package!

Detailed instructions on how to launch and complete the AMIS Application is provided in this year's **AMIS Training Manual for CDFI Program and NACA Program: Financial Assistance (FA) Applicants** on the CDFI Fund's website. Read on for additional guidance on the Base-FA Application and other Supplemental FA Applications.

FINANCIAL ASSISTANCE APPLICATION INSTRUCTIONS

The following are the main sections of the Application as organized in AMIS. Many of the following sections have subsections. The contents of each section and subsection are discussed below.

1. Application Instructions
2. Application Resources
3. Applicant Level Information
4. Financial Assistance Request Details
5. Application Financial Data
6. Current Financial Products
7. Current Development Services
8. Key Personnel
9. Compliance Evaluation Questions

 - FA Objective 1-2: Increase Volume of Financial Services
 - FA Objective 1-3: New Geographic Area(s)
 - FA Objective 1-4: New Financial Product(s)
 - FA Objective 1-5: New Financial Service(s)
 - FA Objective 1-6: New Development Service(s)
 - FA Objective 1-7: Serve New Targeted Population(s)
13. Financial Assistance Narratives
14. Supplemental FA Applications
 - Persistent Poverty County-Financial Assistance (PPC-FA)
 - Disability Funds-Financial Assistance (DF-FA)
 - Healthy Food Financing Initiative-Financial Assistance (HFFI-FA)
15. Matching Funds (Core CDFI Program Applicants Only, except Native American CDFIs)
16. Attestation and Submission

Each section contains fields where Applicants input requested information. Please note that some fields in the Application in AMIS will be automatically populated based on other data inputs. Please see this year's **AMIS Training Manual for CDFI Program and NACA Program: Financial Assistance (FA) Applicants** for technical details on how to use and navigate AMIS.

Note about character limits in AMIS: Pay close attention to the character limits for each entry field in the Application in AMIS. The character limitations in AMIS include spaces, special characters, and punctuation, and are not always exactly the same as character counts in word processing applications. If you are using Word or similar software to initially organize your narrative responses, please ensure that your entire response is copied correctly into AMIS, as any characters beyond the AMIS limit count will be cut off from your response.

1. Application Instructions

This section provides general instructions for completing the FA Application as well as key dates and deadlines related to the FA Application.

Also refer to Table 1 in the NOFAs for a comprehensive list of critical deadlines for Applicants.

2. Application Resources

This section provides a link to FA Application Materials and resources available on the CDFI Fund's website.

3. Applicant Level Information

This section contains the following subsections:

Table 10 – Applicant Level Information

Subsection	Description	Notes/Guidance
Organization Level Information	Displays key information about the Applicant's Organization Profile.	Applicants must attach their Organizational Chart in this subsection. Applicants are asked to identify if their organization is a Minority Depository Institution, as of 12/31/2020. (Regulated Institutions only). See Appendix C: Glossary of Terms .
Native CDFI Designation	Applicants specify whether they are designated as a Native CDFI.	A Native American CDFI (Native CDFI) is one that Primarily Serves a Native Community. Primarily Serves is defined as 50% or more of an Applicant's activities being directed to a Native Community. Per the FY 2021 CDFI Program NOFA and the FY 2021 NACA Program NOFA, a Native Community is defined as Native American, Alaska Native, or Native Hawaiian populations or Native American areas defined as Federally-designated reservations, Hawaiian homelands, Alaska Native Villages and U.S. Census Bureau-designated Tribal Statistical Areas.
Bank Holding Companies	Only applies to Bank Holding Company Applicants who intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institutions.	The Applicant should enter the name and EIN of the Subsidiary CDFI Insured Depository Institution that will carry out the activities of the award. The Subsidiary entity EIN is not the same as the Bank Holding Company EIN. (Please note that for Bank Holding Company Applicants, the EIN in the Applicant's SF-424 and AMIS profile should still be that of the Applicant Bank Holding Company, not the EIN of the Subsidiary CDFI Insured Depository Institution.) The Applicant should also enter the mailing address, Regulator name, and Regulator ID # of the Subsidiary CDFI Insured Depository Institution. Note: View additional guidance below.

Subsection	Description	Notes/Guidance
Applicant Contact Details	Applicants designate Application Points of Contact.	The Application Point of Contact will receive all communications from the CDFI Fund regarding this Application and if successful, the associated award. The CDFI Fund recommends designating at least two Points of Contact.
Applicant Verification	Auto-populated fields regarding the Applicant's program eligibility.	<p>All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, you must return to your Organization Profile in AMIS to edit it.</p> <p>Note that for item 3, the Total Asset Size (\$) field is a "static" field that captures the value that was entered into the Total Asset Size field on your Organization Profile page at the time the Application was launched. It is used to validate that a CDFI-FA Applicant has correctly launched either a SECA or CORE Application, per the Total Asset Size thresholds published in Table 8 of the CDFI NOFA. Applicants are instructed to update the Total Asset Size prior to launching an Application in this guidance document in the section "Organization Profile". Some Applicants miss this step. However, as long as your change in Total Asset Size does not impact whether your organization is eligible to apply under SECA versus under CORE, it is not a problem that your previous Total Asset Size is displaying on the Application Verification page of the FA Application—no corrective action is needed. If the change would impact your eligibility in terms of SECA versus CORE, submit a Service Request via AMIS.</p> <p>Note for SECA-eligible Applicants: If your organization is eligible for CDFI-FA in the SECA category, but wishes to apply under the CORE category (that is, to request more than the SECA maximum of \$700,000), you must submit a Service Request via your AMIS account by the deadline in the NOFA of March 22, 2021, at 11:59pm.</p>
Applicant Verification (Confirm Regulator) – <i>Regulated Applicants Only</i>	Auto-populated fields regarding the Applicant's Regulator.	All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, you must return to your Organization Profile in AMIS to edit it.
Environmental Review Criteria	Questions regarding the CDFI Fund's environmental review requirements as set forth in 12 C.F.R. Part 1815 in order to assure compliance with those regulations and other	Review the Forms, Assurances, and Certifications Guidance for instructions and guidance on completing the Environmental Review Form.

Subsection	Description	Notes/Guidance
	requirements related to the environment.	
501(c)(4) Questionnaire	Only applicable to Applicants that have a Non-Profit-501(c)(4) designation from the IRS.	This questionnaire is necessary for the CDFI Fund to determine whether an Applicant with a 501(c)(4) designation from the IRS is eligible to receive an award from the CDFI Fund (see 2 U.S.C. 1601, et al.). A full list of instructions can be found in the Forms, Assurances, and Certifications Guidance for instructions on completing the 501(c)(4) Questionnaire as well as full question text.
Associated SF-424 Record	To attach the SF-424 Mandatory Form to the Application.	See “Grants.gov (SF-424 Mandatory Form) Instructions”
Community Partnership	Applicants indicate whether or not they are applying with a Community Partner, and, if so, the name of the Community Partner.	Applicants applying with a Community Partner must attach their Community Partnership Agreement in this subsection. Note: View additional guidance below.
Total Time to Complete Application (Estimate)	The total number of hours spent to complete the Application, including time spent gathering and compiling the information as well as entering it into AMIS.	Other activities that are carried out in the normal course of business and are only indirectly related to the completion of this Application (e.g., developing a business strategy or marketing plan, etc.) should not be included in this estimate. Applicants should complete this field once they are ready to submit their Application so the hours accurately reflect the time spent on the Application. This information helps the CDFI Fund understand the Application process and produce better guidance materials.

Additional Guidance on Bank Holding Companies: A Depository Institution Holding Company (DIHC) is defined as a Bank Holding Company or a Savings and Loan Holding Company. For the purposes of this application, any DIHC should consider themselves a Bank Holding Company and follow instructions for BHCs.

Additional Guidance on Community Partners:

*The following provides additional guidance on applying with a Community Partner. Applicants should review the eligibility criteria outlined in Table 8 of the applicable NOFA. Applying with a Community Partner is optional for FA Applicants. **Applicants will not receive any preference in the Application evaluation process if they are applying with a Community Partner.***

A **Community Partner** is a non-CDFI organization that provides loans, Equity Investments, or Development Services, and enters into a Community Partnership (defined below) with a CDFI Applicant. A Community Partner may include a Regulated Institution, a non-profit or for-profit organization, State or local government agency, a quasi-governmental entity, or an investment company authorized to operate pursuant to the Small Business Investment Act of 1958. A Community Partner may not apply for its own award under the FY 2021 CDFI Program and/or NACA Program funding rounds or apply as a Community Partner for more than one Application submitted under the FY 2021 CDFI Program and/or NACA Program funding rounds. However, a NACA Program

FA Applicant that also submits a CDFI Program Application can use the same Community Partner in each Application.

A **Community Partnership** is a formal arrangement, as evidenced by a written partnership agreement (e.g., Memorandum of Understanding), between an FA Applicant and non-CDFI Community Partner organization. The Community Partnership must be designed to accomplish one or more of the strategic goals discussed in the Business Strategy section of the FA Applicant's Application and be integral to the successful completion of the FA Applicant's strategic goal(s). The Community Partnership should be such that the FA Applicant's strategic goal(s) and ultimately, the selected FA Objectives, would not be achievable without the direct input and/or assistance of the Community Partner.

An FA Applicant that collaborates or coordinates with a non-CDFI organization to achieve the strategic goals detailed in the Application is **not** required to apply as a Community Partnership. Applicants that apply with a Community Partnership will be evaluated based on the same criteria as Applicants that apply without a Community Partnership. Applicants are advised to only apply as a Community Partnership if they believe that the partnership is integral to accomplishing their strategic goals and will enhance their Application.

If selected to receive a Base-FA award, the CDFI Recipient will be solely responsible for carrying out the activities described in its Application and complying with the terms and conditions of the Assistance Agreement. The Community Partner will not be a co-Recipient of the award. As such, the CDFI Recipient will be prohibited from using the Base-FA award to fund any activity carried out directly by the Community Partner or an Affiliate or Subsidiary thereof. Community Partners may not be compensated using the 15 percent of funds that may be used for direct administrative expenses, as these expenses must be incurred by the CDFI Applicant to directly support an FA eligible activity. Please see the applicable NOFA for definitions of FA eligible activities. In addition, a Community Partner may not be considered a Contractor for the purposes of receiving compensation for any Development Services it may provide to customers to achieve any FA Objectives.

Applying as a Community Partnership

Example 1: East Coast CDFI has a strategic goal of increasing its small business lending by X% over X number of years. East Coast CDFI has a partnership agreement in place with a local non-CDFI bank that will refer to the CDFI all small business loan candidates that do not meet the bank's criteria for approval. East Coast CDFI chooses to apply as a Community Partnership with the local bank as its Community Partner. East Coast CDFI will explain in its narrative how the referrals from the local bank Community Partner will ensure that its strategic goal of increasing small business lending is achieved.

Example 2: East Coast CDFI has a strategic goal to provide a new mortgage loan product. East Coast CDFI has a partnership agreement in place with a non-CDFI non-profit organization that will provide free homeownership counseling services to the CDFI's mortgage loan Applicants. East Coast CDFI chooses to apply as a Community Partnership with the non-profit organization as its Community Partner. East Coast CDFI will explain in its narrative how the homeownership counseling provided to potential borrowers and borrowers will support the growth of the new mortgage loan product.

The Financial Assistance Narratives section of this document contains additional guidance on how Applicants applying with a Community Partner should address the Community Partnership in the narrative questions of the Application.

4. Financial Assistance Request Details (Base-FA)

This section contains the following subsections:

Table 11 – Financial Assistance Request Details (Base-FA)

Subsection	Description	Notes/Guidance
Calculate Maximum Award Request	Calculates the Applicant's maximum possible Base-FA award request, taking into consideration the three-year, \$5 million funding cap for the CDFI and NACA Programs.	<p>As detailed in the applicable NOFA, the CDFI Fund is prohibited from obligating more than \$5 million in CDFI and NACA Program awards, in the aggregate, to any one organization and its Subsidiaries and Affiliates during any three-year period.</p> <p>This subsection contains a field that automatically calculates the total amount of FA and TA award funds received by your organization (excluding award funds received by Affiliates and Subsidiaries and excluding DF-FA and HFFI-FA awards) in the last two years (FY 2019 and FY 2020).</p> <p>Applicants must enter the total amount of FA and TA award funds received by your organization's Affiliates and Subsidiaries in the last two years (FY 2019 and FY 2020).</p> <p>This information is used to determine the Applicant's maximum Base-FA award request amount.</p>
Financial Assistance Request (Base-FA)	<p>The official request for Base-FA. Applicants enter both:</p> <ul style="list-style-type: none"> Base-FA Request Amount, and 	<p>Award amount requests must be in multiples of \$1,000. For example, Applicants can request \$572,000, but not \$572,316.</p> <p>AMIS will run a validation on the Base-FA Request Amount, after the Applicant completes its Application Financial Data (see next section). This validation will utilize the Applicant's "Total Portfolio Outstanding as of the most recent fiscal year end audit" and the Applicant's type (CORE, SECA, or NACA) to generate a maximum Award amount. See Table 8 of the NOFA and this year's AMIS Training Manual for CDFI Program and NACA Program: FA Applicants for calculations and more information.</p> <p>Note that the amount that the Applicant enters also becomes a value in Performance Goal and Measure (PG&M) 5-1, which states that the Applicant must spend 100% of their Base-FA Request Amount on eligible activities prior to the end of the Period of Performance.</p> <p>Please note that this PG&M 5-1 looks at the actual spending of the award money of a Base-FA Award, not the total volume of financial products closed that are measured in PG&Ms 1-1, 1-3, and 1-4.</p>

Subsection	Description	Notes/Guidance
	<ul style="list-style-type: none"> Base-FA First Payment Amount Request. 	<p>The anticipated first payment amount is the estimated amount of the requested Base-FA award that you expect to expend on eligible activities and eligible line(s) of business during the first 12 months of your Period of Performance.² The award announcement signifies the commencement of the Period of Performance. The first payment amount will determine the initial payment of Base-FA award funds for FA Award Recipients.</p> <p>Applicants should not include HFFI-FA, DF-FA, or PPC-FA awards in the Base-FA first payment amount. Applicants can apply for Supplemental FA awards of HFFI-FA, DF-FA, and/or PPC-FA by entering request amounts in the Supplemental FA Applications section of the Application. Please refer to the applicable NOFA for more information on minimum and maximum request amounts for each funding category.</p> <p>Note that the amount the Applicant enters is used to calculate a value for PG&M 5-1, which states that the Applicant must spend 90% of its Base-FA first payment amount on eligible activities by the end of the first year of the Period of Performance.</p> <p>Please note that this PG&M 5-1 looks at the actual spending of the award money of a Base-FA Award, <u>not total volume of financial products closed that are measured in PG&Ms 1-1, 1-3, and 1-4.</u></p>

5. Application Financial Data

This section contains the following subsections:

Table 12 – Application Financial Data

Subsection	Description	Notes/Guidance
Verify Financial Institution Type	Applicants verify their financial institution type.	Pre-populated field. If this information is not correct, you must edit or update the information directly on your Organization Profile page in AMIS before continuing with your Application.

² See the applicable NOFA for definitions of FA eligible activities and list of eligible lines of business.

