OMB Approval No. 1559-0021

Paperwork Reduction Act Notice.

This submission requirements package is provided to Applicants for awards under the Community Development Financial Institutions Program (CDFI Program) and Native American CDFI Assistance Program (NACA Program). Applicants are not required to respond to this collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The estimated average burden associated with this collection of information is 50 hours per Applicant. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to the Program Manager, CDFI Program and NACA Program, Department of the Treasury, Community Development Financial Institutions Fund, 1500 Pennsylvania Avenue, Washington, D.C. 20220.

All materials are available on the CDFI Fund Website: www.cdfifund.gov.

GETTING STARTED

The Community Development Financial Institutions Program (CDFI Program) and Native American CDFI Assistance Program (NACA Program) both provide Technical Assistance (TA) awards to certified Community Development Financial Institutions (CDFIs) and Emerging CDFIs to build their financial capacity to lend to their communities. The NACA Program also provides TA awards to Sponsoring Entities to help them create a CDFI to serve their communities. CDFIs serve rural and urban low-income people and communities across the nation that lack adequate access to affordable financial products and services.

While both programs provide TA awards after a competitive application process, the NACA Program specifically targets awards to organization that primarily serve Native American, Alaska Native, and Native Hawaiian people and communities.

This guidance document provides Applicants with instructions and tips on how to respond to the narrative questions, data inputs, and required attachments for the CDFI Program and NACA Program TA Applications. This guidance is intended to be used in conjunction with additional application materials, all of which are available on the CDFI Fund's website.

Capitalized terms not defined herein shall have the meaning specified in the applicable CDFI Program or NACA Program FY 2022 Notice of Funds Availability (together, NOFAs).

Note about the Awards Management Information System (AMIS): AMIS is the CDFI Fund's web-based portal that all Applicants must use to create, complete, and submit required application documents. **This guidance document does not contain instructions for entering application information into AMIS. For technical instructions on how to use AMIS, please refer to this year's AMIS Training Manual for CDFI Program and NACA Program: TA Applicants.**

This document is a reference tool only, and Applicants must enter their responses to the narrative questions and data entry fields in AMIS. All attachments must also be attached in the AMIS Application.

Deciding How to Use a Technical Assistance Award

Applicants should start by reading the CDFI Program and/or NACA Program NOFAs to determine which program they are eligible to apply for and the dollar amount they may request for a Technical Assistance (TA) award.

CDFI Program and NACA Program TA awards are flexible tools that can help your organization expand its capacity to serve your community. It's helpful to have a clear idea of what you would like to use your TA award for before beginning the application. As part of the application, you will need to provide the CDFI Fund with a clear narrative on how your award will benefit your organization and your community. In addition, organizations that plan to use a TA award to become a Certified CDFI or to create a Certified CDFI¹ will need to describe their timeline and ability to achieve certification as part of their application.

Eligible and Ineligible Uses of TA Awards

If your organization receives a TA award, you will be restricted to using the award funds for **eligible activities**. The eligible activities are outlined in Table 4 in the CDFI Program and NACA Program NOFAs. In addition, there are several activities that are **prohibited** uses of a TA award; these activities are outlined in **Appendix G** in this guidance. The CDFI Fund recommends that you review the eligible and ineligible activities carefully before starting a TA Application.

Technical Assistance Programs

CDFI Program

CDFI Program TA Applicants can apply under one of two categories:

- Emerging CDFI
- Certified CDFI

These categories of applicants have different definitions and eligibility requirements. Applicants should review Tables 5 and 7 in the CDFI Program NOFA for additional information.

NACA Program

NACA Program TA Applicants must meet their own eligibility requirements, including the percentage of their activities targeted toward Native Communities. NACA Program TA Applicants can be Emerging CDFIs or Certified CDFIs, as in the CDFI Program. In addition, Sponsoring Entities can also apply for a NACA Program TA award in order to create a new CDFI. Applicants should review Tables 5 and 7 in the NACA Program NOFA for additional information.

How the TA Application is Organized

There are two major parts to the TA Application:

1. The **Standard Form-424 (SF-424)** (*submitted through Grants.gov*). This form starts your application and contains important fields about your organization's tax and payment information.

¹ NACA Program Sponsoring Entities only.

2. The **TA Application** (*submitted through AMIS*). The TA Application will ask for information about your organization, such as your organization’s financial data; the financial products and development services you currently provide (if applicable); and your organization’s objectives for your TA award.

View **Application Submission Requirements and Deadlines** below for an outline of all of the required application components and documents.

Application Materials

Applicants are **strongly** encouraged to review all of the TA application materials on the CDFI Fund’s website. Applicants should read the applicable NOFA for eligibility, key deadlines, and other requirements for TA Applicants. The CDFI Fund will be adding application materials to the website on a rolling basis. Please note that some application materials will be posted after the release date of the NOFAs and Applications.

Application Submission Requirements and Deadlines

The submission deadlines for the FY 2022 Application are published in the NOFA and reproduced in Table 1 below. Please note the different submission deadlines for materials that must be submitted through Grants.gov and those that must be submitted through AMIS.

Table 1 - FY 2022 CDFI Program and NACA Program Application Deadlines

Description	Deadline	Time (Eastern Time – ET)	Submission Method
SF-424 Mandatory Form submitted and validated	March 14, 2022	11:59 p.m. ET	Electronically via Grants.gov
Create an AMIS Account (if the Applicant does not already have one)	March 14, 2022	11:59 p.m. ET	Electronically via AMIS
Enter EIN and DUNS number in AMIS Account	March 14, 2022	11:59 p.m. ET	Electronically via AMIS
AMIS Application and Required Attachments	April 12, 2022	11:59 p.m. ET	Electronically via AMIS

The following table summarizes the required Application components and documents. A complete Application must include submission of each relevant component and document for your Applicant Type listed in the table below. Applicants can use the last column as a “checklist” to track completion of the required Application components and attachments.

² If audited financial statements are not available for the Applicant’s 3 most recent historic fiscal years (because the Applicant is newly formed or was previously too small to warrant the preparation of audited financial statements), Applicants may submit unaudited financial statements for the historic period. In the case of an Applicant that was formed within the last three years, an Applicant may submit a letter signed by an Authorized Representative attesting to the lack of audited financial statements due to the Applicant not yet being in business for any years where audited or unaudited financial statements are not available.

³ The Management Letter is prepared by the Applicant’s auditor and is a communication on internal control over financial reporting, compliance, and other matters. **Please review the sample Management Letter in Appendix C.** The Management Letter contains the auditor’s findings regarding the Applicant’s accounting policies and procedures, internal controls, and operating policies, including any material weaknesses, significant deficiencies, and other matters identified during an audit. The Management Letter may include suggestions for improving identified weaknesses and deficiencies and/or best practice suggestions for items that may not be considered to be weaknesses or deficiencies. The Management Letter may also include items that are not required to be disclosed in the annual audited financial statements. The Management Letter is different than the auditor’s Opinion Letter, which is required by Generally Accepted Accounting Principles (GAAP).

Submission Requirements

GRANTS.GOV AND SAM.GOV: The SF-424 for the Application must be submitted and validated through Grants.gov before the rest of the Application may be submitted through AMIS. Applicants must first have an active System for Awards Management (SAM) account in order to submit the SF-424 via Grants.gov. Each Applicant is advised to first make sure its SAM account is active and valid before beginning its preparation of the other Application materials. The SAM website is: www.SAM.gov.

1. Please be advised that, in order to register in SAM.gov, an Applicant must have a current and valid Dun and Bradstreet Data Universal Numbering System (DUNS) number and Employer Identification Number (EIN). **The CDFI Fund advises Applicants to allow sufficient time to obtain this information.** A DUNS number is required for SAM registration and for Grants.gov submission. Additionally, when accessing SAM.gov, users will be asked to create a login.gov user account (if they don't already have one). Going forward, users will use their login.gov username and password every time when logging into SAM.gov.
2. If the Applicant does not currently have an active SAM registration, an original signed notarized letter identifying the authorized Entity Administrator for the entity associated with the DUNS number is required by SAM and must be mailed to the Federal Service Desk. This requirement is applicable to new entities registering in SAM, as well as existing entities with registrations being updated or renewed in SAM. It may take **three weeks or more** to register with SAM or reactivate a SAM registration, so Applicants should allow ample time to **complete the entire registration and submission process well in advance** of the SF-424 submission deadline.
3. Applicants unable to submit their SF-424 via Grants.gov and have it validated by the deadline due to failure to obtain a DUNS number and/or SAM registration confirmation **will not be allowed** to submit the SF-424 after the deadline has passed.

