Base-FA Application: FA Objectives

- 1-1: Increase Volume of Financial Products
- 1-2: Increase Volume of Financial Services
- 1-3: New Geographic Area(s)
- 1-4: New Financial Product(s)
- 1-5: New Financial Service(s)
- 1-6: New Development Service(s)
- 1-7: Serve New Targeted Population(s)

Base-FA Application: FA Objectives

As an Applicant completes its Application and related financial projections for the FA Objectives, it should keep the following tips in mind:

- Applicants may select more than one FA Objective, but Applicants that select multiple FA Objectives **will not be more competitive**.
- FA Objectives will be included as Performance Goals & Measures (PG&Ms) in Assistance Agreements.
- The PG&Ms for the FA Objectives included in your FY 2022 Assistance Agreement will reflect the same projected activity levels entered in the Application. The CDFI Fund **will not conduct a pro rata reduction** if your organization does not receive your full Base-FA award request.

For example: an Applicant requests a \$1,000,000 Base-FA award, selects the FA Objective 1-1: Increase Volume of Financial Products, and projects \$50,000,000 in Financial Products Closed over its three projected years of financial data. The PG&Ms in its Assistance Agreement will be based on the projected \$50,000,000 in Financial Products closed in an Eligible Market(s) and/or its approved Target Market over the Period of Performance, even if the Applicant receives a \$500,000 Base-FA award.

Base-FA Application: FA Objectives

- Off-balance sheet activity cannot be used to meet your PG&Ms. Therefore, Applicants **should not include off-balance sheet** activity in its projected financial activity for the FA Objectives in the Application.
- For the FA Objectives of: Increase Volume of Financial Products, Increase Volume of Financial Services, New Geographic Area(s), New Financial Product(s), New Financial Service(s), and New Development Service(s), projected activity (i.e., Financial Products closed, Financial Services provided, and/ or Development Services provided) **must be in Eligible Market(s) and/or the Applicant's approved Target Market(s).**

Base-FA Application: FA Objectives

- 1-1: Increase Volume of Financial Products and 1-2: Increase Volume of Financial Services
 - The corresponding PG&M will be the sum of the three years of projected Financial Products closed or Financial Services provided in an Eligible Market(s) or approved Target Market(s) set forth in the Application.
 - The three years of projected activity must be greater than the sum of the three years of historic activity levels provided in the Application (plus the amount of the Base-FA award, for Increase Volume of Financial Products.)
 - Applicants should only include on-balance sheet activity in their projected Financial Products closed or projected Financial Services provided.
 - Applicants that select FA Objective 1-1: Increase Volume of Financial Products in FY 2022 and have a FY 2020 and/or FY 2021 award outstanding that included FA Objective 1-1 must exceed the volume of Financial Products projected in their FY 2020 and/or FY 2021 Assistance Agreements for any overlapping years.
 - Applicants that select FA Objective 1-2: Increase Volume of Financial Services in FY 2022 and have a FY 2020 and/or FY 2021 award outstanding that included FA Objective 1-2 must exceed the volume of Financial Services projected in their FY 2020 and/or FY 2021 Assistance Agreements for any overlapping years.

Base-FA Application: FA Objectives

- 1-3: Serve New Geographic Area(s)
 - Projected activity must be in an Eligible Market(s).
 - A New Geographic Area is defined as an area that accounts for five percent or less of the Applicant's outstanding portfolio averaged over its three most recent historic fiscal years.
 - Applicants can define a New Geographic Area(s) at the state, U.S. territory, and/or county level.
 - The PG&M that corresponds to this FA Objective will be based upon the projected activity over the three year Period of Performance in the New Geographic Area(s). Applicants should only include on-balance sheet activity.
 - Serving a New Geographic Area(s) may or may not impact or change your CDFI's approved Target Market(s).
 - The New Geographic Area(s) listed in the Application will be included in the PG&M for this FA Objective in the Assistance Agreement.
 - Activity must occur in one or more of the New Geographic Area(s) listed in the Application.