Subsection	Description	Notes/Guidance
Financial Attachments (Unregulated Applicants Only)	Unregulated Applicants (loan funds, venture capital funds, and other non-Regulated Institutions) should attach the required attachments in the Application Financial Data section of the Application in AMIS.	<p>Required Attachments:</p> <p><i>Audited Financial Statements for the Applicant's Three Most Recent Historic Fiscal Years:</i> The financial statements should be for the CDFI Applicant itself. If the Applicant's financial statements are consolidated with other entities, then you must either (1) attach the unconsolidated versions, or (2) note within the attachment where in the financial statements the unconsolidated information is located.</p> <p><i>Current Year to Date – December 31, 2020 Unaudited (or Audited, if available) Financial Statements:</i> Applicants should provide current year to date unaudited financial statements as of December 31, 2020. Note: Applicants should provide current year to date audited financial statements if available.</p> <p><i>Management Letters for the Applicant's Most Recent Historic Fiscal Year:</i> The Management Letter is prepared by the Applicant's auditor and is a communication on internal control over financial reporting, compliance, and other matters. Please review the sample Management Letter in Appendix A. The Management Letter contains the auditor's findings regarding the Applicant's accounting policies and procedures, internal controls, and operating policies, including any material weaknesses, significant deficiencies, and other matters identified during auditing. The Management Letter may include suggestions for improving identified weaknesses and deficiencies and/or best practice suggestions for items that may not be considered to be weaknesses or deficiencies. The Management Letter may also include items that are not required to be disclosed in the annual audited financial statements. <u>The Management Letter is distinct from the auditor's Opinion Letter</u>, which is required by Generally Accepted Accounting Principles (GAAP). Management Letters are not required by GAAP, and are sometimes provided by the auditor as a separate letter from the Audited Financial Statement itself. Note: The Management Letter asked for here is NOT a letter from the Applicant to its auditor, nor is it an introductory letter from an auditor. If your organization is an Applicant that did not receive a separate Management Letter from your auditor regarding internal controls, policies, and procedures, as defined in the NOFA and clarified further here, you will have the opportunity to provide a Statement in Lieu of Management Letter within the AMIS Application.</p>

Subsection	Description	Notes/Guidance
Management Letter 3.2 & 3.3 (Unregulated Applicants Only; Conditionally Required)	Will display for Unregulated Applicants that select “3.1.c” in the previous subsection, <i>Financial Attachments</i> .	This subsection contains components needed to provide the “Statement in Lieu of Management Letter” within AMIS. —For Question 3.2, choose whether option 3.2.a or 3.2.b fits your organization. —For Question 3.3, choose whether your organization has no additional items to report (3.3.a) or does have additional items to report (3.3.b).
Management Letter 3.3.b (Unregulated Applicants Only; Conditionally Required)	Will display for Unregulated Applicants that select “3.3.b” in the previous subsection, <i>Management Letter 3.2 and 3.3</i> .	Add a new row for each issue to report, entering a name for the issue, selecting a type of issue from the drop-down menu, and writing narratives for both the description of the issue and the steps your CDFI is taking to address the concern.
Application Financial Data	Applicants will enter financial data for three most recent historic fiscal years, the current fiscal year, and three projected fiscal years. Applicants need to manually enter the numbers in the Application in AMIS.	Applicants should complete the Application Financial Data section prior to completing the FA Objectives sections. The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries. In the case of Bank Holding Company Applicants that intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institution , the Subsidiary CDFI Insured Depository Institution financial information should be used. Note: Additional guidance for this subsection, including fiscal-year specific financial information and important notes, is below. Applicants should also refer to the information in Appendix B: Application Financial Data Inputs for definitions and further guidance for completing the Application Financial Data section.
On-Balance Sheet Financial Products Closed in Designated Qualified Opportunity Zones	Applicants will provide data for the three most recent historic fiscal years, the current fiscal year, and three projected fiscal years, of on-balance sheet Financial Products projected to close in designated Qualified Opportunity Zones.	Please see the CDFI Fund’s website for more information on, and a list of, designated Qualified Opportunity Zones (https://www.cdfifund.gov/pages/opportunity-zones.aspx). The CDFI Fund will use this information to assist in the assessment of the Community Collaboration component of the Step 4: Policy Objective and Due Diligence Review.

Subsection	Description	Notes/Guidance
Eligible Market and/or Target Market 60 Percent Validation	Displays the percentage of the Applicant's on-balance sheet financial products closed in an Eligible Market and/or approved Target Market. (Please see the applicable NOFA for definition of Eligible Market.) These calculations are derived from the financial inputs entered in the Application Financial Data subsection.	<p>Applicants must maintain a minimum of 60 percent investment in their approved Target Market to maintain CDFI certification, annually.</p> <p>The calculation in this subsection, deployment to Eligible Market and/or Target Market, is used as a proxy in the Program Application. You must provide a detailed explanation if your CDFI does not deploy at least 60 percent of its financial products in an Eligible Market and/or approved Target Market in any of the seven years of financial data provided in the Application. The explanation should address why the percentage to Eligible Markets and/or approved Target Markets is less than 60 percent and how you intend to meet certification requirements.</p> <p>In this calculation/verification, financial products include three types of on-balance sheet products: loans closed, loan guarantees made, and equity investments closed.</p>
NACA Investment Activities (NACA Applicants Only)	NACA Applicants must enter on-balance sheet loans closed in Native Communities for the three historic fiscal years, current fiscal year, and three projected fiscal years of financial data.	For NACA Program Applicants only.
Financial Data Certification	Applicants must certify that the financial data provided in the Application Financial Data section is complete and accurate before proceeding to the next section of the Application.	Your financial inputs in the Application Financial Data section will impact calculations made in subsequent sections of the Application. Omitting or modifying any of this data later may impact these calculations.

Additional Guidance on Application Financial Data

*The following provides additional guidance on the Application Financial Data subsection. Applicants should also refer to **Appendix B: Application Financial Data Inputs** for definitions and further guidance for completing the Application Financial Data section.*

Required Financial Information

The following table can be used as a guide in determining the financial information that is required based on your CDFI's fiscal year end date.

Table 13 – Required Financial Information by Fiscal Year End

Fiscal Year End	Required Financial Information
<p>03/31 or 6/30 or 9/30 (with final FY 2020 Audited Information)</p>	<ul style="list-style-type: none"> FY2018, FY 2019, and FY 2020 audited financial information entered as historic years. Thus FY 2020 is the “most recent historic year”, also called Historic Year 1 in AMIS. FY 2021 financial information, as of December 31, 2020, entered as the current year. FY 2022, FY 2023, and FY 2024 financial information as projected years.
<p>9/30 (without final FY 2020 Audited Information) or 12/31 (with or without final FY 2020 Audited Information)</p>	<ul style="list-style-type: none"> FY 2017, FY 2018, and FY 2019 audited financial information entered as historic years. Thus FY 2019 is the “most recent historic year”, also called Historic Year 1 in AMIS. FY 2020 financial information, as of December 31, 2020, entered as the current year. FY 2021, FY 2022, and FY 2023 financial information as projected years.

Note about Current Year Financial Statements: If available, provide audited financial statements for your organization’s current year. If audited financial statements are not available for your current year, provide unaudited financial statements.

Note for Applicants without Three Years of Historic Financial Information: Applicants that do not have three full years of historical financial information should enter zero (0) for any field without data. Applicants will not be able to submit their Applications without the data fields for all seven years of Application Financial Data completed.

Note for Unregulated Applicants with Consolidated Financial Statements: Unregulated Applicants with consolidated statements should use the unconsolidated information of the Applicant that will expend and carry out the activities of the FA award when completing the Application Financial Data section. The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries.

Note for Regulated Applicants: Regulated Applicants should not use information from audited financial statements. Instead, Regulated Applicants should use information from their respective call reports to complete the historic year financial data records. See **Appendix B: Application Financial Data Inputs** for further guidance.

Note for Bank Holding Company Applicants: Bank Holding Company Applicants that *intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institution* should use the financial information of the Subsidiary CDFI Insured Depository Institution when completing the Application Financial Data section.

Note about On-Balance Sheet Loans: Loans that an Applicant may have originated, but then sold or participated out (i.e. "sold but serviced") are not to be counted in the "total on-balance sheet loans." Only the amount of the Applicant’s capital that is at risk is to be included in the On-Balance Sheet Loan entry.

Note about Loan Portfolio and Equity Investment Information in Eligible Market(s) and/or approved Target Market(s): The following guidance only applies to Loan portfolio and Equity Investment information in Eligible Market(s) and approved Target Market(s), specifically the following Application Financial Data input fields in AMIS (item numbers from **Appendix B: Application Financial Data Inputs** are included after each field for ease of reference): Total On-Balance Sheet Loan Portfolio in an Eligible Market and/or Target Market (23); On-Balance Sheet Loans Closed in Eligible Market and/or Target Market (27); On-Balance Sheet Loan Guarantees Made in an Eligible Market and/or Target Market (38); Total On-Balance Sheet Loan Guarantees Outstanding in an Eligible Market and/or Target Market (40); Total Equity Investments Portfolio in an Eligible Market and/or Target Market (47); and Total Equity Investments Closed in Eligible Market and/or Target Market (49):

- Applicants should only include the Applicant’s on-balance sheet activity and should only include FA eligible activities, as defined in the NOFA, in the above Application Financial Data input fields. For example, Applicants should not include Individual Development Accounts (IDAs).
- Further, Applicants should not include loan portfolio or investment activity intended for PPC-FA, DF-FA, and/or HFFI-FA Performance Goal and Measure (PG&M) requirements in the Assistance Agreement in any of the seven years of financial input data (i.e., historic, current, and projected fiscal years) in the above fields. These fields will be used to calculate FA Objective PG&Ms, and activity counted toward PPC-FA, DF-FA, and/or HFFI-FA PG&Ms cannot be counted toward FA Objective PG&Ms and vice versa. Applicants should keep in mind that the PG&M requirements for PPC-FA, HFFI-FA, and DF-FA are equivalent to their respective award sizes. Therefore, Applicants should only exclude the amount of their PPC-FA, HFFI-FA, and/or DF-FA award requests from the above fields.

Entering Loan Portfolio or Investment Activity Intended for PPC-FA in Application Financial Data

Example: Mountain Community CDFI projects it will close \$10 million in loans in on-balance sheet Eligible and/or Target Markets over the award period, of which \$5 million in loans occurs in PPCs. Mountain Community CDFI is requesting a \$300,000 PPC-FA award, so it will exclude \$300,000 from its Base-FA projections. Its total projections would be \$9.7 million for the financial data field “On-Balance Sheet Loans Closed in an Eligible and/or Target Market” (line 27 in Appendix B), under the “Loan Portfolio” header.

Please note that all other Application Financial Data input fields in the Loan Portfolio and Equity Portfolio groupings of the Application Financial Data inputs should reflect the Applicant’s entire Loan Portfolio and Equity Portfolio.

Note about On-Balance Sheet Financial Products Closed in PPCs: The Application Financial Data inputs asks for information related to on-balance sheet Financial Products (loans, Equity Investments, and loan guarantees) closed or projected to be closed in PPCs. For these fields, Applicants should only include on-balance sheet Financial Products in PPCs serving Eligible Market(s) and/or approved Target Market(s). This PPC information should be included within the Loan Portfolio and Equity Investment information in Eligible Market(s) and/or approved Target Market(s) above. However, Applicants should also include their PPC-FA requests in these PPC fields. These fields will not be used to calculate PPC-FA PG&Ms in the Assistance Agreement, but will be used by the CDFI Fund to assess historical and projected activity as a part of the PPC-FA Application evaluation.

Entering Loan Portfolio or Investment Activity in Application Financial Data: PPCs

Example: Continuing the above example of Mountain Community, its total projections closed in PPCs for this section would be \$5 million, which includes its \$300,000 PPC-FA award request. (Applicants do NOT need to subtract out their PPC-FA request here like they do above.) The \$5 million amount would be entered in the financial data field “On-Balance Sheet Loans Closed in PPCs Serving an Eligible Market and/or Target Market” (line 50 in Appendix B), under the “Persistent Poverty County Activities” header.

Note for Capital Magnet Fund (CMF) Recipients: CMF Recipients should include on-balance sheet CMF loans in their on-balance sheet loan information in the financial data inputs.

6. Current Financial Products

In this section, Applicants will identify the type of Financial Products they provided as of their most recent historic fiscal year by line of business.

The most recent historic fiscal year should be the same year as the most recent historic fiscal year in your financial data inputs in AMIS. This information helps the CDFI Fund understand the business model and types of access to credit/capital you are providing to the populations and communities your CDFI serves.

For each line of business, Applicants should provide a description of the Financial Products offered within that line of business and the amount of the portfolio outstanding in that line of business as of the most recent historic fiscal year. Applicants should provide this information about as many lines of business as applicable to their organization. **There should only be one entry for each line of business.**

Financial Product Lines of Business
<ul style="list-style-type: none">• Commercial Real Estate• Small Business• Microenterprise• Community Facilities• Consumer Financial Products• Affordable Housing• Intermediary Lending to Non-Profits and CDFIs• Other

When completing the *Current Financial Products* information, Applicants should only input **on-balance sheet activity in their approved Target Market(s) and/or Eligible Markets**. Applicants that do not track activity levels by Eligible Market should include information in their approved Target Market(s) only.

For the field *Current Financial Product Type*, Applicants should select the lines of business for the Financial Product being entered. Applicants can use the definitions in **Appendix C: Financial Assistance Glossary of Terms** for guidance on lines of business. The definitions apply to the FA Application only and should be used to assist Applicants in understanding the terms used within the Application.

Entering Current Financial Product Types by Lines of Business

Example: East Coast CDFI's total portfolio outstanding in Eligible Market(s) and its approved Target Market as of its most recent historic fiscal year is \$4,560,000. The portfolio is made up of the following: \$1,000,000 in first mortgage affordable housing loans, \$200,000 in second mortgage affordable housing loans, \$2,000,000 in loans to child care facilities, \$250,000 in loans to health care facilities, and \$1,110,000 in loans to small businesses.

When completing the *Current Financial Products* section of the Application, East Coast CDFI would enter information for three lines of business: Affordable Housing, Community Facilities, and Small Business. East Coast CDFI would enter \$1,200,000 under Affordable Housing (first and second mortgages), \$2,250,000 under Community Facilities (child care and health care), and \$1,110,000 under Small Business.

7. Current Development Services

In this section, if applicable, Applicants will identify the types of Development Services they provided as of their most recent historic fiscal year by type of Development Service.

The most recent historic fiscal year should be the same year as the most recent historic fiscal year in your financial data inputs in AMIS. **There should only be one entry for each type of Development Service.**

Development Services
<ul style="list-style-type: none">• Credit Counseling• Financial Education• Homeownership Counseling• Business Technical Assistance• Real Estate Technical Assistance• Other

This information helps the CDFI Fund understand each Applicant's business model and the technical assistance provided to improve access to credit and capital in the communities and populations you serve.

8. Key Personnel

In this section, Applicants will identify and discuss their key staff members, their board members, and any committees used by their CDFI.