Management Letters are not required by GAAP, and are sometimes provided by the auditor as a separate letter from the Audit itself. The Management Letter asked for here is NOT a letter from the Applicant to its auditor, nor is it an introductory letter from an auditor. If you are an Applicant that did not receive a separate Management Letter from your auditor regarding internal controls, policies, and procedures, as defined in the NOFA and clarified further here, you will have the opportunity to provide a Statement in Lieu of Management Letter within the AMIS Application.

If the SF-424 is not successfully submitted to Grants.gov and validated by the deadline in Table 1 above, the Applicant will not be able to submit materials in AMIS, and the Application will be deemed ineligible. Thus, Applicants are **strongly encouraged** to submit the SF-424 **as early as possible** in the Grants.gov portal since submission problems may impact the timeline for SF-424 validation and the Applicant's ability to submit the overall Application.

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly (see *Contacting the CDFI Fund, SAM, and Grants.gov*, below). The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.

Note: The SF-424 must be successfully submitted and validated by the deadline in order to submit an AMIS Application. However, the SF-424 is only one part of the Application package. If an Applicant does not submit the required materials in AMIS by the AMIS Application deadline, their TA Application will be deemed incomplete and the Applicant will not be considered for a CDFI Program or NACA Program award.

AWARDS MANAGEMENT INFORMATION SYSTEM (AMIS): Each Applicant must register as an organization in AMIS by the deadline in Table 1 above. Applicants who fail to register as an organization in AMIS by the appropriate deadline will be deemed ineligible. Additional guidance on creating an AMIS account can be found on the AMIS Homepage: <https://amis.cdfifund.gov/s/AMISHome>. Each Applicant must enter their EIN and DUNS number in AMIS by the deadline in Table 1 above. Applicants who fail to enter these numbers in AMIS by the appropriate deadline will be deemed ineligible.

Each Applicant must also submit the required Application materials through the AMIS portal by the deadline in Table 1. In order to submit the required Application materials, the Authorized Representative and Application point(s) of contact **must be included as "Contacts"** in the Applicant's AMIS account. The Authorized Representative **must also be a "user" for the Applicant in AMIS** and must electronically sign the Application prior to submission through AMIS. An Applicant that fails to properly register and update its AMIS account may miss important communications from the CDFI Fund or fail to submit an Application successfully.

Ensuring a Complete Application Package

A complete Application Package is one that includes all required materials listed in Table 2 above, including the specified attachments. If the Applicant fails to submit either the SF-424 Mandatory Form through Grants.gov, register their organization in AMIS, enter their EIN and DUNS number in AMIS, or submit the Technical Assistance Application through AMIS by the required deadlines, the CDFI Fund will not accept the Application.

Contacting the CDFI Fund, SAM, and Grants.gov

The CDFI Fund will respond to Application related questions between the hours of 9:00 a.m. and 5:00 p.m. ET, through April 8, 2022 (two business days before the AMIS Application deadline). The CDFI Fund will not respond to phone calls, program-related Service Requests, or e-mail inquiries that are received after 5:00 p.m. ET on April 8, 2022, until after the AMIS Application deadline. The CDFI Fund will respond to technical issues related to AMIS through 5:00 p.m. ET, on April 12, 2022. Please note that these are not toll free numbers.

Table 3 – CDFI Fund Contact Information

Area	Topic	Phone	Online (preferred)
CDFI Program NACA Program	How to complete Application materials.	202-653-0421	Submit a Service Request in AMIS (preferred) or email cdfihelp@cdfi.treas.gov
CDFI Certification (CPE)	Status of CDFI Certification.	202-653-0423	Submit a Service Request in AMIS (preferred) or email ccme@cdfi.treas.gov
Compliance Monitoring and Evaluation (CME)	Status of compliance with other awards, including outstanding reports.	202-653-0423	Submit a Service Request in AMIS (preferred) or email ccme@cdfi.treas.gov
IT Support	Technical issues related to the CDFI Fund’s Award Management Information System (AMIS).	202-653-0422	Submit a Service Request in AMIS (preferred) or email AMIS@cdfi.treas.gov

Service Requests

A Service Request is the preferred way to contact the CDFI Fund about your Application. To submit a Service Request, you need an AMIS user account. Service Requests contain a “program” multi-pick list. For CDFI Program or NACA Program Application question, select “CDFI Program” or “NACA Program” for the program. For a CDFI Certification question, select “Certification.” For a Compliance question, select “Compliance & Reporting.” For Information Technology, select “Technical Issues.” Failure to select the appropriate program for the Service Request could result in a delayed response to your question.

SAM and Grants.gov

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly. Contact information can be found on their websites. The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.

GRANTS.GOV (SF-424 MANDATORY FORM) INSTRUCTIONS

In accordance with federal regulations, the CDFI Fund requires Applicants to submit the initial component of their FY 2022 CDFI Program or NACA Program Application using the [Grants.gov](https://www.grants.gov) portal, the official website for federal grant information and applications. The Grants.gov registration process alone can take several days to complete. Contact the Grants.gov support staff if you have any questions about the process. If you experience any technical difficulties submitting the Application via Grants.gov, do not contact the CDFI Fund. Contact the Grants.gov help desk instead.

The only component of the Application submitted via Grants.gov is the Standard Form (SF)-424 Mandatory Form. The SF-424 Mandatory Form (SF-424) is required for all Applicants.

Electronically signing and submitting the SF-424 Mandatory Form certifies that the Applicant attests that the information in its Application is true, complete, and accurate, including the Application Assurances and Certifications, and also certifies that the Applicant will comply with the Assurances and Certifications, if an Award is made (refer to **Forms, Assurances, and Certifications Guidance** on the CDFI Fund’s website). Details for completing the SF-424 Mandatory Form are provided below.

Standard Form (SF)-424 Mandatory (Application for Federal Assistance) Instructions

The SF-424 Mandatory form is located in the ‘Mandatory Documents’ box of the downloaded Grant Application Package in Grants.gov. To access the form, select SF- 424 Mandatory, then click on the ‘Move Form to Complete’ button. The SF- 424 Mandatory will move to the ‘Mandatory Documents for Submission’ box. Click on the ‘Open Form’ button to open the form.

Use the Correct Grants.gov Funding Opportunity Number: There are different Grants.gov Funding Opportunity Numbers for the FY 2022 CDFI Program Application and the FY 2022 NACA Program Application. CDFI Program Applicants **must** submit the SF-424 under the CDFI Program Funding Opportunity Number. NACA Program Applicants **must** submit the SF-424 under the NACA Program Funding Opportunity Number. Applicants that submit an SF-424 under the wrong Opportunity Number **will be deemed ineligible** for award contention.

Match your DUNS and EIN Numbers: Applicants’ AMIS record and Grants.gov record are linked by the Organizational DUNS (Field 7.c). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.

Only the fields highlighted in yellow on the form in Grants.gov are required for submission. These fields are also marked as “Required” in Table 5 below. The Instructions column in Table 5 provides guidance on how Applicants should complete their SF-424 Mandatory Form for submission through Grants.gov.

Grants.gov Submission Confirmation

Each Applicant will receive an e-mail from Grants.gov immediately after submitting the SF-424 confirming that the submission has entered the Grants.gov system. This e-mail will contain a tracking number for the submitted SF-424. **After the submission is processed, the Applicant will receive a second e-mail which will indicate if the submitted SF-424 was either successfully validated or rejected with errors.** However, Applicants should not rely on the e-mail notification from Grants.gov to confirm that their SF-424 were validated. Applicants are strongly encouraged to use the tracking number provided in the first e-mail to closely monitor the status of their SF-424 by checking Grants.gov directly. The SF-424 will not be officially accepted by the CDFI Fund **until Grants.gov has validated the SF-424.** In the Grants.gov Workspace function, please note that the Application package has not been submitted if you have not received a tracking number.

