INTRODUCTION

Capitalized terms (other than titles) are defined in the BEA Program Regulations (12 C.F.R. Part 1806), the Notice of Funds Availability (NOFA) for the FY 202X BEA Program Application, the FY 202X BEA Program Application, or the FY 202X BEA Program Supplemental Guidance and Frequently Asked Questions for Applicants. All of these documents may be downloaded from the CDFI Fund's website at www.cdfifund.gov. Certain terms used throughout the Application have meanings unique to the BEA Program. The CDFI Fund encourages each Applicant to review the BEA Program Regulations, NOFA, and the BEA Supplemental Guidance to be familiar with these meanings, as well as other program requirements.

The Bank Enterprise Award Program (BEA Program), complements the community development activities of banks and thrifts (collectively referred to as Depository Institutions for purposes of this Application), by providing financial incentives to expand investments in CDFIs and to increase lending, investment, and service activities within the most economically Distressed Communities. Providing monetary awards for increasing community development activities leverages the CDFI Fund's dollars and puts more capital to work in Distressed Communities throughout the nation.

Information on the CDFI Fund's programs can be found on the CDFI Fund's website at www.cdfifund.gov. From the home page navigation bar, click on "Programs & Training," then "Programs," for the various programs of interest.

The CDFI Fund expects to award up to \$TBD for the FY 202X BEA Program Award Application. The CDFI Fund reserves the right to fund, in whole or in part, any, all or none of the Applications submitted in response to the FY 202X BEA Program NOFA.

GENERAL APPLICATION INFORMATION

Actual Award Amount

The CDFI Fund will determine the eligibility of each transaction an Applicant has submitted for consideration in its FY 202X BEA Program Application. Based upon this review, the CDFI Fund will calculate the Actual Award Amount for which the Applicant is eligible. The CDFI Fund will determine Actual Award Amounts based upon the availability of funds, increase in qualified activities from the Baseline Period to the Assessment Period, the CDFI certification status of the Applicant, and the total assets of an Applicant. In calculating the increase in qualified activities, the CDFI Fund will determine the eligibility of each transaction an Applicant has submitted for consideration for a BEA Program Award. In some cases, the actual Award amount calculated by the CDFI Fund may not be the same as the estimated Award amount requested by the Applicant.

If the CDFI Fund determines an Applicant is eligible to receive an Award for qualified activities in more than one category, the CDFI Fund will combine the Award amounts into a single BEA Program Award.

Assessment Period Activities

Qualified activities occurring during the Assessment Period must have occurred between January 1, 202X, and December 31, 202X.² Qualified activities during the Assessment Period are required to either be related to Certified CDFIs or businesses and residents located in a Distressed Community and meet any applicable eligibility requirements specified in the FY 202X BEA Program Application, BEA Program Regulations (12 C.F.R. Part 1806), or FY 202X BEA Program NOFA.

Baseline Period Activities

Qualified activities occurring during the Baseline Period must have occurred between January 1, 202X and December 31, 202X.³ Qualified activities during the Baseline Period are required to either be related to certified CDFIs or businesses and residents located in a Distressed Community and meet any applicable eligibility requirements specified in the FY 202X BEA Program Application, BEA Program Regulations (12 C.F.R. Part 1806), or FY 202X BEA Program NOFA. Applicants are not required to submit documentation for Baseline Period qualified activities.

CDFI Partners

An eligible CDFI Partner is an entity that has been provided assistance in the form of CDFI Related Activities by an unaffiliated Applicant and was a certified CDFI at the time assistance was provided. CDFI Partners that receive CDFI Support Activities from an Applicant must be Integrally Involved in a Distressed Community. Applicants will be required to certify that all CDFI Partners receiving CDFI Support Activities from an Applicant meet the definition of Integrally Involved as stated in the applicable FY 202X BEA Program NOFA. To meet this requirement, Applicants must provide evidence each CDFI Partner that is the recipient of CDFI Support Activities is Integrally Involved in a Distressed Community by submitting the “Integral Involvement Form for CDFI Support Activities” for each CDFI

² This Application will be used during active funding rounds for multiple fiscal years. The Assessment Period date will be added to the Application at the time of an active funding round, and will be the date as stated in the applicable BEA Program Notice of Funds Availability.

³ This Application will be used during active funding rounds for multiple fiscal years. The Baseline Period date will be added to the Application at the time of an active funding round, and will be the date as stated in the applicable BEA Program Notice of Funds. The Baseline Period is the 12-month period preceding the Assessment Period.

Support Activities transaction included in the application. This form is available on the BEA Program page of the CDFI Fund's website. A copy has also been provided in Part II of this Application. CDFI Partners may reference Appendix 2: Examples of Integral Involvement in the FY 202X BEA Supplemental Guidance/ FAQ document for determining whether it is Integrally Involved in one or more BEA Distressed Communities. Proof of Integral Involvement can be obtained from the CDFI Partner at the time the transaction is closed (or after) and must be submitted as supporting documentation by the Applicant.