If your CDFI has more than the maximum allowed key staff persons, board members, and/or committees, you should identify the key staff, board members, and committees that will be most critical to implementing your FA Objective(s) and strategic goals. This section contains the following three subsections:

Table 14 – Key Personnel

Subsection	Maximum # Allowed	Notes/Guidance
Key Staff	Up to ten (10) Key Staff.	For each key staff person, Applicants should describe the key staff person's capacity, skills, and experience as it relates to his or her role in implementing the Applicant's FA Objective(s) and strategic goals. Applicants must also attach key staff resumes in this section.
Board Members	Up to seven (7) Board Members.	For each board member, Applicants should describe the accountability of the board member to the CDFI's Target Market, the role of the board member, and the expertise that the board member provides to the CDFI.
Committees	Up to five (5) committees.	For each committee, Applicants should describe the committee's purpose and how it relates to the performance of the CDFI.

9. Compliance Evaluation Questions

This section contains questions that are used to calculate an Applicant's Total Compliance Composite Score.

The CDFI Fund will conduct a compliance risk evaluation for all Applicants in order to ensure that the Applicant does not have major internal management or compliance concerns. Please see **Appendix D: Compliance Evaluation Questions** for the specific questions and additional information.

10. Application Geographic Areas

In this section Applicants will identify the geographic areas they serve.

This information helps the CDFI Fund understand where your CDFI is putting its lending and equity capital to work. It will also be used in the Portfolio Statistics subsection within the Beneficiary Snapshot section as described below.

Applicants are asked to identify the Geographic Areas by state and/or U.S. territory and to provide the total dollar amount of **your total portfolio outstanding as of December 31, 2020** in the identified states and/or U.S. territories. If your CDFI serves multiple states or U.S. territories, a region, or individuals located across different

states, you should add a Geographic Area for each state and/or U.S. territory served. **Do not add more than one entry per state and/or U.S. territory.** Applicants are required to add at least **one** Geographic Area to their FA Application.

Entering Portfolio Data by State/Territory

Example: Midwest CDFI serves Low-Income families located in the St. Louis, Missouri metro area. Its portfolio outstanding as of 12/31/2019 is \$2,450,000 and consists mostly of borrowers in St. Louis, Missouri; however, about 28% of its lending is in East St. Louis, Illinois. Midwest CDFI creates two records, one for Missouri and one for Illinois. Midwest CDFI enters \$1,764,000 for the State of Missouri and \$686,000 for the State of Illinois as the portfolio outstanding as of 12/31/2019.

11. Beneficiary Snapshot

This section contains two subsections:

Table 15 – Beneficiary Snapshot

Subsection	Description	Notes/Guidance
Beneficiary Snapshot Entry	Applicants provide demographic information about the populations they serve.	Applicants will provide demographic information for clients and beneficiaries. This information helps the CDFI Fund understand the populations your CDFI is serving on a day-to-day basis and will be used to evaluate the level of distress in the areas where your CDFI is lending and/or investing. All information should be based on activities that occurred in your most recent historic fiscal year. The most recent historic fiscal year should be the same year as the most recent historic fiscal year in your financial data inputs in AMIS. Also see Note about Demographic Data below.
Portfolio Statistics	The Unemployment Rate, Median Family Income, and Poverty Rate fields in this subsection will automatically populate based upon information entered in the Application Geographic Areas. ³	The CDFI Fund acknowledges that calculating these statistics based on statewide data may not allow an Applicant to fully represent the extent of its interventions in highly distressed areas within a state and/or U.S. territory. For that reason, the CDFI Fund strongly encourages all Applicants to use Narrative Questions #2 and #3 in the FA Application to highlight the targeted work that they may be performing in distressed communities that have higher unemployment rates, lower median family incomes, and/or higher poverty rates than what may be indicated in statewide data.

³ A weighted average is calculated for the unemployment rate, median family income, and poverty rate based on the percentage of the Applicant's portfolio outstanding within each state and/or U.S. territory as of December 31, 2019. Unemployment, median family income, and poverty data from the 2012-2016 American Community Survey (ACS) 5-Year Estimates are used for the state calculations. Unemployment, median family income, and poverty data from the U.S. Census Bureau's 2010 Census are used for the U.S. territory calculations (including the Northern Mariana Islands, U.S. Virgin Islands, American Samoa, and Guam).

Note about Demographic Data: Income, racial/ethnic, and gender data may be estimated using proxies if actual figures are not available, or if due to regulatory reasons, your institution cannot collect certain data.

When providing client and beneficiary data, keep in mind that the “client” is the direct Recipient of your Financial Product, Financial Service, and/ or Development Services; and the “beneficiary” is the end user benefiting from the Financial Product, Financial Services or Development Service. Generally, any Target Market member, Low-Income person, or underserved person that benefits from a transaction can be counted as a beneficiary. Examples of beneficiaries include residents of affordable housing units and employees of small businesses that are either Low-Income, underserved, or meet Eligible Market criteria. Please refer to the examples below.

Applicants should use the following income ranges for entering income characteristics of beneficiaries:

Beneficiary Type	Income Range
Above Moderate Income	Above 120% of Area Median Income (AMI)
Moderate Income	Above 80% up to and including 120% of AMI
Low-Income	Above 50% up to and including 80% of AMI
Very Low-Income	Above 30% up to and including 50% of AMI
Extremely Low-Income	Up to and including 30% of AMI

Income Characteristics of Total Beneficiaries:

Cumulatively, these five types must total the number of beneficiaries you report.

Race/Ethnicity Characteristics of Total Beneficiaries:

Cumulatively, the seven race/ethnicity types listed in AMIS must total the number of beneficiaries you report. Any beneficiary whose race/ethnicity is not noted in the first six categories should be counted in the category “Other”.

Gender and Other Characteristics of Total Beneficiaries:

These four categories will NOT necessarily add up to the total beneficiaries you report, since they are not mutually exclusive. In other words, a beneficiary could have more than one of these characteristics and thus be included in multiple fields. You may use the “Other Characteristics” category and description to highlight any additional populations you wish to highlight (optional).

Determining Clients and Beneficiaries

Example 1: East Coast CDFI made a loan to a health care center and the health care center served 500 patients as a result of the loan. For this transaction, there is one client and 500 beneficiaries.

Example 2: East Coast CDFI provided credit counseling to 250 potential homeowners who were both the direct recipient and beneficiary of a Development Service. In this case, there are 250 clients and 250 beneficiaries (each of the clients is also a beneficiary).

Example 3: One of East Coast CDFI's borrowers has a second mortgage loan, a credit builder loan, and participated in a first-time homebuyer training. In this scenario, there are a total of three clients and three beneficiaries (two Financial Products and one Development Service).

Example 4: East Coast CDFI made a loan to a small business with 10 employees. Of the 10 employees, two are African-American, two are Hispanic, and two are White; they all have incomes that would qualify as Low-Income. The other four employees are White and have incomes that would not qualify as Low-Income. In total, six of the 10 employees can be considered end users qualifying as beneficiaries. In this scenario, there is one client and a total of six beneficiaries.

Example 5: East Coast CDFI has a relocation assistance loan available to refugees in its Target Market. Last year East Coast CDFI had 21 individuals access this Financial Product. In this example, East Coast CDFI might enter "Refugees" in *Other Characteristics Description* and enter "21" in the number of beneficiaries with this "Other" characteristic that it specified.

12. Financial Assistance Objectives

Introduction to FA Objectives

The first part of the FA application focused on your organization’s past capabilities and community information. In the FA Objectives section, you now turn to discussing the future: how, if you are selected to receive a Base-FA award, you will use that award to expand or diversify how your organization operates. The CDFI Program and NACA Program NOFAs state that:

Base-FA award funds may be expended for activities serving:

- Commercial Real Estate
- Small Business
- Microenterprise
- Community Facilities
- Consumer Financial Products
- Consumer Financial Services
- Affordable Housing
- Intermediary Lending to Non-Profits and CDFIs
- Other lines of business as deemed appropriate by the CDFI Fund

Base-FA awards may be expended in the following five categories:

- Financial Products
- Financial Services
- Loan Loss Reserves
- Development Services
- Capital Reserves

As you review your historical financial data in these activities and categories, you will start to plan how you would use a Base-FA Award to increase your organization’s impact. Financial Assistance Objectives, referred to as FA Objectives, are the goals your organization must meet if you receive a Base-FA Award.

You must select one or more of the following FA Objectives as part of your application. The FA Objective you select will shape how you will use your Base-FA award, and you will need to discuss how you plan to achieve your selected FA Objective in the *Financial Assistance Narratives* section of the application. While you are allowed to select more than one FA Objective, please note that **selecting multiple FA Objectives will not make your application more competitive**. Therefore, you should only select the FA Objective(s) that have achievable goals aligned with your business plan and strategic goals. FA Objectives will be evaluated as part of the Step 3: Business Plan Review and the Step 4: Policy Objective and Due Diligence Review.

There are seven different FA Objectives to choose from, as seen below.

Table 16 – FA Objectives

FA Objectives
1-1: Increase Volume of Financial Products
1-2: Increase Volume of Financial Services
1-3: New Geographic Area(s)
1-4: New Financial Product(s)
1-5: New Financial Service(s)
1-6: New Development Service(s)
1-7: Serve New Targeted Population(s)

FA Objectives in Practice

As you prepare your business plans, you'll want to consider whether your goal is to increase your current offerings, or begin something new. Below are some examples of how the different FA Objectives might apply to your organization.

Increasing Your Current Products and Services: FA Objectives 1-1 and 1-2

For example, **FA Objective 1-1** is "Increase the Volume of Financial Products". Perhaps your CDFI provides loans to small businesses, and you've determined that increasing your loan loss reserves would allow you to make more loans. Or maybe your CDFI originates first mortgage affordable housing loans to first-time homebuyers, demand has grown significantly, and you need an infusion of lending capital to make more loans. These examples show how a Base-FA Award could be used to leverage your current offerings and increase the volume of your CDFI's financial products.

Similarly, **FA Objective 1-2** is "Increase the Volume of Financial Services". (**Note:** this Objective only applies to Regulated financial institutions. Unregulated financial institutions may not select FA Objective 1-2.) For example, perhaps a credit union is looking to increase its membership, and aims to provide 5,000 more checking and savings accounts by marketing its services to low-income, underbanked individuals in its community. That credit union might want to select FA Objective 1-2 for its Application.

Expanding Your Products and Services: FA Objectives 1-3—1-7

Many CDFIs also decide to apply for a Base-FA Award to do something new, such as expanding to a new geographic area, providing a new product or service, or serving a new targeted population. If your CDFI's business goals and strategic plans sound more like the following examples, you'll want to explore these FA Objectives.

FA Objective 1-3 is "New Geographic Area(s)". Perhaps your CDFI's target market is a large county. As you've grown and word of your success has spread, you've received inquiries and applications from clients in the

neighboring county. After planning and evaluation, you decide to seek a Base-FA Award to intentionally expand into the new geographic area.

FA Objective 1-4 is “New Financial Product(s)”. Maybe your CDFI has been providing small business loans for several years, but you are seeing a new need for smaller loan amounts and want to start a microenterprise loan product. Or maybe your CDFI has historically provided first mortgages, but finds client demand is growing for loans to renovate and rehabilitate older housing stock, so you’d like to create a new product. Both of these examples would fit FA Objective 1-4.

Similarly, **FA Objective 1-5** is “New Financial Services”. (**Note:** this Objective only applies to Regulated financial institutions. Unregulated financial institutions may not select FA Objective 1-5.) This Objective might be used by a community bank that sees a need for a new type of checking account for its customers who have only ever had savings accounts, and is seeking a Base-FA award to jumpstart the creation of this new service.

FA Objective 1-6 is “New Development Services”. Your organization may wish to create a new type of homeownership and mortgage counseling program, which would be considered a new development service. Likewise, new business trainings would fall into this category.

Finally, **FA Objective 1-7** is “New Targeted Populations”. If your organization is not currently certified to serve qualifying populations, you might consider this FA Objective. The qualifying list is Low-Income Targeted Populations and the Other Targeted Populations (OTP) of African American, Hispanic, Native American, Native Hawaiian/Other Pacific Islander, and/or Alaska Native.

Applying for More than One FA Objective

Your CDFI’s goals and business plans may fall under multiple objectives. For example, launching a new financial product (FA Objective 1-4) is also likely to increase your volume of financial products (FA Objective 1-1). Or as part of expanding to serve a new geographic area (FA Objective 1-3), you also plan to offer your new clients a new development service (FA Objective 1-6). Again, **applicants that select more than one FA Objective are not considered more competitive**. If you receive an award, you will be held to Performance Goals and Measures for each FA Objective that you select. So consider carefully how you will describe your plans in the *Financial Assistance Narratives* section of the application, and select the FA Objective(s) that make most sense for you and reflect how you intend to measure your organization’s progress.

Each objective has additional metrics and considerations, discussed in more detail in their individual sections that follow.

Performance Goals and Measures

How will you know if you are achieving your objectives? Each FA Objective selected translates into a Performance Goal and Measure (PG&M). If you are selected for a Base-FA award, these PG&Ms will become part of your Assistance Agreement. Typically, the PG&M will be broken down for each of the three years of the compliance period for your award (known as the Period of Performance). PG&Ms are calculated based on the Application Financial Data that you provide.

An important concept for all PG&Ms is the “floor”, which is the minimum amount needed to achieve the FA Objective. Your floor(s) will be calculated based on your historical Financial Data and amounts received from any CDFI Base-FA awards in the last two fiscal year rounds.

Calculating the Floor for PG&M 1-1

Example: Harper Funds CDFI is applying for a Base-FA Award for the first time and wants to select “FA Objective 1-1: Increase Volume of Financial Products”. Their historic Financial Data shows:

<i>Financial Data Field</i>	<i>Historic Year 3</i>	<i>Historic Year 2</i>	<i>Historic Year 1</i>	<i>Total Historic</i>
Total On-Balance Sheet Financial Products Closed in Eligible Market and/or Target Market (\$)	\$5,000,000	\$6,000,000	\$7,000,000	\$18,000,000

Over the past three years, Harper Funds CDFI has closed \$18 million in “Total On-Balance Sheet Financial Products Closed in Eligible Market and/or Target Market”. They decide to apply for a \$1,000,000 Base-FA Award. Adding these two figures together gives a floor of \$19 million.

The reasoning: Harper Funds CDFI closed \$18 million in the financial products measured for this FA Objective over the last three years. So for the next three projected years, they should be able to close at least \$18 million by continuing to do what they do. If they receive a \$1 million award, they’d also be expected to expend at least another \$1 million. So as Harper Funds CDFI makes their financial projections for the next three years, any sum over \$19 million, their floor, would be considered an **increase** in volume, and therefore meet FA Objective 1-1.

Note: this is one example for illustrative purposes; floor calculations will differ based on the FA Objective selected and whether the Applicant received any Base-FA awards in the last two fiscal year rounds. **Appendix E** of this Guidance document will show the calculations for floors and other relevant items for all seven PG&Ms.

Completing the FA Objectives Section of the AMIS Application

Here is key information that you should keep in mind when selecting your FA Objective(s) and completing your Application:

- Projected activity includes projected Financial Products closed, projected Financial Services provided, and projected Development Services provided, during the three-year Period-of-Performance.
- For all FA Objectives except 1-7: Serve New Targeted Population(s), note that the projected activity **must be in Eligible Market(s) and/or the Applicant’s approved Target Market(s)**.
 - Applicants that don’t track activity in Eligible Markets should only enter activity in their approved Target Market(s).
 - Please keep in mind that your CDFI must continue to deploy at least 60 percent of total lending/ investments within your approved Target Market(s), annually, in order to maintain CDFI certification status. You should review certification requirements (available on the CDFI Fund’s website) for further information.