Base-FA Application: FA Objectives

• 1-4: New Financial Product(s), 1-5: New Financial Service(s), and/or 1-6: New Development Service(s)

- Projected activity must be in an Eligible Market(s) and/or approved Target Market(s).
- To qualify as a New Financial Product or New Financial Service, the proposed New Financial Product or New Financial Service must constitute five percent or less of the Applicant's outstanding portfolio as of its most recently completed historic fiscal year.
- To qualify as a New Development Service, the proposed New Development Service must constitute five percent or less of the total clients that the Applicant served through its Development Services for its most recently completed historic fiscal year.
- The PG&M that corresponds to this FA Objective will be based upon the projected activity over the three year Period of Performance for the New Financial Product(s), New Financial Service(s), and/or New Development Service(s) identified in the Application. Applicants should only include on-balance sheet activity.
- The New Financial Product(s), New Financial Service(s), and/or or New Development Service(s) listed in the Application will be included in the PG&M for this FA Objective in the Assistance Agreement.
- Applicants must close or provide one or more of the New Financial Product(s), New Financial Service(s), or New Development Service(s) listed in the Application to satisfy the PG&M.

Base-FA Application: FA Objectives

- 1-7: Serve New Targeted Population(s)
 - In order to select this FA Objective, the Applicant must propose to serve a New Targeted Population(s) that it is not certified to serve and has not submitted an Application to become certified to serve as of the Application deadline.
 - Serving a Targeted Population (e.g., Low-Income) that your CDFI is already certified to serve that is in a New Geographic Area is not considered a New Targeted Population.
 - The PG&M that corresponds to this FA Objective will be to submit a Service Request through AMIS to modify your CDFI's approved Target Market to include at least one of the New Targeted Population(s) selected in the Application by the end of year two of the Period of Performance and have at least one of the New Targeted Population(s) selected in the Application added to your approved Target Market by the end of the three year Period of Performance.

PPC-FA Application

- PPC-FA awards will be provided as a supplement to Base-FA awards. The PPC-FA award is evaluated independently from the Base-FA Application and will not affect the Base-FA award evaluation or amount.
- PPC-FA requests are not scored. PPC-FA award amounts will be determined based on the total number of eligible Applicants and funding availability, minimum Award size, the Applicant's requested amount, and other factors, including, but not limited to, an Applicant's:
 - Overall portfolio size;
 - Historical track record of deployment in PPC; and
 - Pipeline of projects in PPC.

PPC-FA Application

- PPC-FA Recipients will be required to close 100% of the PPC-FA award or equivalent funds in Financial Products by the end of the three year Period of Performance into PPC.
 - There will also be interim goals to close five percent of the PPC-FA award or equivalent funds into PPC by the end of year one of the Period of Performance and 50% by year two of the Period of Performance.

DF-FA Application

- DF-FA awards will be provided as a supplement to Base-FA awards. The DF-FA Application is evaluated independently from the Base-FA Application and will not affect the Base-FA award evaluation or amount.
- Applicants must include their requested award amount for DF-FA funding in their Base-FA Application.
- The DF-FA Application will be available in AMIS as a supplemental Application to be completed and submitted at the same time as the Base-FA Application.

DF-FA Application

- Successful DF-FA Applicants will demonstrate that they will increase and/or expand their Financial Product(s), Financial Service(s), and/or Development Service(s) to address the challenges of individuals with disabilities, such as: asset development; affordable, accessible, and safe housing; employment opportunities; and access to assistive products and services that support health and community living.
- For the purposes of DF-FA, a person with a Disability is a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such an impairment, or a person who is perceived by others as having such an impairment, as defined by the American Disabilities Act (ADA) at <https://www.ada.gov/cguide.htm>.
- DF-FA Recipients will be responsible for closing loans, equity investments, and similar financing activities that benefit individuals with disabilities in an amount equal to or greater than 85% of the total DF-FA award.

HFFI-FA Application

- HFFI-FA awards will be provided as a supplement to Base-FA awards. The HFFI-FA Application is evaluated independently from the Base-FA Application and will not affect the Base-FA award evaluation or amount.
- The HFFI-FA Application will be available in AMIS as a supplemental Application to be completed and submitted at the same time as the Base-FA Application.

HFFI-FA Application

- HFFI-FA eligible financing includes activities to Healthy Food Retail and Healthy Food Non-Retail Outlets where the majority of the loan or investment is devoted to offering a range of Healthy Food choices.