Please Note: Per the NOFA, the CDFI Fund will not extend the SF-424 application deadline for any Applicant that started the Grants.gov registration process but did not complete it by the deadline in Table 1 except in the case

of a Federal Government administrative or technological error that directly resulted in a late submission or validation of the SF-424.

The SF-424 must be successfully submitted and validated in Grants.gov by the deadline in Table 1. Applicants are strongly encouraged to submit their SF-424 as early as possible in the Grants.gov portal. Call the Grants.gov support staff if you have any questions about the process. If you experience any technical difficulties submitting the SF-424 via Grants.gov, do not contact the CDFI Fund as we are unable to provide any help or guidance related to Grants.gov. If the SF-424 is not accepted and validated by Grants.gov by the deadline, the CDFI Fund will not review any material submitted in AMIS, and the Application will be deemed ineligible.

SETTING UP YOUR AMIS PROFILE AND APPLICATION

Registering an Organization in AMIS

All CDFI Program and NACA Program Applicants must ensure that their organization is registered in AMIS by the deadline in Table 1. Each Applicant must also enter their EIN and DUNS number in AMIS by the deadline in Table 1 above. **The Applicant organization registered in AMIS must be the same one that submitted the SF-424 through Grants.gov, and the EIN and DUNS number on the SF-424 must match the EIN and DUNS number in the organizational information in AMIS.** Organizations who have previously applied for CDFI Fund program awards through AMIS likely already meet this requirement, but should verify that their information is accurate in AMIS prior to the deadline.

Applicants for this CDFI Program and NACA Program Application Round who do not already have their organization registered in AMIS must complete organization registration by the deadline in Table 1.

Instructions for registering an organization in AMIS can be found in the “Getting Started – Navigating AMIS” Training Manual on the CDFI Fund’s AMIS Website: <https://amis.cdfifund.gov/s/Training>.

Please Note: Per the NOFA, the CDFI Fund will not extend the deadline to register in AMIS for any Applicant that did not register by the deadline in Table 1 except in the case of a Federal government administrative or technological error that precluded an Applicant from registering in AMIS by the applicable deadline.

Organization Profile, Program Profile, and Creating an AMIS Application

Organization Profile

All Applicants must complete (or review and update, as necessary) their Organization Profile page before working on their Program Profile or launching an Application in AMIS. Information from the Organization Profile page will be used in your Program Profile (and later your Application) while other information will be validated later in the submission process.

If your organization has not previously submitted an Application for a CDFI Fund program via AMIS or does not have an existing AMIS account, you must ensure that all necessary information is provided under the Organization Profile. Be sure to double check that the **bolded fields** marked with an asterisk (*) in the table below are accurate when entered into AMIS. Bolded fields with an asterisk indicate which fields populate at the Program Profile and Application level.

Note that the **Total Asset Size** field on the Organization Profile page must be updated by the Applicant. For Certified CDFIs, AMIS will analyze this field to determine whether your organization is eligible to apply for TA. **All Applicants must manually update the Total Asset Size field with the dollar amount of their total assets.**

- Use the Total Assets as of the date of the Applicant’s most recent historic fiscal year end (as defined in Table 13 of this document).

Total Assets as of the Most Recent Historic Fiscal Year End

Example: Pine Tree Mountain Loan Fund is a CDFI with a fiscal year end date of 12/31. It references Table 13 and sees that, for the purposes of this application, it should treat FY 2021 as its “Current Year” and FY 2020 as its “Most Recent Historic Fiscal Year”, even though its FY 2021 Audit is already complete when it begins its FA Application in February 2022.

Pine Tree Mountain Loan Fund looks back to its FY 2020 Audit, which shows Total Assets of \$4,325,325 as of 12/31/2020. It enters this value on its AMIS Organizational Profile page prior to launching its application.

Note on Financial Activities Start Date

Newer, uncertified organizations applying for TA may have not yet begun financing activities. AMIS is not configured to allow for a future prospective date to be entered in this field. Such organizations should enter the date of the NOFA release as a placeholder. When such organizations do start financing activities, they should return to their AMIS Organization Profile to update the date.

Defining Contacts as Authorized Representatives and Points of Contact

There is a list of Contacts for each Organization in AMIS. Each Contact has a Profile associated with it. This Profile, which can be set to 'Admin User', 'User', or 'Viewer', determines the permissions assigned to the Contact. For example, any Contact that is a 'User' or 'Admin User' may create or update a CDFI Program and/or NACA Program Application.

Separate from the Contact Profile, each Contact may be assigned a Type. If assigned, the Type can be set to 'Authorized Representative' or 'Point of Contact.' An organization can have multiple Authorized Representative and Point of Contact records.

Your organization must designate at least one Contact as an Authorized Representative. Please note that an Authorized Representative is an individual who has been authorized by his or her organization to sign an Application, and in doing so, certifies that the information in the Application is true, complete, and accurate on behalf of the organization. The Authorized Representative must be authorized to sign legal documents on behalf of the organization and bind the organization accordingly. **Please do not designate contacts that do not have the appropriate authority to sign an Application or other legal documents as Authorized Representatives (such as consultants).** Only Contacts designated as Authorized Representatives can sign an Application. A Contact with "Consultant" in their title cannot be an Authorized Representative. AMIS will not allow a Contact with a title of "Consultant" to be an Authorized Representative Contact type in AMIS.

The CDFI Fund recommends that your organization also designate at least one additional Contact, as a Point of Contact who is different from the Authorized Representative. Having multiple individuals associated with the Organization and Application in AMIS ensures your organization will receive communications and critical updates about your Application. Once an Application has been signed by an Authorized Representative, Contacts designated as either an Authorized Representative **or** a Point of Contact may submit an Application.

Table 7 – AMIS Contacts

Type	Required?	Recommended?	Can Sign an Application?	Can Submit an Application?
Authorized Representative	Yes	N/A	Yes	Yes
Point of Contact	No	Yes	No	Yes, once the application is signed by an Authorized Representative

To designate a Contact as an Authorized Representative within the Organization Profile, navigate to the Organization Detail page, scroll down to the Contacts section, select the Edit link to the left of the Contact Name, then set the Type to “Authorized Representative”. To designate a Contact as a Point of Contact, follow these same steps, but set the Type field to “Point of Contact”.

If these fields are not complete or accurate before starting an Application, you may receive error messages when trying to sign or submit your Application. Depending on the issue, you may need to submit an AMIS Service Request to resolve it, which could delay your Application submission.

Completing Your AMIS Program Profile

The CDFI-NACA Program Profile is automatically generated upon creation of your organization’s AMIS account. The CDFI-NACA Program Profile contains program-specific information and is where you provide information on NACA Program Eligibility (if applicable) and/or create a new funding Application.

As with the Organization Profile, some information in the Program Profile will be copied automatically into your Application. All Applicants must complete (or review and update, as necessary) their CDFI-NACA Program Profile Information before starting an Application, paying special attention to the items highlighted in the table below.

NACA Eligibility

This section should only be completed by prospective NACA Program Applicants. NACA Program Applicants must complete the NACA Eligibility section before creating an Application in AMIS. Failure to do so will result in a denial of access to all NACA Program Applications.

The NACA Eligibility section is used to determine if an Applicant is eligible to apply for an award under the NACA Program. Applicants should **first** refer to the FY 2022 NACA Program NOFA to review the definitions of the different applicant types to determine the appropriate category for your organization. Certified CDFIs, Emerging CDFIs, and Sponsoring Entities are eligible to apply for Technical Assistance awards.

Note about NACA Eligibility Record Types: Applicants should be careful to select the correct record type. You will not be able to delete a NACA Eligibility record once it is created.

To complete the NACA Eligibility section, start by clicking the New NACA Eligibility button on the Program Profile page, and complete the following data fields.

Creating a New Technical Assistance Funding Application

STOP: If you haven't completed the rest of the Getting Started steps, go back and finish them before creating a new Funding Application. They are necessary for a complete application package!