- You may be awarded **less than** your full requested Base-FA amount. You will be held to the same PG&Ms of projected activity in your Assistance Agreement whether you receive the full requested Base-FA award or a partial award. In other words, the CDFI Fund will not automatically conduct a pro rata reduction of the PG&Ms in your Assistance Agreement, if you receive less than the full Base-FA amount requested. Applicants should plan their projections accordingly.

PG&Ms Are Not Reduced for Awards Less Than the Requested Amount for Base-FA

Example: Western CDFI requests a \$1,000,000 Base-FA award and selects “FA Objective 1-1: Increase Volume of Financial Products”. It projects \$30 million in “Financial Products closed in an Eligible Market(s) and/or its approved Target Market” over the three-year Period of Performance. Western CDFI is selected to receive a \$500,000 Base-FA Award. The PG&Ms in the Assistance Agreement for Western CDFI will be based on the projected \$30 million in Financial Products closed over the Period of Performance, even though Western CDFI did not receive the full award it requested.

- Off-balance sheet activity cannot be used to meet your PG&Ms. Therefore, Applicants **should not include off-balance sheet** activity in their projected financial activity for the FA Objectives in the Application.
- If you select multiple FA Objectives, you will be required to meet the floors specified for each selected FA Objective, regardless of how many you select.
- Applicants can count the same projected Financial Product, Financial Services, and/or Development Services towards multiple Base-FA Objectives and PG&Ms, as applicable.
 - For example, if your CDFI selects both “1-3: New Geographic Area(s)” and “1-1: Increase Volume of Financial Products” as FA Objectives, and projects \$5 million in new lending activity in the New Geographic Area (1-3), you may also count the projected \$5 million of new lending toward your Increase Volume of Financial Products (1-1) FA Objective projections.
 - However, activity counted toward FA Objectives PG&Ms **cannot** count toward the supplemental PPC-FA PG&Ms, HFFI-FA PG&Ms, and/or DF-FA PG&Ms, and vice versa.
- As part of the evaluation process, the CDFI Fund will evaluate the reasonableness of the projected activity levels for each selected FA Objective, taking into consideration the size of the award request and business plan (as outlined in the narrative response), which could impact the size of the award amount.

Introduction to FA Objectives Section in AMIS Application

*This section contains two subsections. Please note that if the subsections are not visible in your Application, you haven't completed and validated the necessary fields in the preceding sections. **As detailed in this year's AMIS Training Manual for CDFI Program and NACA Program: FA Applicants and in the Application in AMIS, Applicants will need to complete and validate certain information in preceding sections prior to starting the FA Objectives sections.***

Table 17 – Introduction to FA Objectives

Subsection	Description	Notes/Guidance
Base-FA Request Amount Verification	Certify the Base-FA Request Amount, as inputted in the previous corresponding AMIS section, is complete and accurate.	Your data for the Base-FA Request Amount, Financial Data, and Beneficiary Snapshot will be used to validate the FA Objective(s) and to complete calculations based on the projected activity in the FA Objective(s). Because the following sections rely on data you have already entered in the Application, it is important that you complete all preceding sections before you start the individual FA Objective sections.
FA Financial Data Verification	Certify the financial data, as inputted in the previous corresponding AMIS section, is complete and accurate.	

In the following Application sections labeled for each FA Objective, Applicants should indicate whether or not your CDFI is selecting the FA Objective. For each FA Objective you select, you will be asked to provide additional information or review previously entered information in the Application, as applicable.

Applicants must complete the corresponding narrative question for each FA Objective selected in the *Financial Assistance Narratives* section of the Application. Applicants that do not complete the corresponding narrative question for their selected FA Objective(s) may have their award size reduced or may be removed from award consideration as part of the due diligence review.

Note: For each FA Objective you select, sample PG&Ms will display to illustrate how the projected activity for the selected FA Objective(s) will translate into PG&Ms in your Assistance Agreement. The PG&Ms presented in the Application are for illustrative purposes only. The Assistance Agreements will have the final PG&Ms and all related terms and conditions.

FA Objective 1-1: Increase Volume of Financial Products

Please note that if the below subsections are not visible in your Application, you have not completed one or more required fields.

Applicants that select this FA Objective must provide a narrative response to Question 4d, Increase Volume of Activities, in the Financial Assistance Narratives section of the Application. **Applicants that select this FA Objective and do not complete the corresponding narrative question may have their award size reduced or may be removed from award consideration as part of the Due Diligence review.**

Calculations appear on-screen in the AMIS Application. See also **Appendix E** for the formulas used in subsections.

Subsection	Description	Notes/Guidance
FA Objective Selection	<p>Choose Yes/No, regarding selecting FA Objective 1-1: Increase Volume of Financial Products.</p> <p><i>Note: If you select No, the remaining subsections in this table do not apply, and will remain hidden. Proceed to the next FA Objective.</i></p> <p>IF YES: Choose Yes/No, regarding whether you received an FA Award in the last two years with FAO 1-1 selected.</p>	<p>Applicants can select this FA Objective (FAO) if they plan on increasing the total amount of Financial Products closed over the three-year Period of Performance.</p> <p>To select this objective, the Applicant must meet the related floor(s), showing that their planned financial activities are truly an increase. The following subsections go through those calculations.</p> <p>If the Applicant received a Base-FA Award in the last two years in which they had also selected FAO 1-1 to increase volume, an additional floor calculation applies.</p>
Calculate Total Financial Products Closed in Eligible/Target Market	<p>Data is displayed and calculated based on your inputs to the “Application Financial Data” section.</p>	<p>Note: If you want to make edits to any of the financial data displayed in these calculations, you must return to the “Application Financial Data” section, make edits there, and afterward, re-validate your data.</p>

Subsection	Description	Notes/Guidance
<p>Past FA Award and New Net Increase Validation (Floor 2)</p> <p>Conditionally Required - may not be visible to all Applicants</p>	<p>Data is displayed and calculated to determine if you meet Floor 2 – that you have a “New Net Increase of Financial Products”.</p>	<p>This subsection applies if you received a Base-FA Award in either or both of the last two years and selected FAO 1-1 to “Increase Volume of Financial Products”. For those Awards, you already have an Assistance Agreement in place with Program Goals and Measures (PG&Ms) on increasing volume. Some of those years overlap with the Period of Performance of this application. To meet the intent of this objective, increasing volume, your proposed financial activity must exceed the amount you are already held to. In other words, you must have a positive number for your New Net Increase.</p> <p>If you do not pass this validation, you may not proceed with FAO 1-1. You must revise your projections in the Application Financial Data sections, or choose a new FA Objective. See Appendix F for a sample calculation.</p>
<p>Verify Increase in Volume of Financial Products (Floor 1)</p>	<p>Data is displayed and calculated to determine if you meet Floor 1 – that you have an “Increase in Volume”.</p>	<p>This subsection verifies that your proposed activities meet the intent of the objective, namely an increase in volume.</p> <p>The floor is the minimum amount of financial products you’d be expected to close. AMIS sums the financial product activity from your three historic years to get a “Historic Total Activity”. You’d be expected to close at least that much over the three projected years, plus the amount of the Base-FA Award you’re requesting.</p> <p>If the calculated “Increase in Volume” is a negative number, you may still proceed with FAO 1-1, but you must provide a detailed justification below.</p>

Subsection	Description	Notes/Guidance
<p>No Net Increase in Volume of Financial Products Justification</p> <p>Conditionally Required - may not be visible to all Applicants</p>	<p>Written narrative. If the calculated “Increase in Volume” is a negative number, but you believe that your CDFI can justify that it meets the intent of this FA Objective, then write your explanation here.</p> <p>Please note that the CDFI Fund will analyze the justification to ensure it complies with internal policies and reserves the right to find the Applicant ineligible for this FA Objective, which could impact the award recommendation.</p>	<p>Two broad scenarios may apply:</p> <p>1) If the calculated “Increase in Volume” is a negative number, but you believe that your CDFI has experienced net portfolio growth that indicates an increase in volume that may not be reflective of your annual activity, you may provide a detailed explanation (e.g., an organization closing a smaller number of longer-term loans that increases the total portfolio outstanding over the three-year historic period). You should provide a sufficient level of fact-based detail, data, and information to demonstrate what constitutes a net portfolio growth increase in volume.</p> <p>2) You may provide a “No Net Increase” justification, in order to be considered for FA Objective 1-1, by demonstrating that your organization’s annual lending activity or portfolio growth would show the required increase if not for:</p> <ul style="list-style-type: none"> • Outlier activity (for example, receipt of a large, one-time grant that facilitated historic activity levels that are not sustainable over time); • Change in organizational strategy (for example, historic activity reflected an aggressive growth strategy of a previous management team, that a new management team determined was unsustainable and, accordingly, reset the organization’s growth goals); or • Impacts of COVID-19 (such as charge-offs, modifications, demand, operational changes, branch closures, etc.). Please also see Appendix G for additional discussion on COVID-19. <p>For either scenario, you should provide a sufficient level of fact-based detail, data, and information to demonstrate why your organization’s projections should be considered a net increase in volume. You should provide data about the specific communities you serve (using targeted, local data wherever possible), your organization’s historic financial products, and demand for future financial products, while explaining how any strategy changes meet community needs. As you discuss your organization’s levels of activity and historic data in the context of “No Net Increase”, you should explain your organization’s assumptions and methodology, and include data to support the explanation.</p> <p>Please note that inadequate justifications will jeopardize an Applicant’s ability to receive an FA Award.</p>

PG&M Calculations	Calculated values, not editable, displayed for your information and review.	For each FA Objective you select, sample PG&Ms will display to illustrate how the projected activity for the selected FA Objective(s) will translate into PG&Ms in your Assistance Agreement. The PG&Ms presented in the Application are for illustrative purposes only. The Assistance Agreements will have the final PG&Ms and all related terms and conditions.

FA Objective 1-2: Increase Volume of Financial Services

Per the definition of Financial Services in the NOFA, only regulated Applicants are eligible to select this FA Objective.

Please note that if the below subsections are not visible in your Application, you have not completed one or more required fields.

*Applicants that select this FA Objective must provide a narrative response to Question 4d, Increase Volume of Activities, in the Financial Assistance Narratives section of the Application. **Applicants that select this FA Objective and do not complete the corresponding narrative question may have their award size reduced or may be removed from award consideration as part of the Due Diligence review.***

*Calculations appear on-screen in the AMIS Application. See also **Appendix E** for the formulas used in subsections.*

FA Objective 1-3: New Geographic Area(s)

Please note that if the below subsections are not visible in your Application, you have not completed one or more required fields.

Applicants that select this FA Objective must provide a narrative response to Question 4a, *Expand into New Geographic Area(s)*, in the Financial Assistance Narratives section of the Application. **Applicants that select this FA Objective and do not complete the corresponding narrative question may have their award size reduced or may be removed from award consideration as part of the Due Diligence review.**

Calculations appear on-screen in the AMIS Application. See also **Appendix E** for the formulas used in subsections.

Table 20 – FA Objective 1-3: New Geographic Area(s)

Subsection	Description	Notes/Guidance
FA Objective Selection	Choose Yes/No, regarding selecting FA Objective 1-3: New Geographic Area(s). <i>Note: If you select No, the remaining subsections in this table do not apply, and will remain hidden. Proceed to the next FA Objective.</i>	Applicants can select this FA Objective (FAO) if they plan on serving one or more New Geographic Areas over the three-year Period of Performance. A New Geographic Area is an area that accounts for 5% or less of your total portfolio outstanding averaged over the three most recent historical fiscal years, as detailed below. If you received a Base-FA Award in either or both of the last two years and selected FAO 1-3 for “New Geographic Area(s)”, you cannot propose the same New Geographic Area(s) listed in those existing awards. You may select this FAO if your proposed New Geographic Area(s) is different than your areas from prior awards.
Calculate Total Portfolio Outstanding (Three-Year Historic Average Activity)	Data is displayed and calculated based on your inputs to the “Application Financial Data” section.	Note: If you want to make edits to any of the financial data displayed in these calculations, you must return to the “Application Financial Data” section, make edits there, and afterward, re-validate your data.

You must revise your projections or choose a new FA Objective.</p>

Subsection	Description	Notes/Guidance
PG&M Calculations	Calculated values, not editable, displayed for your information and review.	For each FA Objective you select, sample PG&Ms will display to illustrate how the projected activity for the selected FA Objective(s) will translate into PG&Ms in your Assistance Agreement. The PG&Ms presented in the Application are for illustrative purposes only. The Assistance Agreements will have the final PG&Ms and all related terms and conditions.

Additional Guidance on New Geographic Areas:

- As noted above, Applicants cannot select a smaller unit of geography than a county. However, if an Applicant wants to serve a smaller unit of geography as its New Geographic Area (for example, a city or cluster of census tracts), it can select the county that contains the New Geographic Area as long as the county represents 5% or less of its Three-Year Historic Average Activity.
- The Eligible Market(s) in the New Geographic Area(s) are based on either (i) a geographic area meeting the requirements set forth in 12 C.F.R. § 1805.201(b)(3)(ii); or (ii) individuals that are Low-Income, African American, Hispanic, Native American, Native Hawaiians residing in Hawaii, Alaska Natives residing in Alaska, or Other Pacific Islanders residing in American Samoa, Guam or the Northern Mariana Islands. In other words, if the New Geographic Area(s) you select does not meet required distress criteria (for example, unemployment, poverty, or median family income), you can still meet the Eligible Market criteria by serving qualified individuals (for example, Low-Income persons or the Other Targeted Populations specified above) within that New Geographic Area.
- For Applicants that select FA Objective 1-3: New Geographic Area(s), adding a “New Geographic Area(s)” may or may not necessarily impact or change your CDFI’s certified Target Market status. Applicants should review the CDFI Fund’s certification and compliance requirements (available on the CDFI Fund’s website) to understand how an expansion into a “New Geographic Area” may impact your CDFI’s certification status. Since modification to an Applicant’s Approved Target Market(s) upon expansion in the new area will be determined on a case-by-case basis for each Applicant, Applicants are responsible for determining if modification to your Approved Target Market(s) is needed upon expansion into the “New Geographic Area(s)”. Please keep in mind that your CDFI must continue to deploy at least 60 percent of total lending/ investments within your approved Target Market(s) in order to maintain CDFI certification status.

FA Objective 1-4: New Financial Product(s)

Please note that if the below subsections are not visible in your Application, you have not completed one or more required fields.