Application Review Selection, Process, and Reminders

Application Submission

- The CDFI Fund has a two-step process that requires the submission of Application documents on separate deadlines and different online systems.
 - Step 1: On or before March 14, 2022 at 11:59 p.m. ET, the Applicant must create an AMIS account, submit its SF-424 via Grants.gov, and enter its EIN and DUNS numbers in its AMIS account. If the Applicant is eligible for SECA FA but wishes to apply for more than \$700,000, they must submit a Service Request in AMIS by this date.
 - Step 2: The Applicant must submit a complete CDFI Program or NACA Program FA or TA Application in AMIS, including all Required Application Documents, on or before April 12, 2022 at 11:59 p.m. ET.

Base-FA Application: Evaluation Process

- Step 1: Eligibility Review
 - The CDFI Fund ensures that each Applicant meets all eligibility requirements as detailed in the FY 2022 CDFI Program NOFA and NACA Program NOFA (refer to Tables 5, 6, and 8).

Base-FA Application: Evaluation Process

- Step 2: Financial Analysis and Compliance Risk Evaluation
 - The CDFI Fund evaluates the financial and compliance information provided in the Application using a tool developed by the CDFI Fund called the Application Assessment Tool (AAT) and, in some cases, additional review by CDFI Fund staff.
 - For the Compliance Risk Evaluation, the AAT uses responses provided in the Application as well as the Applicant’s reporting history, reporting capacity, and performance risk with respect to the CDFI Fund’s PG&Ms.
 - Applications that score a 1, 2, or 3 for the Financial Analysis and for the Compliance Risk Evaluation will move on to Step 3. Applicants that score a 4 or 5 will be further evaluated by CDFI Fund Staff.
 - The Financial Analysis for Regulated Institutions will be based upon regulator feedback and CAMEL(S) scores (or regulating entity equivalent). FA Applicants must have a CAMEL(S) rating of at least “3” and/or no significant material concerns from their regulator.
 - For Depository Institution Holding Companies (DIHC) Applicants, this applies to both the DIHC and its Subsidiary intending to carry out the Award.
 - Based on scoring from FYs 2019, 2020, and 2021, more than 99% of all Applicants pass Step 2 and move on to Step 3.

Base-FA Application: Evaluation Process

- Step 3: Business Plan Review
 - The Business Plan Review is conducted by two external community development finance experts.
 - The intent of the Business Plan Review is to ensure that an Applicant's comprehensive business plan is sound and achievable.
 - The sum of the two reviewers' Business Plan Review scores will be used to calculate a Total Business Plan Review Score.
 - Applications with a Total Business Plan Review Score that meet the following thresholds will advance to Step 4:
 - CDFI Program Core Applicants in the top 60% of Core Applicant Total Business Plan Review Scores.
 - CDFI Program SECA Applicants in the top 70% of SECA Applicant Total Business Plan Review Scores.
 - NACA Program Applicants in the top 70% of NACA Applicant Total Business Plan Review Scores.
 - Additionally, all Applicants that receive a Total Business Plan Review Score equivalent of "good" will advance to Step 4.

Base-FA Application: Evaluation Process

 - For Core FA Applicants, the award is capped at 30% of the Applicant's total portfolio outstanding with a targeted minimum award of \$500,000.
 - For SECA FA Applicants, the award is capped at the greater of 75% of the Applicant's total portfolio outstanding or \$125,000.

- Applicants that fail to receive a Base-FA award will not be considered for a PPC-FA award.
- PPC-FA requests are not scored.
- PPC-FA award amounts will be determined based on the total number of eligible Applicants and funding availability, minimum award size, the Applicant's requested amount, and other factors, including, but not limited to, an Applicant's overall portfolio size, historical track record of deployment in PPC, and pipeline of projects in PPC.

 - To produce a Total Compliance Composite Score, the AAT uses responses provided in the Application as well as the Applicant's reporting history, reporting capacity, and performance risk with respect to the CDFI Fund's PG&Ms.
 - Applications with a Total Compliance Composite Score of 1, 2, or 3 for the Compliance Risk Evaluation will move on to Step 3. Applicants that score a 4 or 5 will be further evaluated by CDFI Fund Staff.