Detailed instructions on how to launch and complete the AMIS Application is provided in this year's **AMIS Training Manual for CDFI Program and NACA Program: Technical Assistance (TA) Applicants** on the CDFI Fund's website. Read on for additional guidance on the TA Application questions.

TECHNICAL ASSISTANCE APPLICATION INSTRUCTIONS

The following are the main sections of the Application as organized in AMIS. Many of the following sections have subsections. The contents of each section and subsection are discussed below.

1. Application Instructions
2. Application Resources
3. Applicant Level Information
4. Technical Assistance Request Details
5. Application Financial Data
6. Current Financial Products
7. Current Development Services
8. Key Personnel
9. Technical Assistance Narrative
10. Compliance Evaluation Questions
11. Attestation and Submission

Each section contains fields where Applicants input requested information. Please note that some fields in the Application in AMIS will be automatically populated based on other data inputs. Please see this **AMIS Training Manual for CDFI Program and NACA Program: Technical Assistance (TA) Applicants** for technical details on how to use and navigate AMIS.

Note about character limits in AMIS: Pay close attention to the character limits for each entry field in the Application in AMIS. The character limitations in AMIS include spaces, special characters, and punctuation, and are not always exactly the same as character counts in word processing applications. If you are using Word or similar software to initially organize your narrative responses, please ensure that your entire response is copied correctly into AMIS, as any characters beyond the AMIS limit count will be cut off from your response.

1. Application Instructions

This section provides general instructions for completing the TA Application as well as key dates and deadlines related to the TA Application.

Also refer to Table 1 in the NOFAs for a comprehensive list of critical deadlines for Applicants.

2. Application Resources

This section provides a link to TA Application Materials and resources available on the CDFI Fund's website.

3. Applicant Level Information

This section contains the following subsections:

Table 10 – Applicant Level Information

Subsection	Description	Notes/Guidance
Organization Level Information	Displays key information about the Applicant’s Organization Profile.	Applicants must attach their Organizational Chart in this subsection.
Native CDFI Designation	Applicants specify whether they are designated as a Native CDFI.	A Native American CDFI (Native CDFI) is one that Primarily Serves a Native Community. Primarily Serves is defined as 50% or more of an Applicant’s activities being directed to a Native Community. Per the FY 2022 CDFI Program NOFA and the FY 2022 NACA Program NOFA, a Native Community is defined as Native American, Alaska Native, or Native Hawaiian populations or Native American areas defined as Federally-designated reservations, Hawaiian homelands, Alaska Native Villages and U.S. Census Bureau-designated Tribal Statistical Areas.
Bank Holding Companies	Only applies to Bank Holding Company Applicants who intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institutions.	The Applicant should enter the name and EIN of the Subsidiary CDFI Insured Depository Institution that will carry out the activities of the award. The Subsidiary entity EIN cannot be the same as the Bank Holding Company EIN. (Please note that for DIHC Applicants, the EIN in the Applicant’s SF-424 and AMIS profile should still be that of the Applicant Bank Holding Company, not the EIN of the Subsidiary CDFI Insured Depository Institution.) Applicants will also enter the mailing address, Regulator, and Regulator ID # of the Subsidiary CDFI Insured Depository Institution. Note: View additional guidance below.
Applicant Contact Details	Applicants designate Application Points of Contact.	The Application Point of Contact will receive all communications from the CDFI Fund regarding this Application and if successful, the associated award. The CDFI Fund recommends designating at least two Points of Contact.
Applicant Verification	Auto-populated fields regarding the Applicant’s program eligibility.	All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, you must return to your Organization Profile in AMIS to edit it.
Applicant Verification (Confirm Regulator) – <i>Regulated Applicants Only</i>	Auto-populated fields regarding the Applicant’s Regulator.	All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, you must return to your Organization Profile in AMIS to edit it.

Subsection	Description	Notes/Guidance
Environmental Review Criteria	Questions regarding the CDFI Fund’s environmental review requirements as set forth in 12 C.F.R. Part 1815 in order to assure compliance with those regulations and other requirements related to the environment.	Review the Forms, Assurances, and Certifications Guidance for instructions and guidance on completing the Environmental Review Form.
501(c)(4) Questionnaire	Only applicable to Applicants that have a Non-Profit-501(c)(4) designation from the IRS.	This questionnaire is necessary for the CDFI Fund to determine whether an Applicant with a 501(c)(4) designation from the IRS is eligible to receive an award from the CDFI Fund (see 2 U.S.C. 1601, et al.). A full list of instructions can be found in the Forms, Assurances, and Certifications Guidance for instructions on completing the 501(c)(4) Questionnaire as well as full question text.
Associated SF-424 Record	To attach the SF-424 Mandatory Form to the Application.	See “Grants.gov (SF-424 Mandatory Form) Instructions”
Total Time to Complete Application (Estimate)	The total number of hours spent to complete the Application, including time spent gathering and compiling the information as well as entering it into AMIS.	Other activities that are carried out in the normal course of business and are only indirectly related to the completion of this Application (e.g., developing a business strategy or marketing plan, etc.) should not be included in this estimate. Applicants should complete this field once they are ready to submit their Application so the hours accurately reflect the time spent on the Application. This information helps the CDFI Fund understand the Application process and produce better guidance materials.

Additional Guidance on Bank Holding Companies

Note: a Depository Institution Holding Company (DIHC) is defined as a Bank Holding Company or a Savings and Loan Holding Company. For the purposes of this application, any DIHC should consider themselves a Bank Holding Company and follow instructions for BHCs.

4. Technical Assistance Request Details (TA)

This section contains the following subsections:

Table 11 – Technical Assistance Request (TA)

Subsection	Description	Notes/Guidance
TA Request Amount	The official request for TA over the total Period of Performance.	<p>The total amount of Technical Assistance you are requesting must be within the minimum and maximum award amounts as defined in the corresponding NOFA. You will receive a validation error if your requested amount is less than the minimum or greater than the maximum.</p> <p>Award amount requests must be in multiples of \$1,000. For example, Applicants could request \$90,000, but not \$90,316.</p>
TA First Payment Amount Request	The first payment amount request.	<p>The anticipated first payment amount is the estimated amount of the requested TA award that you expect to expend on eligible TA activities during the first 12 months of your Period of Performance.⁶ The award announcement signifies the commencement of the Period of Performance. The first payment amount will determine the initial payment of TA award funds for recipients.</p> <p>Note that the amount the Applicant enters is used to calculate a value in the relevant Performance Goal and Measure (PG&M), which states that the Applicant must spend 90% of its TA first payment amount on eligible activities by the end of the first year of the Period of Performance.</p>

5. Application Financial Data

This section contains the following subsections:

Table 12 – Application Financial Data

Subsection	Description	Notes/Guidance
Verify Financial Institution Type	Applicants verify their financial institution type.	Pre-populated field. If this information is not correct, you must edit or update the information directly on your Organization Profile page in AMIS before continuing with your Application.

⁶ See the applicable NOFA for definitions of TA eligible activities and list of eligible lines of business.

Subsection	Description	Notes/Guidance
<p>Financial Attachments (Unregulated Applicants Only)</p>	<p>Unregulated Applicants (loan funds, venture capital funds, and other non-Regulated Institutions) should attach the required attachments in the Application Financial Data section of the Application in AMIS.</p>	<p>Required Attachments:</p> <p><i>Complete, Final Audited Financial Statements for the Applicant’s Three Most Recent Historic Fiscal Years:</i> The financial statements should be for the CDFI Applicant itself. If the Applicant’s financial statements are consolidated with other entities, then you must either (1) attach the unconsolidated versions, or (2) note where in the financial statements the unconsolidated information is located.</p> <p>In the case where audited financial statements are not available for any or all of the three historic years because the Applicant either a) is or was too small to warrant the creation of audited financial statements; or b) is newly formed and does not have financial history for the full historic period, the Applicant may submit the following. For any years where audited financial statements are not available but unaudited financial statements are available, the Applicant may submit unaudited financial statements. For any years where neither audited nor unaudited financial statements are available, an Applicant may submit a letter signed by an authorized representative stating that the organization was recently founded and does not have sufficient financial history to submit audited financial statements for the full three year historic period.</p> <p><i>Current Year to Date – December 31, 2021 Unaudited (or Audited, if available) Financial Statements:</i> Applicants should provide current year to date unaudited financial statements as of December 31, 2021. Note: Applicants should provide current year to date audited financial statements if available.</p> <p><i>Management Letters for the Applicant’s Most Recent Historic Fiscal Year:</i> The Management Letter is prepared by the Applicant’s auditor and is a communication on internal control over financial reporting, compliance, and other matters. Please review the sample Management Letter in Appendix C. The Management Letter contains the auditor’s findings regarding the Applicant’s accounting policies and procedures, internal controls, and operating policies, including any material weaknesses, significant deficiencies, and other matters identified during auditing. The Management Letter may include suggestions for improving identified weaknesses and deficiencies and/or best practice suggestions for items that may not be considered to be weaknesses or deficiencies. The Management Letter may also include items that are not required to be disclosed in the annual audited financial statements. The Management Letter is distinct from the auditor’s Opinion Letter, which is required by Generally Accepted Accounting Principles (GAAP). Management Letters are not required by GAAP, and are</p>