Applicants that select this FA Objective must provide a narrative response to Question 4c, Provide New Product or Service, in the Financial Assistance Narratives section of the Application. **Applicants that select this FA Objective and do not complete the corresponding narrative question may have their award size reduced or may be removed from award consideration as part of the Due Diligence review.**

Although these numbers are not included within the PG&Ms in the Assistance Agreement, the CDFI Fund will evaluate the reasonableness of the projected activity levels to the New Targeted Population(s). This information will be taken into consideration given the size of the Base-FA award request and in context of the Applicant's business plan (as outlined in the narrative response), and could impact the size of the Base-FA award amount.
PG&M Calculations	Calculated values, not editable, displayed for your information and review.	<p>If you are selected to receive an award, your CDFI must submit a Service Request through your AMIS account to modify your CDFI's approved Target Market to include at least one of the New Targeted Populations selected in the Application by the end of Year 2 of the Period of Performance. Your CDFI must also have at least one of the Targeted Population(s) selected in the Application added to your approved Target Market by the end of Year 3 of the Period of Performance.</p> <p>For each FA Objective you select, sample PG&Ms will display to illustrate how the projected activity for the selected FA Objective(s) will translate into PG&Ms in your Assistance Agreement. The PG&Ms presented in the Application are for illustrative purposes only. The Assistance Agreements will have the final PG&Ms and all related terms and conditions.</p>

13. Financial Assistance Narratives (Base-FA Application)

In this section of the Application, Applicants will provide responses to questions that require narrative responses for the Base-FA Application.

In many instances, your narrative responses will be used to describe or expand further on data and information already entered into the Application.

Narrative Responses in Context of Evaluation Process

Application reviewers use Application information, including the narrative responses, to assess and score Base-FA Applications for the Step 3: Business Plan Review and the Step 4: Policy Objective and Due Diligence Review parts of the evaluation process. Please see this year's **Financial Assistance Application Evaluation Process** guidance document for more detailed information on the evaluation process.

Applicants Applying as a Community Partnership

Applicants applying as a Community Partnership must explain how the CDFI Applicant, in conjunction with their non-CDFI Community Partner, will accomplish their strategic goals. Per the CDFI Fund's statute, the Applicant's narrative responses must address: (i) how the CDFI Applicant and its Community Partner will participate in carrying out the Community Partnership, (ii) how the Community Partnership will enhance activities serving the Investment Area and/or Targeted Population; and (iii) how the Community Partnership activities are consistent with the strategic goals submitted in the Application.

The Applicant's responses to the narrative questions that are marked "**Yes**" below for "Must Include Community Partnership?" will be evaluated on the strength and merit of **both the CDFI Applicant and the Community Partner**. Therefore, it is important that the roles of both parties are thoroughly discussed in the responses to these questions. All other narrative responses should be based on the CDFI Applicant only.

Base-FA Application Narrative Questions

Executive Summary (Questions 1-3) <i>Your responses to questions in the Executive Summary are intended to help the CDFI Fund better understand your CDFI. Although the Executive Summary will not be scored by reviewers, information provided in the Executive Summary will be referenced during the Step 3: Business Plan Review and Step 4: Policy Objective and Due Diligence Review of the evaluation process.</i>			
1. Provide the board-approved mission statement of your CDFI.	500 character limit	<ul style="list-style-type: none"> If your board-approved mission statement is longer than the allowed character limit please provide an abbreviated version that captures the essence and important parts of the mission statement. 	
2. Expand upon the demographic information you provided in the Beneficiary Snapshot and Portfolio Statistics regarding the population your CDFI serves, to illustrate the extent of economic distress in these communities. National benchmarks include: <ul style="list-style-type: none"> Unemployment Rate: 6.7% as of December 31, 2020 (source: BLS, https://www.bls.gov/) Poverty Rate: 10.5% as of December 31, 2019 (source: US Census, https://www.census.gov) https://www.census.gov/library/publications/2020/demo/p60-270.html Median Income level: \$68,703 as of December 31, 2019 (source: US Census, https://www.census.gov) https://www.census.gov/library/publications/2020/demo/p60-270.html. 	3,250 character limit	<ul style="list-style-type: none"> Use this narrative question to describe the economic distress of the communities your CDFI serves. Regulated entities may use proxy data if regulatory constraints prevent you from collecting this data. Applicants can also use this question to clarify and expand on data provided in the <i>Beneficiary Snapshot</i> and <i>Portfolio Statistics</i> subsections. You may wish to discuss any impacts to your communities resulting from changed economic conditions related to COVID-19. See Appendix G for additional discussion. <p><i>(Notes/Guidance for Question 2 continued on next page)</i></p>

2. Continued		<ul style="list-style-type: none"> As noted earlier, the CDFI Fund strongly encourages all Applicants to use this narrative question to highlight the targeted work that you may be performing in distressed communities that have higher unemployment rates, lower median family incomes, and/or higher poverty rates than that indicated in statewide data provided in the <i>Portfolio Statistics</i> subsection. Using specific, local data on your communities and beneficiaries will allow you to demonstrate economic distress most effectively. You should address all of the communities and beneficiaries in Eligible Market(s) and approved Target Market(s) that you serve when responding to this question. Applicants can provide specific information or examples for illustrative purposes, but the CDFI Fund would like an understanding of the communities and beneficiaries served by the Applicant's entire portfolio rather than communities or beneficiaries served in one particular line of business. You should discuss your investments, lending, and development services in high poverty areas* to illustrate the extent of economic distress in the communities you serve. The link below provides a list of all high poverty areas that you can use to directly link your investments, lending, and development services activity to, in your response to this question. Applicants can access the data on the "Step 2: Apply" webpage or by clicking here. <p>* For the purpose of this question, the FY 2021 CDFI-FA Congressional Appropriations language defines "high poverty areas" as: "Any census tract with a poverty rate of at least 20 percent as measured by the 2011–2015 5-year data series available from the American Community Survey of the Bureau of the Census for all States and Puerto Rico, or with a poverty rate of at least 20 percent as measured by the 2010 Island Areas Decennial Census data for any other territory or possession of the United States."</p>

3. Provide quantitative data about the types of interventions needed to address and improve the levels of economic distress of the communities your CDFI serves, using the information in the Beneficiary Snapshot, Portfolio Statistics, Narrative Question 2, and supplemental statistical data.	3,250 character limit	<ul style="list-style-type: none"> Use this narrative question to discuss the types of interventions needed to address and improve the levels of economic distress in the communities and populations your organization serves. Your organization should make direct correlations between the characteristics of the populations and communities you serve (referencing the <i>Beneficiary Snapshot</i> and <i>Portfolio Statistics</i> sections; the information provided in response to narrative Question 2; and other supplemental statistical data or information) and your identification of the major challenges and needs of the communities and populations you serve. This section can also be used to clarify and supplement any information provided in the <i>Beneficiary Snapshot</i> section. 	
Business Strategy (Questions 4-8) <i>The responses to the narrative questions in the Business Strategy section will help the CDFI Fund assess whether the Applicant's comprehensive business plan is sound and achievable. Your responses to the following questions are also intended to help the CDFI Fund better understand how your CDFI will use a Base-FA award to accomplish your selected FA Objective(s) and your CDFI's strategic goals.</i>			
4. Broadly, how will your CDFI use a Base-FA award to achieve one or more Financial Assistance (FA) Objectives? Please note that selecting multiple FA Objectives will not make your Application more competitive.	3,250 character limit	<ul style="list-style-type: none"> Applicants should provide clear information regarding the specific FA Objective(s) selected and use of the Base-FA award to achieve the selected FA Objective(s). You should demonstrate that proposed growth goals and FA objectives are feasible and achievable. In explaining projected growth, you may wish to discuss any impacts resulting from changed economic conditions related to COVID-19. See Appendix G for additional discussion. 	

14. Supplemental FA Applications

The following awards are provided as a supplement to the Base-FA award: Persistent Poverty Counties-Financial Assistance (PPC-FA), Disability Funds-Financial Assistance (DF-FA), and Healthy Food Financing Initiative-Financial Assistance (HFFI-FA). Guidance for each Supplemental FA Award is provided in the following sections.

Please Note: Applications for PPC-FA, DF-FA, and HFFI-FA (collectively, Supplemental FA) awards will be evaluated independently from the Base-FA Application, and **will not affect** the Base-FA Application evaluation or Base-FA award amount.

Applicants can apply for Supplemental FA awards by entering their requested amounts and completing the required information in each of the subsections of the Application.

Note: Applicants that do not wish to apply for a particular Supplemental FA Award should enter \$0 in each applicable section.

An Authorized Representative must sign each Supplemental FA Award Application they submit by checking the box located in the *Supplemental FA Application* section. The Authorized Representative must be logged in to AMIS to complete this action. The attestation language is displayed to inform the Authorized Representative what he or she is attesting to by signing the Supplemental FA Application. **Please read this attestation before signing the Application.**

Applicants must ensure that the Authorized Representative is an employee or officer of the Applicant and is authorized to sign legal documents on behalf of the organization and bind the organization accordingly. **Consultants working on behalf of the organization cannot be designated as Authorized Representatives and may not sign the Application.**

Persistent Poverty County-Financial Assistance Award Supplemental Application

Persistent Poverty County-Financial Assistance (PPC-FA) awards are provided as a supplement to CDFI Program and NACA Program Base-FA awards. Only those Applicants selected to receive a Base-FA award will be eligible to receive a PPC-FA award. Applicants should review the PPC-FA requirements described in the CDFI Program and NACA Program NOFAs. Applicants that wish to proceed with applying for PPC-FA funding should review and follow the steps below.

PPC-FA award funds can be used for any of the eligible FA activities as specified in the FY 2021 CDFI Program NOFA or NACA Program NOFA. In addition, Award Recipients are required to deploy 100 percent of the PPC-FA award amount or equivalent funds in Financial Products by the end of the Period of Performance into PPCs. Therefore, Applicants are urged to request only an amount that can reasonably be deployed by your organization during the three-year Period of Performance of the award.

PPCs do not need to be located in the Recipient's approved Target Market, but must be in an Eligible Market (see Note under Table 3 in the CDFI Program or NACA Program NOFA for the definition of Eligible Market).

STEP 1: PPC Location and Past Support of PPCs

Applicants should first identify which PPC(s) your organization currently serves and/or proposes to serve and then evaluate the extent to which you expect to continue/start to lend and invest in those counties. PPC(s) are defined as any county, including county equivalent areas in Puerto Rico, that has had more than 20% or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial census and the 2011-2015 year data series available from the American Community Survey of the Bureau of the Census or any other territory of possession of the United States that has had 20% or more of its population living in poverty over the past 30 years, as measured by the 1990, 2000, and 2010 Island Areas Decennial Censuses.

Identify PPC Location(s)

Follow the below steps to access the list of counties that meet the criteria for "Persistent Poverty":

- 1) Go to the [CDFI Fund's website](#);
- 2) Click on "Programs and Training" (at the top of the page);
- 3) Under "Programs" click on "CDFI Program" or "Native Initiatives" as appropriate;
- 4) Scroll to the "How to Apply" section and click "Step 2: Apply"; and
- 5) Under "Financial Assistance Application Materials," select "Persistent Poverty Counties (PPCs) (2011-2015 ACS and Island Areas Decennial Census)" or click on embedded link.

Evaluate Support of PPCs

Review the PPC list and determine your organization's current level of FA Financial Products in those PPCs. Consider if your organization will continue providing FA Financial Products to those PPCs or additional PPCs. FA Financial Products can be made in PPCs located in your organization's CDFI certified Target Market or outside your organization's current CDFI Certified Target Market, but it must be in an Eligible Market.

Note for Past FA Award Recipients: FA Award Recipients (including Base-FA, PPC-FA, DF-FA, and HFFI-FA award Recipients) are required to submit the Transaction Level Report (TLR) as one component of their award reporting requirements. Applicants may use past TLR submissions to determine your organization's past FA Financial Products deployment in PPCs.

STEP 2: Applying for PPC-FA

There are several parts of the FA Application where a PPC-FA applicant needs to enter supplemental information.

1. Applicants should enter the total amount of requested PPC-FA in the *Supplemental FA Applications* section in the FA Application in AMIS. **Applicants that do not include a PPC-FA award request amount will not be eligible to apply for a PPC-FA award.** PPC-FA request amounts are included in the three-year, \$5 million funding cap calculation. The minimum PPC-FA funding request is \$100,000 and the maximum PPC-FA funding request is \$300,000.

Applicants must also complete the PPC-FA first payment amount, or the estimated amount of the requested PPC-FA award that you expect to expend on eligible activities and eligible line(s) of business during the first 12 months of your Period of Performance.

2. PPC-FA Applicants must provide PPC-specific financial data in the *Application Financial Data* section of the FA Application in order to demonstrate historical deployment of Financial Products in PPC.
3. PPC-FA Applicants must discuss PPC-FA in the *Supplemental FA Applications* section of the Application. Specifically, in the *PPC-FA Award* subsection, PPC-FA Applicants should describe the CDFI's ability to deploy the requested PPC-FA award amount into an Eligible Market(s) in PPCs. Applicants should discuss their pipeline and track record of closing financial products in PPCs in quantitative terms. The information provided in this question, in conjunction with the PPC financial data entered in the Application Financial Data section, should present a holistic picture of the Applicant's PPC track record and ability to deploy its PPC-FA award request in PPCs.

STEP 3: PPC-FA Matching Funds Requirement

The applicability of the matching funds requirement for PPC-FA awards is based on the Applicant's funding category designation as Core or SECA and whether an Applicant is considered a Native American CDFI⁴.

Core FA Applicants (applicable to CDFI Program only): Core FA Applicants, with the exception of Native American CDFIs, are required to submit matching funds documentation that meet the requirements outlined in the NOFA and Matching Funds Guidance for their requested PPC-FA awards. These Applicants must provide documentation at the time of Application submission (as specified in the NOFA and Matching Funds Guidance) indicating that they have In-Hand and/or Committed matching funds in an amount that is at least 50 percent of

⁴ A Native American CDFI (Native CDFI) is one that Primarily Serves a Native Community. Primarily Serves is defined as 50% or more of an Applicant's activities being directed to a Native Community. Per the FY 2021 CDFI Program NOFA and the FY 2021 NACA Program NOFA, a Native Community is defined as Native American, Alaska Native, or Native Hawaiian populations or Native American areas defined as Federally-designated reservations, Hawaiian homelands, Alaska Native Villages and U.S. Census Bureau-designated Tribal Statistical Areas.

their total Base-FA, PPC-FA, and DF-FA award request, as applicable. Core FA Applicants, with the exception of Native American CDFIs, must complete the Matching Funds section in the FA Application in AMIS demonstrating that they have sufficient matching funds for all FA requests including Base-FA, PPC-FA, and DF-FA.

SECA FA Applicants (CDFI Program only) and Native American CDFIs (CDFI Program and NACA Program): the matching funds requirement for SECA FA Applicants was waived in this year's appropriations bill and was permanently waived for Native American CDFIs in the Indian Community Economic Enhancement Act of 2020. As a result, SECA FA and Native American CDFI Applicants are not required to submit matching funds information for Base-FA, PPC-FA, and/or DF-FA award requests at the time of Application submission. Additionally, note that the matching funds requirement for all HFFI-FA Applicants was waived for this funding round. HFFI-FA Applicants are not required to submit matching funds information for HFFI-FA award requests at the time of Application submission.

STEP 4: PPC-FA Request Review and Award Size

The CDFI Fund will review the PPC-FA request and determine award sizes based on the below methodology.

PPC-FA Request Review

If your Base-FA Application advances to Step 4 of the CDFI Fund's Application review process, the CDFI Fund will review your PPC-FA award request. PPC-FA award requests are not scored. However, the CDFI Fund will review the deployment track record in PPCs as part of the Step 4 due diligence review, including the narrative response, TLR data for previous awardees, and PPC-specific financial data fields. Award sizes may be adjusted as a result of the PPC deployment analysis.

PPC-FA Award Size

Per the NOFA, the CDFI Fund estimates that the average PPC-FA award size will be \$175,000.

- The PPC-FA award size may be more or less than the estimated \$175,000 depending upon Applicant demand, due diligence review findings, and funding availability.
- The PPC-FA award size will not exceed the amount requested by the Applicant.
- PPC-FA and Base-FA awards are subject to the \$5 million award cap to any one organization and its Subsidiaries and Affiliates during any three-year period.

STEP 5: Post Award Requirements

If awarded, PPC-FA Recipients will be required to meet minimum deployment goals and reporting requirements as specified in the Assistance Agreement.

PPC-FA Performance Goal and Measure (PG&M)

The PPC-FA PG&M will require Recipients to deploy the PPC-FA award or an equivalent amount in Financial Products in Eligible Market(s) in PPCs by the end of the Period of Performance of the FA award (exclusive of Base-FA, DF-FA, and/or HFFI-FA). Amounts reported for the PPC-FA PG&M may not be reported under the Base-FA Objectives PG&M(s), DF-FA PG&M, or HFFI-FA PG&Ms.

You will be able to preview a sample PG&M in the AMIS Application. The PG&Ms presented in the Application are for illustrative purposes only. The Assistance Agreements will have the final PG&Ms and all related terms and conditions.

Disability Funds-Financial Assistance Award Supplemental Application

Disability Funds-Financial Assistance (DF-FA) awards are provided as a supplement to CDFI Program and NACA Program Base-FA awards. Only those Applicants selected to receive a Base-FA award will be eligible to receive a DF-FA award. Applicants should review the DF-FA requirements described in the CDFI Program and NACA Program NOFAs. Applicants that wish to proceed in applying for DF-FA funding should review the guidance below.

STEP 1: Review Supplemental Guidance

Applicants should first review the **Disability Funds-Financial Assistance (DF-FA) Application Guidance** on the CDFI Fund's website for additional guidance about the DF-FA Supplemental Application, narrative questions, and data tables.

STEP 2: AMIS Application

1. Applicants should enter the total amount of requested DF-FA in the *DF-FA Supplemental FA Application* section of the FA Application in AMIS. **Applicants that do not include a DF-FA award request amount will not be eligible to apply for a DF-FA award.** DF-FA request amounts are excluded from the three-year, \$5 million funding cap calculation.

DF-FA Applicants must also complete the DF-FA first payment amount, or the estimated amount of the requested DF-FA award that you expect to expend on eligible activities during the first 12 months of your Period of Performance.

2. Applicants must also respond to the narrative questions and data tables in the *DF-FA Supplemental FA Application* section within the FA Application in AMIS. **Applicants that do not complete the supplemental application will not be eligible to apply for a DF-FA award.** Review the **Disability Funds Financing Initiative-Financial Assistance (DF-FA) Application Guidance** for additional information.

Healthy Food Financing Initiative-Financial Assistance Award Supplemental Application

Healthy Food Financing Initiative-Financial Assistance (HFFI-FA) awards are provided as a supplement to CDFI Program and NACA Program Base-FA awards. Only those Applicants selected to receive a Base-FA award will be eligible to receive a HFFI-FA award. Applicants should review the HFFI-FA requirements described in the CDFI Program and NACA Program NOFAs. Applicants that wish to proceed in applying for HFFI-FA funding should review the guidance below.

STEP 1: Review Supplemental Guidance

Applicants should first review the **Healthy Food Financing Initiative-Financial Assistance (HFFI-FA) Application Guidance** on the CDFI Fund's website for additional guidance about the HFFI-FA Supplemental Application, narrative questions, and data tables.

STEP 2: AMIS Application

Applicants should enter the total amount of requested HFFI-FA in the *Supplemental FA Applications* section in the FA Application in AMIS. **Applicants that do not include a HFFI-FA award request amount will not be eligible to apply for a HFFI-FA award.** HFFI-FA request amounts are excluded from the three-year, \$5 million funding cap calculation.

HFFI-FA Applicants must also complete the HFFI-FA first payment amount, or the estimated amount of the requested HFFI-FA award that you expect to expend on eligible activities during the first 12 months of your Period of Performance.

STEP 3: Supplemental Narrative Application

Applicants must also complete an additional supplemental application for HFFI-FA. View the **Healthy Food Financing Initiative-Financial Assistance (HFFI-FA) Application Guidance** on the CDFI Fund's website for additional guidance, narrative questions, and application submission instructions. **Applicants that do not submit the supplemental application will not be eligible to apply for a HFFI-FA award.**

15. Matching Funds

This section only applies to CDFI Program FA Core Applicants, with the exception of Native American CDFIs.⁵ Native American CDFIs are not required to provide Matching Funds. Please see this year's **Matching Funds Guidance** document for more information on Matching Funds and completing this section of the Application.

Please note that Applicants using retained earnings as matching funds must attach their **Retained Earnings Calculator** in this section of the Application. In addition, Insured Depository Institutions that are using retained earnings as Matching Funds must attach Year-end Call Reports for each fiscal year reported in the Retained Earnings Calculator.

16. Attestation and Submission

STOP: Before you submit your application, the CDFI Fund recommends that you closely review your application. Once submitted, your application will be locked, and responses cannot be altered.

Before proceeding to this section, make sure that your application is complete, all the narrative and table information has been entered, and that all required attachments have been uploaded and attached to your application.

Each Application, including Supplemental FA Applications, if applicable, must be signed by a designated Authorized Representative in AMIS before it can be submitted. (Supplemental FA Applications, if applicable, are signed in the Supplemental FA Applications section as described earlier in the Supplemental FA Applications section of this document.) Applicants must ensure that an Authorized Representative is an employee or officer of the Applicant and is authorized to sign legal documents on behalf of the organization and bind the organization accordingly. Consultants working on behalf of the organization cannot be designated as Authorized Representatives and may not sign the Application.

An Authorized Representative signs the Application by checking the box located in this section. The Authorized Representative must be logged in to AMIS to complete this action. Please read the attestation before signing the Application. The name of the Authorized Representative who signs the Application and the date and time he or she signed the Application will automatically appear after the signature attestation box is checked. **Please note**

⁵ A Native American CDFI (Native CDFI) is one that Primarily Serves a Native Community. Primarily Serves is defined as 50% or more of an Applicant's activities being directed to a Native Community. Per the FY 2021 CDFI Program NOFA and the FY 2021 NACA Program NOFA, a Native Community is defined as Native American, Alaska Native, or Native Hawaiian populations or Native American areas defined as Federally-designated reservations, Hawaiian homelands, Alaska Native Villages and U.S. Census Bureau-designated Tribal Statistical Areas.

that an Authorized Representative can sign the Application at *any* time prior to submitting the Application. Signing the Application does not submit your Application.

Note about Submission: Only a designated Authorized Representative or Application Point of Contact, as designated in the Application, may submit the Application in AMIS. Be aware of the difference between these two roles: only the Authorized Representative may **sign** the Application, and either the Authorized Representative or Application Points of Contact may **submit** the Application.

APPENDIX A: SAMPLE MANAGEMENT LETTER

DISCLAIMER: The sample Management Letter below is being provided by the Community Development Financial Institutions Fund (CDFI Fund) as a courtesy to Applicants to demonstrate the types of information and statements that may be found in Management Letters meeting the requirements of the CDFI/NACA Program Application. The Management Letter submitted by an Applicant may include different information than that presented in this sample letter and should reflect the actual findings of the Applicant organization's audit. Please note that the text below is for demonstration purposes only and should not be relied upon by Applicant organizations or auditors for purposes of meeting any applicable federal, state, or local legal requirements or accounting standards.

[Auditor Letterhead]

[DATE]

To Management and the Audit Committee
[APPLICANT ENTITY AND SUBSIDIARIES]
[CITY, STATE]

We have audited the consolidated financial statements of APPLICANT ENTITY and Subsidiaries (the Organization) as of and for the year ended [DATE], and have issued our report thereon dated [DATE]. Professional standards require that we advise you of the following matters relating to our audit.

In planning and performing our audit of the consolidated financial statements of the Organization as of and for the year ended [DATE], in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Certain deficiencies in internal control that have been previously communicated to you, in writing, by us or by others within your organization are not repeated herein.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

[Below are samples of findings, actual statements will vary with the facts of each audit]

Uncorrected and Corrected Misstatements

During the course of our audit, we proposed a financial statement presentation reclassification related to the restricted cash of [DOLLAR AMOUNT] that was contributed back to the ABC Subsidiary, as part of the overall unwind of the XYZ Subsidiary.

The related contribution expense related to this cash donation was reclassified to be included with overall net contribution of fixed assets and forgiveness of debt to present a net gain relating to the projects unwind. We believe the net presentation of all three elements (cash, fixed assets, and debt) to be a preferable way of presenting the essence of the transaction. Management reclassified this entry correctly during the course of our audit.

Impaired Loan Analysis

During our testing of a collateral-dependent impaired loan, we noted that management's analysis did not adequately support its conclusion on estimated fair value. Management should ensure the estimate of fair value of impaired loans and foreclosed assets is thoroughly documented and supported with the use of either external valuation (i.e., appraisal or broker opinion of value) or internal valuation of fair value.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This communication is intended solely for the information and use of management, the Audit

Committee, and others within the Organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

[AUDITOR]

APPENDIX B: APPLICATION FINANCIAL DATA INPUTS

Overview

The following Appendix provides a list of all required Application Financial Data input fields organized by Institution Type: (i) Unregulated Applicants, (ii) Credit Union Applicants, (iii) Bank and Bank Holding Company Applicants, and (iv) Cooperativa Applicants. For convenience, the CDFI Fund has also provided a blank Excel workbook entitled “Application Financial Data Inputs Workbook” that can be used by Applicants to gather all required Application Financial Data offline before entering it into AMIS.

Note that each Application Financial Data input field is required in AMIS and you will not be able complete the Application Financial Data subsection until all fields are populated with a numeric value greater than or equal to zero (“ ≥ 0 ”).

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

All numbers related to an Applicant’s equity and loan portfolios must be entered as a positive whole integer, greater or equal to zero (“ ≥ 0 ”). This includes the line item for “Allowance for Loan and Lease Losses” (ALLL) listed under the “Assets” grouping on the Application Financial Data Input page. Auditors commonly express ALLL as a contra asset and present it as a negative number on audited financial statements. In such instances, where ALLL is a negative number on an Applicant’s financial statements, the Applicant must convert this number to its absolute value (a positive number), and enter this positive number in the Application Financial Data inputs subsection for the ALLL line item.

In instances other than line items related to the Applicant’s equity and loan portfolios where the Applicant has a negative value expressed on its Audit or internal financial statements, Applicants are to enter a zero (“0”) on the corresponding line item on the Application Financial Data inputs page. Applicants who need to enter a “0” instead of a negative number(s) are to provide an explanation of each of these entries in the “Application Narrative” subsection under the “Financial Position” question response box.

Financial Data Inputs for Unregulated Applicants

Background

The following table provides guidance and definitions for entering required Application Financial Data inputs into AMIS for Unregulated Applicants. To ease the use of this appendix, line items are organized in groups (Assets, Liabilities, Net Assets, Income/Revenue, Expenses, Loan Portfolio, Equity Portfolio, Persistent Poverty County Activities and Opportunity Zone Activities), and appear in the same order as they appear online in the AMIS Application Financial Data inputs page (as opposed to being organized alphabetically).

In instances where the required Application Financial Data inputs have a corresponding definition within Generally Accepted Accounting Principles (GAAP), the definitions are drawn directly from GAAP. In instances where there is no corresponding concept defined in GAAP, the CDFI Fund has provided definitions to aid Applicants in entering the correct Application Financial Data inputs in AMIS.

20. Total Expenses (\$)	The total value of all operational and non-operational Expenses (including Interest, financing cost, depreciation, amortization, and loan loss provision) incurred during the current reporting period, not including provision for income tax.		✓	✓	✓
Loan Portfolio					
21. Total On-Balance Sheet Loan Portfolio (\$)	The gross dollar amount (\$) of loans receivable as reported in the organization's statement of financial condition or balance sheet. Gross loans receivable are the principal amount of loans receivable held by an organization that represents the amount still owed to the organization by its borrowers without giving effect to any allowance for the collectability thereof (i.e. before loan loss reserves are calculated). In contrast to "On-Balance Sheet Loans Closed (\$)", this entry reflects the amount outstanding at a specific date in time at the end of the reporting period.	On-Balance Sheet Loan Portfolio. Total Loan Portfolio. Total Outstanding Loan Portfolio.	✓	✓	✓
22. Total On-Balance Sheet Loan Portfolio (#)	The total number (#) of loans receivable as reported in the organization's statement of financial condition or balance sheet.		✓	✓	✓
23. Total On-Balance Sheet Loan Portfolio in an Eligible Market and/or Target Market (\$)	The gross dollar amount (\$) of loans receivable in an Eligible Market ⁶ and/or Target Market ⁷ , as reported in the organization's statement of financial condition or balance sheet. <i>See above for definition of "Total On-Balance Sheet Loan Portfolio (\$)"</i> .		✓		

⁶ "Eligible Market" as defined by the CDFI Fund is (i) a geographic area meeting the requirements set forth in 12 C.F.R. § 1805.201(b)(3)(ii), or (ii) individuals that are Low-Income, African American, Hispanic, Native American, Native Hawaiian residing in Hawaii, Alaska Native residing in Alaska, or Other Pacific Islanders residing in American Samoa, Guam or the Northern Mariana Islands.

⁷ "Target Market" as defined by the CDFI Fund is an "Investment Area(s)" and/or a "Targeted Population(s)". "Investment Area" as defined by the CDFI Fund is the geographic area meeting the requirements set forth in 12 C.F.R. § 1805.201(b)(3)(ii) designated in the Recipient's most recently approved CDFI certification documentation. "Targeted Population" as defined by the CDFI Fund are the individuals or identifiable group of individuals meeting the requirements of 12 C.F.R. § 1805.201(b)(3)(iii) of the CDFI Program Regulations as designated in the Recipient's most recently approved CDFI certification documentation.