Subsection	Description	Notes/Guidance
		sometimes provided by the auditor as a separate letter from the audited financial statement itself. Note: The Management Letter asked for here is NOT a letter from the Applicant to its auditor, nor is it an introductory letter from an auditor. If you are an Applicant that did not receive a separate Management Letter from your auditor regarding internal controls, policies, and procedures, as defined in the NOFA and clarified further here, you will have the opportunity to provide a Statement in Lieu of Management Letter within the AMIS Application.
Management Letter 3.2 & 3.3 (Unregulated Applicants Only; Conditionally Required)	Will display for Unregulated Applicants that select “3.1.c” in the previous subsection, <i>Financial Attachments</i> .	This subsection contains components needed to provide the “Statement in Lieu of Management Letter” within AMIS. —For Question 3.2, choose whether option 3.2.a or 3.2.b fits your organization. —For Question 3.3, choose whether your organization has no additional items to report (3.3.a) or does have additional items to report (3.3.b).
Management Letter 3.3.b (Unregulated Applicants Only; Conditionally Required)	Will display for Unregulated Applicants that select “3.3.b” in the previous subsection, <i>Management Letter 3.2 and 3.3</i> .	Add a new row for each issue to report, entering a name for the issue, selecting a type of issue from the drop-down menu, and writing narratives for both the description of the issue and the steps your CDFI is taking to address the concern.
Application Financial Data	Applicants will enter financial data for three most recent historic fiscal years, the current fiscal year, and three projected fiscal years. Applicants need to manually enter the numbers in the Application in AMIS.	The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries. In the case of Bank Holding Company Applicants that intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institution , the Subsidiary CDFI Insured Depository Institution financial information should be used. Note: Additional guidance for this subsection, including fiscal-year specific financial information and important notes, is below. Applicants should also refer to the information in Appendix D: Application Financial Data Inputs for definitions and further guidance for completing the Application Financial Data section.
On-Balance Sheet Financial Products Closed in Designated Qualified Opportunity Zones	Applicants will provide data for the three most recent historic fiscal years, the current fiscal year, and three projected fiscal years, of on-balance sheet Financial Products projected to close in designated Qualified Opportunity Zones.	This subsection is optional for TA Applicants. TA Applicants that do not to provide information on their projected activity in designated Qualified Opportunity Zones should enter zero (0) in the related fields in the Application. The CDFI Fund will not give more favorable consideration to TA Applicants that complete this subsection. Please see the CDFI Fund’s website for more information on, and a list of, designated Qualified Opportunity Zones (https://www.cdfifund.gov/pages/opportunity-zones.aspx).
Eligible Market and/or Target Market 60 Percent Validation	Displays the percentage of the Applicant’s on-balance sheet financial products closed in an Eligible Market and/or approved Target	Certified CDFI Applicants must maintain a minimum of 60 percent investment in their approved Target Market to maintain CDFI certification, annually. The calculation in this subsection, deployment to Eligible

	<p>Market. (Please see the applicable NOFA for definition of Eligible Market.) These calculations are derived from the financial inputs entered in the Application Financial Data subsection.</p>	<p>Market and/or Target Market, is used as a proxy in the Program Application. You must provide a detailed explanation if your CDFI does not deploy at least 60 percent of its financial products in an Eligible Market and/or approved Target Market in any of the seven years of financial data provided in the Application. The explanation should address why the percentage to Eligible Markets and/or approved Target Markets is less than 60 percent and how you intend to meet certification requirements.</p> <p>In this calculation/verification, financial products include three types of on-balance sheet products: loans closed, loan guarantees made, and equity investments closed.</p>
<p>NACA Investment Activities (NACA Applicants Only)</p>	<p>NACA Applicants must enter on-balance sheet loans closed in Native Communities for the three historic fiscal years, current fiscal year, and three projected fiscal years of financial data.</p>	<p>For NACA Program Applicants only.</p>
<p>Financial Data Certification</p>	<p>Applicants must certify that the financial data provided in the Application Financial Data section is complete and accurate before proceeding to the next section of the Application.</p>	<p>Your financial inputs in the Application Financial Data section will impact calculations made in subsequent sections of the Application. Omitting or modifying any of this data later may impact these calculations.</p>

Additional Guidance on Application Financial Data

*The following provides additional guidance on the Application Financial Data subsection. Applicants should also refer to **Appendix D: Application Financial Data Inputs** for definitions and further guidance for completing the Application Financial Data section.*

Required Financial Information

The following table can be used as a guide in determining the financial information that is required based on your CDFI’s fiscal year end date.

Table 13 – Required Financial Information by Fiscal Year End

Fiscal Year End	Required Financial Information
<p style="text-align: center;">03/31 or 6/30 or 9/30 (<i>with Final FY 2021 Audited Information</i>)</p>	<ul style="list-style-type: none"> • FY 2019, FY 2020, and FY 2021 audited financial information entered as historic years. Thus FY 2021 is the “most recent historic year”, also called Historic Year 1 in AMIS. • FY 2022 financial information, as of December 31, 2021, entered as the current year. • FY 2023, FY 2024, and FY 2025 financial information as projected years.
<p style="text-align: center;">9/30 (<i>without final Audited Information</i>) or 12/31 (<i>with or without final FY 2021 Audited Information</i>)</p>	<ul style="list-style-type: none"> • FY 2018, FY 2019, and FY 2020 audited financial information entered as historic years. Thus FY 2020 is the “most recent historic year”, also called Historic Year 1 in AMIS. • FY 2021 financial information, (as of September 30, 2021 for Applicants with 9/30 FYE and as of December 31, 2021 for Applicants with 12/31 FYE), entered as the current year. • FY 2022, FY 2023, and FY 2024 financial information as projected years.

Note about Financial Statements for Historic Years and Current Year: If available, provide audited financial statements for your organization’s three most recent fiscal years and current year. If audited financial statements are unavailable, provide unaudited financial statements.

Note for Sponsoring Entities: If available, provide audited financial statements for the Sponsoring Entity organization’s three most recent fiscal years and current year. If audited financial statements are unavailable, provide unaudited financial statements. When entering the Application Financial Data Inputs in the Application, provide projected financial data for the to-be-created Emerging CDFI and enter zero (0) for the historic years and current year.

Note for Applicants without Three Years of Historic Financial Information: Applicants that do not have three full years of historical financial information should enter zero (0) for any field without data. Applicants will not be able to submit their Applications without the data fields for all seven years of Application Financial Data completed.

Note for Unregulated Applicants with Consolidated Financial Statements: Unregulated Applicants with consolidated financial statements should use the unconsolidated information of the Applicant that will expend and carry out the activities of the TA award when completing the Application Financial Data section. The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries.

Note for Regulated Applicants: Regulated Applicants should not use information from audited financial statements. Instead, Regulated Applicants should use information from their respective call reports to complete the historic year financial data records. See **Appendix D: Application Financial Data Inputs** for further guidance.

Note for Bank Holding Company Applicants: Bank Holding Company Applicants that *intend to carry out the activities of an award through their Subsidiary CDFI Insured Depository Institution* should use the financial information of the Subsidiary CDFI Insured Depository Institution when completing the Application Financial Data section.