24. Commitments (\$)	The total dollar amount (\$) of loan and Equity Investment commitments made by a CDFI to borrowers or investees that has not yet been disbursed, but for which the CDFI has reserved cash, cash equivalents, or other assets to fund at a later date (e.g., a loan that is closed but not yet disbursed; a loan that has been provisionally approved, but will not be closed or disbursed until a borrower meets certain terms and conditions; a loan that has been approved by a loan committee, but not yet closed).		✓	✓	✓
25. On-Balance Sheet Loans Closed (\$)	The gross dollar amount (\$) of loans closed during the reporting period. In contrast to the "Total On-Balance Sheet Loan Portfolio (\$)" this entry reflects activities over the reporting period, as opposed to an amount outstanding at a specific date in time at the end of the reporting period.		✓	✓	✓
26. On-Balance Sheet Loans Closed (#)	The total number (#) of loans closed during the reporting period. In contrast to the "Total On-Balance Sheet Loan Portfolio (#)" this entry reflects activities over the reporting period, as opposed to an amount outstanding at a specific date in time at the end of the reporting period.		✓	✓	✓
27. On-Balance Sheet Loans Closed in an Eligible Market and/or Target Market (\$)	The gross dollar amount (\$) of loans closed in an Eligible Market and/or Target Market during the reporting period. <i>See above for definition of "On-Balance Sheet Loans Closed (\$)"</i> .		✓		
28. Charge-offs (\$)	The dollar amount (\$) of a receivable, primarily a loan, that has been determined to be a loss or non-recoverable during the repayment cycle and that has been taken off the balance sheet as a loss during the reporting period. This is a direct reduction of the carrying amount of a financial asset measured at amortized cost resulting from uncollectibility. A financial asset is considered uncollectible if the entity has no reasonable expectation of recovery.	Charge-off. Write-off. Bad Debt Expense.	✓	✓

Financial Data Inputs for Credit Union Applicants

Credit Union Applicants should use information from their National Credit Union Administration's (NCUA) Call Report Form 5300 (5300) and the Financial Performance Report (FPR) to complete the Application Financial Data subsection in AMIS. Credit Union Applicants should **not** use information from audited financial statements as terms and definitions may vary.

Credit Union Applicants are advised to use their best efforts to provide data for the financial inputs that have no corresponding Call Report references by using the guidance provided below. **Note that a Credit Union Applicant will not be penalized if it is unable to provide the data requested.** The CDFI Fund will continue to work with federal regulators to refine financial data points and improve the application process.

Note: For any item that is listed where your organization has no data, you must enter the number zero ("0"). AMIS will return a red error message if the required response to a field is not provided.

Financial Data Inputs for Bank and Bank Holding Company Applicants

Bank and Bank Holding Company Applicants should use information from their respective Call Reports to complete the Application Financial Data subsection in AMIS. Bank and Bank Holding Company Applicants should not use information from audited financial statements as terms and definitions may vary.

Bank and Bank Holding Company Applicants are advised to make their best efforts to provide data for the financial inputs that have no corresponding Call Report references by using the guidance provided, however Bank and Bank Holding Company Applicants will not be penalized if they are unable to provide the data requested. The CDFI Fund will continue to work with federal regulators to refine financial data points and improve the application process.

In instances where there is no corresponding Uniform Bank Performance Report (UBPR) Concept Description provided in the crosswalk table, the comments provided by the CDFI Fund will aid Applicants in completing the Application Financial Data subsection in AMIS.

Note for Bank Holding Company Applicants: Bank Holding Company Applicants with a subsidiary bank entity that will make use of the FA Award funds should use the financial information of the subsidiary bank entity when completing the Application Financial Data section.

Note: For any item that is listed where your organization has no data, you must enter the number zero ("0"). AMIS will return a red error message if the required response to a field is not provided.

Financial Data Inputs for Cooperativa Applicants

Cooperativa applicants should use information from their audited financial statements and Automatización de Informe Trimestral y Sistema Actuarial (AITSA) to complete the Application Financial Data subsection in AMIS. Cooperativa applicants are advised to use their best efforts to provide data for the financial inputs that have no corresponding references by using the guidance provided below. **Note that a cooperativa Applicant will not be penalized if it is unable to provide the data requested.** The CDFI Fund will continue to work directly with cooperativas and COSSEC to refine financial data points and improve the application process.

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

APPENDIX C: GLOSSARY OF TERMS

Current Financial Product Type Lines of Business

- **Affordable Housing Finance** generally means (a) the acquisition, pre-development financing, construction, rehabilitation, permanent and other similar financing, first mortgage financing, and subordinated mortgages for home purchase and rehabilitation, and (b) related development services to promote the supply of housing and/or increase homeownership opportunities. The housing must be the primary residence of a household or family that qualifies as Low-Income and that household or family must not pay more than 30 percent of their income on housing.
- **Commercial Real Estate Finance** generally means financing provided for the purpose of the acquisition or rehabilitation of a building, or the acquisition, construction and/or development of a property for commercial purposes.
- **Community Facilities Finance** generally means financing provided for the purpose of acquisition, construction, renovation, and/or maintenance or improvement of facilities where health care, childcare, educational, cultural, or social services are provided.
- **Consumer Financial Products** generally means loans, Equity Investments, loan purchases, loan guarantees, and similar financing activities provided to individuals and families.
- **Intermediary Lending to Non-Profits and CDFIs** generally means the provision of Financial Products to non-profit organizations, CDFIs, and/or Emerging CDFIs.
- **Microenterprise Finance** generally means financing to a for-profit or non-profit enterprise that has five or fewer employees (including the proprietor) in an amount no more than \$50,000 for the purpose of expansion, working capital, equipment purchase or rental, or commercial real estate development or improvement.
- **Small Business Finance** generally means financing to a for-profit or non-profit enterprise in an amount greater than \$50,000 for the purpose of expansion, working capital, equipment purchase or rental, or commercial real estate development or improvement.
- **Other** is any other line of business not meeting any of the above terms.

Financial Institution Designation

- **Minority Depository Institution** means an institution as defined in section 308(b) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (12 U.S.C. 1463 note), or otherwise considered to be a minority depository institution by the appropriate Federal banking agency, as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813), or by the National Credit Union Administration, as applicable.

APPENDIX D: COMPLIANCE EVALUATION QUESTIONS

The following questions are used to calculate an Applicant's Total Compliance Composite Score in both Base-FA and TA Applications. To produce a Total Compliance Composite Score, the CDFI Fund's Application Assessment Tool (AAT) uses responses provided by each Applicant in the compliance questions, as well as information in an Applicant's reporting history, reporting capacity, and performance risk with respect to the CDFI Fund's Performance Goals and Measures (PG&Ms). The purpose of this evaluation is to ensure Applicants do not have major internal management or compliance concerns.

In addition to the questions listed below, information from the Applicant's prior PG&Ms (where applicable) will be used as part of the calculation of a Total Compliance Composite Score.

Please note: The below table is provided as a guide for Applicants as you complete the compliance evaluation questions. **The question order will vary for each Applicant** depending upon whether you are a prior or current Award Recipient and your answers to certain evaluation questions.

APPENDIX F: SAMPLE CALCULATIONS FOR FA OBJECTIVE 1-1

Introduction

For any Financial Assistance Objective (FAO) you select in the AMIS Application interface, AMIS will use your Application Financial Data to review whether your organization meets the “floor” – that is, the minimum amount needed to achieve the FA Objective. Historically, the majority of FA Applicants have chosen FAO 1-1, Increase the Volume of Financial Products. FAO 1-1 is unique because for some Applicants with prior awards, there are two floors in consideration. Specifically, Floor 1 applies to all Applicants and compares projections against historic activity. Floor 2 applies only to Applicants with prior awards under FAO 1-1 and compares projections to the amounts held to from prior awards. This Appendix provides a detailed example and sample calculations in the following sections:

- Northern CDFI: How Financial Projections Become PG&Ms
- Sample Floor 2 Calculations
 - Scenario A: Not Eligible: Floor 2 Not Met in FY 2021 Application
 - Scenario B: Eligible: Floor 2 and Floor 1 Met in FY 2021 Application
- PG&Ms in Multiple Assistance Agreements for Overlapping Years
- Floor 2 with One Overlapping Year

Northern CDFI: How Financial Projections Become PG&Ms

Note: This section of the example looks back to the FY 2020 funding round, which then flows into the following scenarios of this same organization in FY 2021. The process for how financial projections become PG&Ms did not change between FY 2020 and FY 2021.

Let’s go back in time to March 2020. Northern CDFI decides to apply for an FA Award in the FY 2020 funding round. After reading the FA Guidance section *Introduction to FA Objectives*, it decides that FA Objective 1-1 to Increase the Volume of Financial Products best reflects its business plans. The AMIS Application interface will use the formulas in *Appendix E* to calculate whether Northern CDFI can apply under FAO 1-1. In essence, to have an “Increase in Volume”, an organization must close more financial products in the future than it did in the past, taking into account the amount of its FA request.⁸

Table 18: FA Objective 1-1: Increase Volume of Financial Products in the main FA Guidance provides an overview of the AMIS subsections pertaining to FAO 1-1. For the purposes of this example, Northern CDFI did NOT have an

⁸ Appendix E contains the formulas used in FAO calculations. To evaluate Floor 1, AMIS calculates the “Increase in Volume” as the “**Total Historic On-Balance Sheet Financial Products Closed in Eligible/Target Market**” + Base-FA Award Request Amount – “**Total Projected On-Balance Sheet Financial Products closed in Eligible Markets and/or Target Markets**”. If the “Increase in Volume” is positive, an Applicant can move on. Another unique feature of FAO 1-1 is that if the “Increase in Volume” is actually a negative number, AMIS will allow the Applicant to continue after writing a detailed explanation in the subsection “No Net Increase in Volume of Financial Products Justification”. See *Table 18: FA Objective 1-1: Increase Volume of Financial Products* above for additional information.

FA Award in the past two years with FAO 1-1. Therefore, for the FY 2020 round, it is not subject to “Floor 2” regarding the amount of financial products held to from past awards. Northern CDFI does, however, need to address “Floor 1”. It has a Fiscal Year End (FYE) date of 12/31, so for the purposes of its FY 2020 FA Application, recall that FY 2019 is actually its “Current Year”, with historic and projected fiscal years working backward and forward from that reference point. Northern CDFI reviews its audited financial statements, projects its future growth, and fills out the Application Financial Data section as follows. *(Note: Round numbers are used here for ease of the example.)*

FY 2020 Application Financial Data: Northern CDFI							
	Historic Year 1 (FY 16)	Historic Year 2 (FY 17)	Historic Year 3 (FY 18)	Current Year (FY 19)	Projected Year 1 (FY 20)	Projected Year 2 (FY 21)	Projected Year 3 (FY 22)
On-Balance Sheet Loans Closed in Eligible Markets and/or Target Markets	\$700,000	\$700,000	\$1,400,000	\$1,400,000	\$2,100,000	\$2,100,000	\$2,800,000
Loan Guarantees Made in Eligible Markets and/or Target Markets	\$200,000	\$200,000	\$400,000	\$400,000	\$600,000	\$600,000	\$800,000
Total Equity Investments Closed in Eligible Markets and/or Target Markets	\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000	\$400,000
=							
Total On-Balance Sheet Financial Products Closed in Eligible Markets and/or Target Markets	\$1,000,000	\$1,000,000	\$2,000,000	\$2,000,000	\$3,000,000	\$3,000,000	\$4,000,000
	Sum of Three Historic Years				Sum of Three Projected Years		
	\$4,000,000				\$10,000,000		

“Floor 1” is calculated as the “Sum of Three Historic Years” (\$4 million) plus the “Base-FA Request Amount”. Northern CDFI requests a \$1,000,000 FA Award, therefore its Floor 1 is \$5 million. The “Sum of Three Projected Years”, \$10 million, is greater than Floor 1. The “Increase in Volume of Financial Products” is \$5 million, a positive number.

Per the FA Guidance, organizations are held to the projections in their Application Financial Data, regardless of whether they receive the full amount of their FA Award Request. Although Northern CDFI requested \$1 million, in this example, it is awarded \$500,000. Its FY 2020 Assistance Agreement would contain the following PG&Ms in the table below. Its sum of its three projected years, \$10 million, is used to make projections over the three-year Period of Performance (PoP). The CDFI Fund recognizes that growing financial products takes time; therefore, the benchmarks are staggered. Only 25% of the total projection is required by the end of the PoP Year 1; only 50% of the total projection is required by the end of PoP Year 2; and only 90% of the total projection is required by the end of PoP Year 3. Northern CDFI's Assistance Agreement would contain this page:

FY 2020 Assistance Agreement Increase Volume of Financial Products PG&M

Northern CDFI

	Dollar Amount (\$)	% of Total Projected Financial Products
Total dollar amount of Projected Financial Products:	10,000,000	
Period of Performance, Year 1:	2,500,000	25%
Period of Performance, Year 2:	5,000,000	50%
Period of Performance, Year 3:	9,000,000	90%

Periods of Performance are determined based on an Applicant's FYE. Since Northern CDFI had a 12/31 FYE, Year 1 of Northern CDFI's Period of Performance is actually longer than 12 months. It starts on the day of the FY 2020 award announcement and ends on Northern CDFI's following FYE, or 12/31/2021. The following table is what appears in Northern CDFI's FY 2020 Assistance Agreement.

Period of Performance		
	Start Date:	End Date:
Year 1 of Period of Performance	9/24/2020	12/31/2021
Year 2 of Period of Performance	01/01/2022	12/31/2022
Year 3 of Period of Performance	01/01/2023	12/31/2023
Period of Performance End Date		12/31/2023

Looking back at the PG&M values, it is important to note that the values displayed are cumulative and represent the volume of Financial Products Closed from the beginning of the entire Period of Performance. Breaking this down further, when Northern CDFI signs their FY 2020 Assistance Agreement, it is committing to the following:

Financial Products Closed	Dollar Amount (\$) Cumulative	Dollar Amount (\$) since the last year
Period of Performance, Year 1: <i>by 12/31/2021 (i.e. FY 2021)</i>	2,500,000 (25% of total)	2,500,000
Period of Performance, Year 2: <i>by 12/31/2022 (i.e. FY 2022)</i>	5,000,000 (50% of total)	2,500,000
Period of Performance, Year 3: <i>by 12/31/2023 (i.e. FY 2023)</i>	9,000,000 (90% of total)	4,000,000

Sample Floor 2 Calculations

Time passes, and the CDFI Fund releases its FY 2021 NOFA. Northern CDFI decides to apply again and plans to continue to increase its volume of lending. Therefore, it selects FA Objective 1-1, Increase Volume of Financial Products in its FY 2021 Application. Regarding its “Floors”, the total dollar amount of Financial Products Northern CDFI closes over the three-year Period of Performance is now reviewed against both Floor 1—its cumulative three historic fiscal years of Financial Products closed plus its FA award request, and also Floor 2—the amount it is being held to for this PG&M in its FY 2020 Assistance Agreement for the two overlapping years⁹ of projected Financial Products activity, plus its award request. The next sections review two scenarios for FY 2021, one where Northern CDFI **would not be** eligible to apply under FAO 1-1, and another where it **would be** eligible to apply under FAO 1-1.

- **Scenario A: Not Eligible: Floor 2 Not Met in FY 2021 Application**

In its FY 2021 application, the total number of projected Financial Products **must** be greater than or equal to the projected activity for the overlapping years (i.e., Year 2 and Year 3) of Northern CDFI’s FY 2020 PG&M, plus its award request from its FY 2021 Application.

As Northern CDFI references its FY 2020 Assistance Agreement, there are two ways to think about the math of the volume of Financial Products that Northern CDFI is already held to. The first is to use subtraction to find the dollar amount of products spanning the overlapping years of Year 2 and Year 3.

Thus, from the Financial Products Closed table above: “Benchmark Year 3 (cumulative) – Benchmark Year 1 (cumulative)”

= \$9 million – \$2.5 million = \$6.5 million.

⁹ The next section, *PG&Ms in Multiple Assistance Agreements for Overlapping Years*, provides a table showing which years would overlap for an organization receiving Awards in both FY 2020 and FY 2021, which can be determined by comparing the respective Periods of Performance against calendar dates.

Since the Benchmarks listed in the Assistance Agreement are cumulative, this calculation has the same effect as adding the annual amount needed to achieve the benchmarks, for the overlapping years of Year 2 and Year 3. Again, from the Financial Products Closed table above:

“Year 2 amount (since-the-last-year) + Year 3 amount (since-the-last-year)”
 = \$2.5 million + \$4 million = \$6.5 million.

The last part of the Floor 2 calculation takes into account Northern CDFI’s FY 2021 award request amount. If Northern CDFI requests \$1 million in FY 2021, then its Floor 2 is:
 \$6.5 million + \$1 million = \$7.5 million.

The FY 2020 PG&M is adjusted to reflect only Years 2 and 3 (i.e., the overlapping years between the FY 2020 and FY 2021 applications' projected fiscal years activity) plus the FY 2021 award request.

	Dollar Amount (\$) of Projected Financial Products
FY 2020 Assistance Agreement (AA) Period of Performance, Year 3:	9,000,000
Minus FY 2020 AA Period of Performance Year 1:	-2,500,000
Plus FY 2021 Award Request:	+1,000,000
	=
Equals “Floor 2”, i.e., Northern CDFI’s projected Financial Products in its FY 2021 Application must be equal to or greater than this number.	7,500,000

*Can also be derived by multiplying the total dollar amount of projected Financial Products provided in its FY 2020 PG&M (or \$9,000,000) by 65 percent (i.e. Year 3 benchmark of 90 percent minus Year 1 benchmark of 25 percent = 65 percent), then adding the FY 2021 Award Request Amount.

Northern CDFI again reviews its audited financial statements, projects its future growth, and fills out the Application Financial Data section as follows. Northern CDFI finds that its projections are not as high as they were when submitting last year’s application, as they have reduced their projected volume of Total On-Balance Sheet Financial Products Closed in Eligible Markets and/or Target Markets by an aggregate amount of \$3 million. (Note: Round numbers are again used here for ease of the example.)

FY 2021 Application Financial Data: Scenario A: Not Eligible Based on Floor 2							
	Historic Year 1 (FY 17)	Historic Year 2 (FY 18)	Historic Year 3 (FY 19)	Current Year (FY 20)	Projected Year 1 (FY 21)	Projected Year 2 (FY 22)	Projected Year 3 (FY 23)
Total On-Balance Sheet Financial Products Closed in Eligible Markets and/or Target Markets	\$1,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$3,000,000
	Sum of Three Historic Years				Sum of Three Projected Years		
	\$5,000,000				\$7,000,000		

In Scenario A, the following projected Total Financial Products Closed **would not be eligible** for FA Objective 1-1 Increase Volume of Financial Products. The three years of projected Financial Products activity (\$7,000,000) is lower than Floor 2 (\$7,500,000). Even though Northern CDFI’s projected activity exceeds its historic activity (i.e., Floor 1 is met), it is now projecting to close less in total financial products than the amount it is held to from their previous award plus their FY 2021 award request, which fails Floor 2. As a result, Northern CDFI is **not** eligible for FAO 1-1.

Northern CDFI should return to its business plans and consider whether it would like to apply under a different FAO for FY 2021. Additionally, if Northern CDFI is now projecting that it will be unable to meet the benchmarks in its FY 2020 Assistance Agreement, it should contact the CDFI Fund via Service Request and consider preparing an Amendment Request for its FY 2020 Award.¹⁰

- **Scenario B: Eligible: Floor 2 and Floor 1 Met in FY 2021 Application**

Let’s say that upon reviewing their data, Northern CDFI realizes it forgot to include an entire product line in its calculations for its Projected Years of Total Financial Products Closed. It returns to the Application Financial Data to fix its error, and its data now reads as follows:

FY 2021 Application Financial Data: Scenario B: Not Eligible Based on Floor 1							
	Historic Year 1 (FY 17)	Historic Year 2 (FY 18)	Historic Year 3 (FY 19)	Current Year (FY 20)	Projected Year 1 (FY 21)	Projected Year 2 (FY 22)	Projected Year 3 (FY 23)
Total On-Balance Sheet Financial Products Closed in Eligible Markets and/or Target Markets	\$1,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$2,500,000	\$2,500,000	\$3,500,000
	Sum of Three Historic Years				Sum of Three Projected Years		
	\$5,000,000				\$8,500,000		

Now, Northern CDFI meets Floor 2. The “Sum of Three Projected Years” (\$8.5 million) is greater than the amount it is held to from its FY 2020 Assistance Agreement plus its FY 2021 award request (\$6.5 million + \$1 million = \$7.5 million, per calculations above in Scenario A). Northern CDFI also meets Floor 1. The “Sum of Three Projected Years” (\$8.5 million) is greater than the “Sum of Three Historic Years” plus its FY 2021 award request (\$5 million + \$1 million = \$6 million).

¹⁰ For more information, see the document “CDFI Program and NACA Program Assistance Agreement Amendment Guide and Intake Form” available on the CDFI’s website [Step 5: Compliance and Reporting](#) section.

Northern CDFI goes on to receive an FY 2021 Award for \$700,000. In its FY 2021 Assistance Agreement, it would have the following PG&Ms under FAO 1-1 to Increase Volume of Financial Products:

***FY 2021 Assistance Agreement Increase Volume of Financial Products PG&M
Northern CDFI***

	Dollar Amount (\$)	% of Total Projected Financial Products
Total dollar amount of Projected Financial Products:	8,500,000	
Period of Performance, Year 1:	2,125,000	25%
Period of Performance, Year 2:	4,250,000	50%
Period of Performance, Year 3:	7,650,000	90%

PG&Ms in Multiple Assistance Agreements for Overlapping Years

Since Northern CDFI received FA Awards in both FY 2020 and FY 2021, it now has two Assistance Agreements with overlapping PG&M benchmarks. Comparing to calendar dates, their benchmarks can be put side-by-side to see the overlap in the years of the respective Periods of Performance (PoPs).¹¹

Date	FA 2020 Award	FA 2021 Award
12/31/2020 —	Year 1	n/a
12/31/2021 —	Year 2	Year 1
12/31/2022 —	Year 3	Year 2
12/31/2023 —	n/a	Year 3
12/31/2024 —		

¹¹ Note that Year 1 of each Award is slightly longer than 12 months because it begins on the date of the Award Announcement. For purposes of the annual Performance Progress Report and Transaction Level Report (TLR) data, Awardees will use the exact dates listed on their Assistance Agreements. For purposes of the Floor 2 calculations only, the CDFI Fund considers only Year 2 and Year 3 as overlapping, to simplify the calculation.

Please note that the PG&M benchmarks for the two overlapping periods of performance from the FY 2020 Assistance Agreement and FY 2021 Assistance Agreement will not be added together (i.e. these are not cumulative). Recipients only need to meet the higher of the two amounts for the two overlapping Periods of Performance to satisfy both PG&M benchmarks, as illustrated here:

Date	FA 2020 Award Dollar amount (cumulative)	FA 2021 Award Dollar amount (cumulative)
12/31/2020	\$2,500,000	n/a
12/31/2021	\$5,000,000	\$2,125,000
12/31/2022	\$9,000,000	\$4,250,000
12/31/2023	n/a	\$7,650,000
12/31/2024		

Year 2 and Year 3 of the FY 2020 Assistance Agreement overlap with Year 1 and Year 2 of the FY 2021 Assistance Agreement. In these overlapping years, Northern CDFI would be required to close a total of \$5,000,000 by Year 2 of its FY 2020 award/Year 1 of its FY 2021 award to satisfy both PG&Ms, not \$7,125,000 (or \$5,000,000 plus \$2,125,000). Similarly, it would be required to close a total of \$9,000,000 by Year 3 of its FY 2020 award/Year 2 of its FY 2021 award to satisfy both PG&Ms, not \$13,250,000 (\$9,000,000 plus \$4,250,000). As long as Northern CDFI meets the higher of the two amounts in each of the two overlapping Periods of Performance, it would satisfy the PG&M benchmarks for each Assistance Agreement.

It is also possible for an organization to meet the PG&M for one Assistance Agreement but not the other. For example, from the start of its FY 2020 Award, Northern CDFI closes a total of \$7 million in financial products by 12/31/2023. It would meet the PG&M for its FY 2021 Award (End of PoP Year 2), but fall short for its PG&M for its FY 2020 Award (End of PoP Year 3).

Floor 2 with One Overlapping Year

In this final example, let's look at a different CDFI, Southern Bank, that decides to apply for FA in FY 2021 under FAO 1-1, Increase the Volume of Financial Products. Southern Bank received a FY 2019 Award also under FAO 1-1, and therefore has active PG&Ms from its FY 2019 Assistance Agreement as follows:

FY 2019 Assistance Agreement Increase Volume of Financial Products PG&M Southern Bank

	Dollar Amount (\$)	% of Total Projected Financial Products
Total dollar amount of Projected Financial Products:	400,000,000	
Period of Performance, Year 1:	100,000,000	25%
Period of Performance, Year 2:	200,000,000	50%
Period of Performance, Year 3:	360,000,000	90%

In this case, if Southern Bank successfully receives an FY 2021 Award, it would only have one overlapping year in its PG&Ms with sample PG&M data included for its FY 2019 Award:

Date	FA 2019 Award Dollar amount (cumulative)	FA 2021 Award Period of Performance (PoP)
12/31/2019 —	PoP Year 1 \$100,000,000	n/a
12/31/2020 —	PoP Year 2 \$200,000,000	
12/31/2021 —	PoP Year 3 \$300,000,000	PoP Year 1
12/31/2022 —	n/a	PoP Year 2
12/31/2023 —		PoP Year 3
12/31/2024 —		

In its FY 2021 application, the AMIS Application interface will calculate Floor 2 to ensure that the total number of projected Financial Products **is greater than or equal to** the projected activity for the one overlapping year (i.e. Year 3) of Southern Bank’s FY 2019 PG&M, plus its award request from its FY 2021 Application.

As Southern Bank references its FY 2019 Assistance Agreement, it uses subtraction to find the dollar amount of products that it is already held to for the one overlapping year of Year 3. Thus, per the FY 2019 Assistance Agreement Increase Volume of Financial Products PG&M table above:

“Benchmark Year 3 (cumulative) – Benchmark Year 2 (cumulative)”
 = \$360,000,000 – \$200,000,000 = \$160,000,000

Since the Benchmarks listed in the Assistance Agreement are cumulative, this calculation is the same one used to determine the annual amount needed to achieve the “Year 3 amount-since-the-last-year”.

The last part of the Floor 2 calculation takes into account Southern Bank’s FY 2021 award request amount. If Southern Bank requests \$1 million in FY 2021, then its Floor 2 is:
 \$160 million + \$1 million = \$161 million.

The FY 2019 PG&M is adjusted to reflect only Year 3 (i.e., the overlapping year between the FY 2019 and FY 2021 applications' projected fiscal years activity) plus the FY 2021 award request.

	Dollar Amount (\$) of Projected Financial Products
FY 2019 Assistance Agreement (AA) Period of Performance, Year 3:	\$360,000,000
Minus FY 2019 AA Period of Performance Year 2:	-\$200,000,000
Plus FY 2021 Award Request:	+1,000,000

Equals “Floor 2”, i.e., Southern Bank’s projected Financial Products in its FY 2021 Application must be equal to or greater than this number.	\$161,000,000

*Can also be derived by multiplying the total dollar amount of projected Financial Products provided in its FY 2019 PG&M (or \$400,000,000) by 40 percent (Year 3 benchmark of 90 percent minus Year 2 benchmark of 50 percent = 40 percent), then adding the FY 2021 Award Request Amount.

APPENDIX G: COVID-19 GUIDANCE

The CDFI Fund recognizes there is much uncertainty concerning the changed economic conditions related to COVID-19. Applicants are encouraged to include a discussion of how their organization and communities have been impacted by COVID-19 in their narrative responses, as appropriate.

Many Applicants have asked whether there will be changes in how their Applications are evaluated. The FY 2021 Base-FA Evaluation Process document, available on the CDFI Fund’s website, does not include changes specific to COVID-19. As in years past, Applications will be evaluated using a five step process. Through their narrative responses and data, Applicants are asked to clearly demonstrate the needs of their communities, their current and proposed solutions to those needs, and how those solutions fit within the objectives of the CDFI-FA or NACA-FA program. As always, Applicants should focus on the Eligible Markets and/or Target Markets they serve.

In making projections, Applicants should continue to use the best data and information they have available when preparing their Applications. Demand for certain financial products has likely decreased over the last year as a result of changed economic conditions, while the demand for other products has likely increased. If this is the case for your organization, please explain. The Base-FA Application provides several opportunities to present data, where Applicants can explain and discuss any impacts of COVID-19, as highlighted in the FA Application guidance document. For example, Narrative Question 15 asks Applicants to explain the rationale behind their projected figures and demonstrate that proposed growth goals and FA Objectives are feasible and achievable. In explaining projected growth, Applicants may discuss any impacts resulting from changed economic conditions related to COVID-19. Please see section “13. Financial Assistance Narratives” in the main body of the FA guidance document for more suggestions of opportunities to address the impacts of COVID-19 in your Application.

Some Applicants have expressed concern that their projections for the next three years have decreased due to the impacts and uncertainties of COVID-19. This may be of particular concern given that historically, FA Objective (FAO) 1-1, Increase Volume of Financial Products, has been chosen by the majority of Applicants. The intent of this FAO remains the same: that organizations are considered to have an “Increase in Volume” if their “Total Financial Products Closed in Eligible/Target Markets” projected for the next three years is greater than the “floor” (the sum of their “Total Financial Products Closed in Eligible/Target Markets” for the past three historic years plus the FA Award request amount). However, for some Applicants, the decrease in their projections may result in a negative number for the “Increase in Volume” calculation in their FY 2021 Applications.

In such cases, the CDFI Fund allows Applicants to proceed with their Application under FAO 1-1 and to provide a detailed explanation if they believe that their CDFI meets the intent of an increase in volume that is not reflected in their financial projections. Applicants should refer to “Table 18: FA Objective 1-1: Increase Volume of Financial Products” in the main body of the FA Guidance, specifically the conditional subsection on “No Net Increase in Volume Justification”, in writing their detailed explanation. If Applicants find they cannot write a detailed justification that meets the guidance provided, they should consider applying under a different FA Objective. (Note that if your organization received an FA award in FY 2019 and/or FY 2020 which included FAO 1-1, your proposed financial activity must exceed the amount you are already held to. AMIS will automatically

calculate this for you as “Floor 2,” if applicable. You must meet “Floor 2” in AMIS—there is no justification section. See Appendix F for sample calculations on “Floor 2”.)

Finally, some Applicants have expressed concern that economic conditions may change significantly between the Application deadline (May 3, 2021) and when the CDFI Fund makes Award announcements for the FY 2021 funding round (anticipated to occur before the end of the Federal Fiscal Year on September 30, 2021) due to the impacts of COVID-19. The CDFI Fund will continue its customary policy to allow organizations to request a modification to their Performance Goals and Measures (PG&Ms) before signing their Assistance Agreements. When evaluating modification requests, the CDFI Fund will take into account the issues a CDFI is facing as well as larger circumstances such as broad economic conditions.