Note about On-Balance Sheet Loans: Loans that an Applicant may have originated, but then sold or participated out (i.e. "sold but serviced") are not to be counted in the "total on-balance sheet loans." Only the amount of the Applicant's capital that is at risk is to be included in the On-Balance Sheet Loan entry.

Note about Loan Portfolio and Equity Investment Information: Loan portfolio and Equity Investment information should only include the Applicant's on-balance sheet activity and should only include TA eligible activities as defined in the NOFA. For example, Applicants should not include Individual Development Accounts (IDAs).

Note for Capital Magnet Fund (CMF) Recipients: CMF Recipients should include on-balance sheet CMF loans in their on-balance sheet loan information in the financial data inputs.

6. Current Financial Products

In this section, Applicants will identify the type of Financial Products they provided as of their most recent historic

Financial Product Lines of Business
<ul style="list-style-type: none">• Commercial Real Estate• Small Business• Microenterprise• Community Facilities• Consumer Financial Products• Affordable Housing• Intermediary Lending to Non-Profits and CDFIs• Other

fiscal year by line of business.

The most recent historic fiscal year should be the same year as the most recent historic fiscal year in your financial data inputs in AMIS. This information helps the CDFI Fund understand the business model and types of access to credit and capital you are providing to the populations and communities your CDFI serves.

For each line of business, Applicants should provide a description of the Financial Products offered within that line of business and the amount of the portfolio outstanding in that line of business as of the most recent historic fiscal year. Applicants should provide this information about as many lines of business as applicable to their organization. **There should only be one entry for each line of business.**

When completing the *Current Financial Products* information, Applicants should only input **on-balance sheet activity in their approved Target Market(s) and/or Eligible Markets**. Applicants that do not track activity levels by Eligible Market should include information in their approved Target Market(s) only.

For the field *Current Financial Product Type*, Applicants should select the lines of business for the Financial Product being entered. Applicants can use the definitions in **Appendix E: Technical Assistance Glossary of Terms** for guidance on lines of business. The definitions apply to the TA Application only and should be used to assist Applicants in understanding the terms used within the Application.

Entering Current Financial Product Types by Lines of Business

Example: East Coast CDFI's total portfolio outstanding in Eligible Market(s) and its approved Target Market as of its most recent historic fiscal year is \$4,560,000. The portfolio is made up of the following: \$1,000,000 in first mortgage affordable housing loans, \$200,000 in second mortgage affordable housing loans, \$2,000,000 in loans to child care facilities, \$250,000 in loans to health care facilities, and \$1,110,000 in loans to small businesses.

When completing the *Current Financial Products* section of the Application, East Coast CDFI would enter information for three lines of business: Affordable Housing, Community Facilities, and Small Business. East Coast CDFI would enter \$1,200,000 under Affordable Housing, \$2,250,000 under Community Facilities, and \$1,110,000 under Small Business.

7. Current Development Services

In this section, if applicable, Applicants will identify the types of Development Services they provided as of their most recent historic fiscal year by type of Development Service.

The most recent historic fiscal year should be the same year as the most recent historic fiscal year in your financial data inputs in AMIS. **There should only be one entry for each type of Development Service.**

This information helps the CDFI Fund understand each Applicant's business model and the technical assistance provided to improve access to credit and capital in the communities and populations you serve.

8. Key Personnel

In this section, Applicants will identify and discuss their key staff members, their board members, and any committees used by their CDFI.

If your CDFI has more than the maximum allowed key staff persons, board members, and/or committees, you should identify the key staff, board members, and committees that will be most critical to implementing your strategic goals and expending the requested TA award.

This section contains the following three subsections:

Table 14 – Key Personnel

Subsection	Maximum # Allowed	Notes/Guidance
Key Staff	Up to ten (10) Key Staff.	For each key staff person, Applicants should describe the key staff person’s capacity, skills, and experience as it relates to his or her role in implementing the Applicant's strategic goals and expending the requested TA award.. Applicants must also attach key staff resumes in this section.
Board Members	Up to seven (7) Board Members.	For each board member, Applicants should describe the accountability of the board member to the CDFI’s Target Market, the role of the board member, and the expertise that the board member provides to the CDFI.
Committees	Up to five (5) committees.	For each committee, Applicants should describe the committee’s purpose and how it relates to the performance of the CDFI.

9. Technical Assistance Narratives

In this section of the Application, Applicants will provide responses to narrative questions for the TA Application.

The narrative responses are organized into two subsections:

- Section I: Demonstration of Certification Qualifications (Questions 1-6), required for Emerging CDFI and Sponsoring Entity TA Applicants **only**.
- Section II: Business Strategy (Questions 1-12), required for all TA Applicants.

Note: Applicants are required to enter their narrative responses in the text boxes provided in the TA Application in AMIS. Do not submit a Word document containing your narrative responses as an attachment to your TA Application, as it will not be reviewed by the CDFI Fund.

Section I: Demonstration of Certification Qualifications

Visit the CDFI Fund’s website to learn more about the [CDFI Certification](#) process. Uncertified Applicants should review the CDFI Certification Application and process prior to beginning the TA Application.

Uncertified TA Applicants, consisting of Emerging CDFIs and Sponsoring Entities (NACA Program only), must provide responses to all Section I narrative questions. Uncertified TA Applicants must describe how they currently meet and/or intend to meet the CDFI Fund’s CDFI certification requirements within the required timeframe.

Timeframe: If selected to receive a CDFI Program TA or NACA Program TA award, Emerging CDFIs with no prior TA awards will be required to become certified within three years, Emerging CDFIs with a prior TA award will be held to the date listed in its prior TA Award(s), while Sponsoring Entity Recipients will be required to create an Emerging CDFI that must be certified within four years. Note that Sponsoring Entities must describe how the to-be-created Emerging CDFI will meet the CDFI Fund’s CDFI certification requirements.

The six required narrative responses in Section I address five of the seven CDFI certification criteria. Specifically, Applicants will be evaluated on their plan to meet the following five of the seven required certification criteria:

- Has a primary mission of promoting community development;
- Is a financing entity;
- Primarily serves one or more Target Markets;
- Maintains accountability to its defined Target Market; and
- Provides Development Services in conjunction with its financing activities.

However, the CDFI Fund will evaluate the Applicant’s ability to meet all the certification criteria, including the Applicant’s status as a legal entity and non-governmental entity.

Note: Although the CDFI Fund will evaluate the Applicant’s plan for CDFI certification as part of the overall TA Application review, the Applicant’s “Demonstration of Certification Qualifications” in the TA Application **does not replace** the requirement to complete and submit the CDFI Certification Application.

Further details about the required timeline for achieving CDFI certification will be outlined in each Recipient’s Assistance Agreement. If a Recipient has a prior TA award, the certification timeline requirements included in the Assistance Agreement for the prior award remain in effect.

Table 15 – TA Applicant Type Certification Timelines

TA Applicant Type	Create New Entity	Submit Certification Application to CDFI Fund	Achieve CDFI Certification
Emerging CDFIs with no prior TA Awards	N/A; the organization that receives the TA award must become the Certified CDFI	By end of Year 2 of Period of Performance	By end of Year 3 of Period of Performance
Emerging CDFIs with prior TA Award(s)	N/A; the organization that receives the TA award must become the Certified CDFI	By the date listed in its prior TA Award(s)	By the date listed in its prior TA Award(s)
Sponsoring Entities (NACA Program only)	By end of Year 1 of Period of Performance	By end of Year 3 of Period of Performance	By end of Year 4 of Period of Performance

Section I Narrative Questions

Section I is mandatory for Emerging CDFIs and Sponsoring Entities. Certified CDFIs will skip this section and proceed directly to Section II.

Note for NACA Program Sponsoring Entity Applicants: Specific tips for Sponsoring Entities, when applicable, are provided for each narrative question.

Note for Emerging CDFI Applicants: Unless your organization is applying as a NACA Program Sponsoring Entity, **do not** follow the guidance specifically marked for Sponsoring Entities. Because Sponsoring Entities are unique organizations that must create a separate legal entity that will become an Emerging CDFI, the manner and perspective in which the Sponsoring Entity answers each question will likely be different from your applicant type.

Question	Character Limit	Notes/Guidance
<p>Section I, Question 1. Primary Mission <i>Certification Criteria: A CDFI shall have a primary mission of promoting community development.</i></p>		
<p>1(a). Applicants must include the following in their discussion of how they meet or will meet the primary mission requirement:</p> <ul style="list-style-type: none"> a) Explanation of how the Applicant’s current or proposed Financial Products (e.g. Loans, Equity Investments, purchase of loans, and the provision of loan guarantees), other similar financing activities, Financial Services (e.g. Checking, savings accounts, certified checks, automated teller machines, and other similar services), and Development Services in conjunction with its Financial Products (e.g. financial or credit counseling to facilitate home ownership, promoting self-employment, or enhancing consumer financial management skills) support the stated primary mission; b) Explanation of how the Applicant’s current or proposed activities are purposefully directed toward improving the social and/or economic conditions of low-income, distressed, and/or underserved people or communities; and c) Explanation of how the Applicant ensures or will ensure that it engages in responsible financing practices. 	<p>3,000 character limit</p>	<p>In order to become a certified CDFI an organization must demonstrate that it has a primary mission of community development by providing activities directed toward improving the social or economic conditions of underserved people or residents of distressed communities. Furthermore, its primary mission should clearly evidence a mission of serving low-income individuals; individuals that lack adequate access to capital and/or financial services; distressed communities; or underserved people or communities.</p> <hr/> <p>Sponsoring Entity Applicants</p> <ul style="list-style-type: none"> • You should explain how the to-be-created Emerging CDFI will meet the primary mission requirement.

Question	Character Limit	Notes/Guidance
<p>Section I, Question 2. Financing Entity <i>Certification Criteria: A CDFI shall be an entity whose predominant business activity is the provision, in arms-length transactions, of Financial Products, Development Services, and/or other similar financing.</i></p>		
<p>2. Applicants must include the following in their discussion of how they meet or will meet the financing activity requirement:</p> <ul style="list-style-type: none"> a) Description of how the Applicant’s current or intended organizational structure supports their current or proposed financing activities and Development Services. The discussion should address employees, significant volunteer positions, consultants, and Affiliate staff as applicable; b) If the Applicant is already a financing entity, it should discuss its lending track record and current pipeline; and c) If the Applicant is not yet a financing entity, it should discuss its timeline and plan for commencing financing activities including how it has determined or will determine that there is sufficient demand for such activities. 	<p>3,000 character limit</p>	<ul style="list-style-type: none"> • <u>Regulated Institutions that have been chartered by the applicable state or federal regulatory agency are not required to respond to Question 2(a).</u> • It should be clear that your predominant business activity is or will be the provision of Financial Products. • You must demonstrate that a predominance of your staff-time is dedicated to the provision of Financial Products. • In discussing your lending track record, if applicable, you should specify the number of transactions closed within the specified time frame. • If you have not yet begun lending, you must provide a specific timeline indicating when you intend to commence financing activities. Note that Uncertified Applicants with no previous TA Awards are required to apply for CDFI Certification by the end of their Year 2 Period of Performance. Thus, your organization will need to start offering financial products prior to that timeframe, in order for you to write a compelling Certification Application demonstrating that your organization meets the financing entity requirement and to become a Certified CDFI. • You must explain how you will maintain sufficient capital to continue financing activities over the long-term. <hr/> <p>Sponsoring Entity Applicants</p> <ul style="list-style-type: none"> • You should respond to question sub-parts “a” and “c” from the perspective of the to-be-created Emerging CDFI.

Question	Character Limit	Notes/Guidance
Section I, Question 6. CDFI Certification Application Submission		
<p>6a. By selecting 'Yes', I affirm that my organization will submit its CDFI Certification application by the following schedule.</p> <p>6b. The following table displays all Certification Applications received from your organization. If your organization has ever submitted an Application for CDFI Certification that has a status of "Declined", please comment below on why your application was declined, and the efforts your organization is making to address those factors. Otherwise, type "N/A", or leave the textbox blank.</p>	N/A	<ul style="list-style-type: none"> • Uncertified TA Applicants that receive awards will have a Performance Goal and Measure (PG&M) with specific dates by which they must apply for CDFI Certification and become a Certified CDFI. AMIS will display these dates on-screen for Applicants' reference when answering 6a. • Many TA Applicants will not yet have submitted a Certification Application to the CDFI Fund, since a common reason for applying for TA is to help an organization become Certified. These Applicants may simply put "N/A", or leave the textbox blank, • Some TA Applicants may have submitted a Certification Application to the CDFI Fund for which they have not yet received a determination. Such a Certification Application would show as a status of "Submitted" in the on-screen table. These Applicants may simply put "N/A", or leave the textbox blank. <p>Sponsoring Entity Applicants</p> <ul style="list-style-type: none"> • This question will not appear for Sponsoring Entities (NACA only). <p>If your organization is a NACA sponsoring entity, your organization will have benchmarks for creating a new entity, and it will then have its own benchmarks for submitting a certification application and being certified by the CDFI Fund. Please submit an AMIS Service Request if you have any questions on what dates your organization would be held to, if successful in obtaining a TA Award.</p>

Section II: Business Strategy

Section II is mandatory for all TA Applicants.

Note for NACA Program Sponsoring Entity Applicants: Specific tips for Sponsoring Entities, when applicable, are provided for each narrative question.

Note for Emerging CDFI and Certified CDFI Applicants: Unless your organization is applying as a NACA Program Sponsoring Entity, **do not** follow the guidance specifically marked for Sponsoring Entities. Because Sponsoring Entities are unique organizations that must create a separate legal entity that will become an Emerging CDFI, the manner and perspective in which the Sponsoring Entity answers each question will likely be different from your applicant type.

Responding to the Business Strategy Narrative Questions

Responses to the business strategy section must address strategic goals, management capacity, financial viability, partnerships, and risk mitigation strategies. TA Applicants must provide responses to the Section II narrative questions that are required for your respective Applicant type as noted in the table below.

Table 17 – Section II: Business Strategy Narrative Questions

10. Compliance Evaluation Questions

This section contains questions that are used to calculate an Applicant's Total Compliance Composite Score.

The CDFI Fund will conduct a compliance risk evaluation for all Applicants in order to ensure that the Applicant does not have major internal management or compliance concerns. Please see **Appendix F: Compliance Evaluation Questions** for the specific questions and additional information.

11. Attestation and Submission

STOP: Before you submit your application, the CDFI Fund recommends that you closely review your application. Once submitted, your application will be locked, and responses cannot be altered.

Before proceeding to this section, make sure that your application is complete, all the narrative and table information has been entered, and that all required attachments have been uploaded and attached to your application.

Each Application must be signed by a designated Authorized Representative in AMIS before it can be submitted. Applicants must ensure that an Authorized Representative is an employee or officer of the Applicant and is authorized to sign legal documents on behalf of the organization and bind the organization accordingly. **Consultants working on behalf of the organization cannot be designated as Authorized Representatives and may not sign the Application.**

An Authorized Representative signs the Application by checking the box located in this section. The Authorized Representative must be logged in to AMIS to complete this action. Please read the attestation before signing the Application. The name of the Authorized Representative who signs the Application and the date and time he or she signed the Application will automatically appear after the signature attestation box is checked. **Please note that an Authorized Representative can sign the Application at any time prior to submitting the Application. Signing the Application does not submit your Application.**

Note about Submission: Only a designated Authorized Representative or Application Point of Contact, as designated in the Application, may submit the Application in AMIS. Be aware of the difference between these two roles: only the Authorized Representative may **sign** the Application, and either the Authorized Representative or Application Points of Contact may **submit** the Application.

APPENDIX A: TYPES OF TARGET MARKETS

- 1) **Investment Areas** – A qualifying Investment Area must meet at least one economic distress criteria as specified in 12 C.F.R. § 1805.201(b)(3)(ii)(D) and has significant unmet needs for loans, Equity Investments, Financial Products or Financial Services, or are wholly located within an Empowerment Zone currently in effect or Enterprise Community (as designated under section 1391 of the Internal Revenue Code of 1986 (26 U.S.C. 1391)).

Individuals who work for (as employee or board member) an organization that primarily provides services to <u>residents</u> of the Investment Area.		

APPENDIX C: SAMPLE MANAGEMENT LETTER

DISCLAIMER: The sample Management Letter below is being provided by the Community Development Financial Institutions Fund (CDFI Fund) as a courtesy to Applicants to demonstrate the types of information and statements that may be found in Management Letters meeting the requirements of the CDFI/NACA Program Application. The Management Letter submitted by an Applicant may include different information than that presented in this sample letter and should reflect the actual findings of the Applicant organization's audit. Please note that the text below is for demonstration purposes only and should not be relied upon by Applicant organizations or auditors for purposes of meeting any applicable federal, state, or local legal requirements or accounting standards.

If your organization does not have a Management Letter it should attest to the Statement in Lieu of Management Letter using the template provided as part of the Application in AMIS.

[Auditor Letterhead]

[DATE]

To Management and the Audit Committee
[APPLICANT ENTITY AND SUBSIDIARIES]
[CITY, STATE]

We have audited the consolidated financial statements of APPLICANT ENTITY and Subsidiaries (the Organization) as of and for the year ended [DATE], and have issued our report thereon dated [DATE]. Professional standards require that we advise you of the following matters relating to our audit.

In planning and performing our audit of the consolidated financial statements of the Organization as of and for the year ended [DATE], in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Certain deficiencies in internal control that have been previously communicated to you, in writing, by us or by others within your organization are not repeated herein.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

[Below are samples of findings, actual statements will vary with the facts of each audit]

Uncorrected and Corrected Misstatements

During the course of our audit, we proposed a financial statement presentation reclassification related to the restricted cash of [DOLLAR AMOUNT] that was contributed back to the ABC Subsidiary, as part of the overall unwind of the XYZ Subsidiary.

The related contribution expense related to this cash donation was reclassified to be included with overall net contribution of fixed assets and forgiveness of debt to present a net gain relating to the projects unwind. We believe the net presentation of all three elements (cash, fixed assets, and debt) to be a preferable way of presenting the essence of the transaction. Management reclassified this entry correctly during the course of our audit.

Impaired Loan Analysis

During our testing of a collateral-dependent impaired loan, we noted that management’s analysis did not adequately support its conclusion on estimated fair value. Management should ensure the estimate of fair value of impaired loans and foreclosed assets is thoroughly documented and supported with the use of either external valuation (i.e., appraisal or broker opinion of value) or internal valuation of fair value.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This communication is intended solely for the information and use of management, the Audit

Committee, and others within the Organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

[AUDITOR]

APPENDIX D: APPLICATION FINANCIAL DATA INPUTS

Overview

The following Appendix provides a list of all required Application Financial Data input fields organized by Institution Type: (i) Unregulated Applicants, (ii) Credit Union Applicants, (iii) Bank and Bank Holding Company Applicants, and (iv) Cooperativa Applicants. For convenience, the CDFI Fund has also provided a blank Excel workbook entitled “Application Financial Data Inputs Workbook” that can be used by Applicants to gather all required Application Financial Data offline before entering it into AMIS.

Note that each Application Financial Data input field is required in AMIS and you will not be able complete the Application Financial Data subsection until all fields are populated with a numeric value greater than or equal to zero (“≥ 0”).

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

All numbers related to an Applicant’s equity and loan portfolios must be entered as a positive whole integer, greater or equal to zero (“≥ 0”). This includes the line item for “Allowance for Loan and Lease Losses” (ALLL) listed under the “Assets” grouping on the Application Financial Data Input page. Auditors commonly express ALLL as a contra asset and present it as a negative number on audited financial statements. In such instances, where ALLL is a negative number on an Applicant’s financial statements, the Applicant must convert this number to its absolute value (a positive number), and enter this positive number in the Application Financial Data inputs subsection for the ALLL line item.

In instances other than line items related to the Applicant’s equity and loan portfolios where the Applicant has a negative value expressed on its Audit or internal financial statements, Applicants are to enter a zero (“0”) on the corresponding line item on the Application Financial Data inputs page. Applicants who need to enter a “0” instead of a negative number(s) are to provide an explanation of each of these entries in the “Application Narrative” subsection under the “Financial Position” question response box.

Financial Data Inputs for Unregulated Applicants

Background

The following table provides guidance and definitions for entering required Application Financial Data inputs into AMIS for Unregulated Applicants. To ease the use of this appendix, line items are organized in groups (Assets, Liabilities, Net Assets, Income/Revenue, Expenses, Loan Portfolio, Equity Portfolio, Persistent Poverty County Activities and Opportunity Zone Activities), and appear in the same order as they appear online in the AMIS Application Financial Data inputs page (as opposed to being organized alphabetically).

In instances where the required Application Financial Data inputs have a corresponding definition within Generally Accepted Accounting Principles (GAAP), the definitions are drawn directly from GAAP. In instances where there is no corresponding concept defined in GAAP, the CDFI Fund has provided definitions to aid Applicants in entering the correct Application Financial Data inputs in AMIS.

Table 26 – Financial Data Inputs for Unregulated Applicants

Financial Data Inputs for Credit Union Applicants

Credit Union Applicants should use information from their National Credit Union Administration’s (NCUA) Call Report Form 5300 (5300) and the Financial Performance Report (FPR) to complete the Application Financial Data subsection in AMIS. Credit Union Applicants should **not** use information from audited financial statements as terms and definitions may vary.

Credit Union Applicants are advised to use their best efforts to provide data for the financial inputs that have no corresponding Call Report references by using the guidance provided below. **Note that a Credit Union Applicant will not be penalized if it is unable to provide the data requested.** The CDFI Fund will continue to work with federal regulators to refine financial data points and improve the application process.

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

Financial Data Inputs for Bank and Bank Holding Company Applicants

Bank and Bank Holding Company Applicants should use information from their respective Call Reports to complete the Application Financial Data subsection in AMIS. Bank and Bank Holding Company Applicants should not use information from audited financial statements as terms and definitions may vary.

Bank and Bank Holding Company Applicants are advised to make their best efforts to provide data for the financial inputs that have no corresponding Call Report references by using the guidance provided, however Bank and Bank Holding Company Applicants will not be penalized if they are unable able to provide the data requested. The CDFI Fund will continue to work with federal regulators to refine financial data points and improve the application process.

In instances where there is no corresponding Uniform Bank Performance Report (UBPR) Concept Description provided in the crosswalk table, the comments provided by the CDFI Fund will aid Applicants in completing the Application Financial Data subsection in AMIS.

Note for Bank Holding Company Applicants: Bank Holding Company Applicants with a subsidiary bank entity that will make use of the FA Award funds should use the financial information of the subsidiary bank entity when completing the Application Financial Data section.

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

- **Small Business Finance** generally means financing to a for-profit or non-profit enterprise in an amount greater than \$50,000 for the purpose of expansion, working capital, equipment purchase or rental, or commercial real estate development or improvement.
- **Other** is any other line of business not meeting any of the above terms.

Financial Institution Designation

- **Minority Depository Institution** means an institution as defined in section 308(b) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (12 U.S.C. 1463 note), or otherwise considered to be a minority depository institution by the appropriate Federal banking agency, as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813), or by the National Credit Union Administration, as applicable.

APPENDIX F: COMPLIANCE EVALUATION QUESTIONS

The following questions are used to calculate an Applicant’s Total Compliance Composite Score in both Base-FA and TA Applications. To produce a Total Compliance Composite Score, the CDFI Fund’s Application Assessment Tool (AAT) uses responses provided by each Applicant in the compliance questions, as well as information in an Applicant’s reporting history, reporting capacity, and performance risk with respect to the CDFI Fund’s Performance Goals and Measures (PG&Ms). The purpose of this evaluation is to ensure Applicants do not have major internal management or compliance concerns.

In addition to the questions listed below, information from the Applicant’s prior PG&Ms (where applicable) will be used as part of the calculation of a Total Compliance Composite Score.

Please note: The below table is provided as a guide for Applicants as you complete the compliance evaluation questions. **The question order will vary for each Applicant** depending upon whether you are a prior or current Award Recipient and your answers to certain evaluation questions.