Eligibility Data

FY 202X BEA Program Applicants must use the 2016-2020 American Community Survey BEA Program Eligibility Data provided by the CDFI Fund to determine if Qualified Activities occurred in Distressed Communities during the Baseline Period and Assessment Period. The data is available in tabular format on the CDFI Fund's website. The data is also available in an interactive format in the CDFI Fund's Information Mapping System (CIMS). Using CIMS is best for Applicants that need to geocode transactions, but can also be used for other purposes.

CDFI FUND'S INFORMATION MAPPING SYSTEM (CIMS)

Applicants can refer to the CDFI Fund's Information Mapping System (CIMS) manual on the BEA Program page of the CDFI Fund's webpage for guidance on determining the BEA Program Eligibility of the census tracts. Applicants that do not know the census tract associated with an address must use CIMS to geocode the address, obtain the 11-digit census tract number, and determine the BEA Program Eligibility of the census tract. Applicants should note CIMS now indicates whether a census tract is in an area that meets Persistent Poverty County (PPC) criteria. Applicants that use CIMS to determine whether a census tract is in an area that meets PPC criteria will see the result as a "Yes" or "No" in the 'Persistent Poverty County' field. This information is also available in the tabular data.

TABULAR BEA PROGRAM ELIGIBILITY DATA

Applicants with an 11 digit census tract number have the option to use the tabular BEA Program Eligibility Data located on the CDFI Fund's public website. The data indicates whether a BEA eligible census tract is designated as a PPC. Applicants are advised that if they elect to make a PPC commitment, the PPC designation is in addition to and not in lieu of, statutory BEA Program Distressed Community Eligibility. The 2016-2020 American Community Survey tabular BEA Program Eligibility data can be accessed by using the following link:

https://www.cdfifund.gov/sites/cdfi/files/documents/bea-acs_2015_v12-3.17.2020.xlsx

CONTIGUITY DETERMINATIONS FOR PARTIALLY QUALIFIED CENSUS TRACTS

1. The BEA Program provides flexibility for partially qualified census tracts that do not individually meet minimum statutory eligibility requirements to be considered eligible, if when combined with one or more directly contiguous census tracts, minimum statutory eligibility requirements are collectively met. Applicants that use CIMS to determine whether a partially qualified census tract qualifies for BEA based on contiguity will see the result as a "Yes" or "No" in the 'Qualified Based on Contiguity' field.
2. Applicants using the tabular data will see a column that displays a "Yes" or "No" to indicate whether a partially qualified census tract qualifies based on contiguity.

LOW AND MODERATE INCOME RESIDENT DETERMINATION

1. Applicants can also use either CIMS or the tabular data to determine whether a census tract meets the Low and Moderate Income Resident requirement. Applicants should use the Median Family Income data for the census tract as a proxy for determining whether their borrowers meet BEA Program Low and Moderate Income Resident requirements. Low and Moderate Income Residents are defined as follows in the FY 202X BEA Program Notice of Funding Availability (NOFA).
 - a. Low Income means borrower income does not exceed 80% of the area median income; and
 - b. Moderate Income means borrower income may be 81% to no more than 120% of the area median income, according to the U.S. Census Bureau data.

PERSISTENT POVERTY COUNTIES⁴

The CDFI Fund's appropriation⁵ requires at least 10% of BEA Program funds be used for Awards that support investments that serve populations living in Persistent Poverty Counties (PPCs). In order to meet this requirement, FY 202X BEA Program Applicants will be required to complete **Table 8: Projected Use of BEA Program Award** to indicate the minimum and maximum percentage of the Estimated BEA Program Award the Applicant will commit to deploying in Distressed Communities which are also defined as a PPC.

Since the CDFI Fund must ensure this Congressional mandate is met, these commitments will be considered when making Award decisions. If the CDFI Fund should determine, upon initial analysis of the pool of Award Recipients, the 10% PPC requirement has not been met, preference will be given to Applicants committed to deploying at least 10% of their BEA Program Award to PPCs.

The Persistent Poverty Counties data can be accessed by using the following link:

<https://www.cdfifund.gov/sites/cdfi/files/documents/cdfi-ppc-feb19-2020.xls>

Applicants that commit to serving PPCs and are selected to receive an FY 202X BEA Program Award, will have their PPC commitment incorporated into their Award Agreement as a performance goal which will be subject to compliance and reporting requirements.

The BEA Program Eligibility Data indicates whether a census tract also meets "Persistent Poverty County" criteria. Applicants are strongly encouraged to review the BEA Program Eligibility Data prior to making a Persistent Poverty County commitment. A link to the updated BEA Program Eligibility Data has been provided on page 8 under the heading 'TABULAR BEA PROGRAM ELIGIBILITY DATA'.

Compliance and Reporting Requirement

All BEA Program Award Recipients are required to use their BEA Program Award for additional BEA qualified activities. All BEA Program Award Recipients are subject to compliance and reporting requirements. Compliance and reporting requirements will be included as terms and conditions of the

⁴ The term "Persistent Poverty County" means any county, including county equivalent areas in Puerto Rico, that has had 20% or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the 2016-2020 5-year data series available from the American Community Survey of the Census Bureau or any other territory or possession of the United States that has had 20% or more of its population living in poverty over the past 30 years, as measured by the 1990, 2000 and 2010 Island Areas Decennial Censuses, or equivalent data of the Bureau of the Census.

Award Agreement and made contingent to receipt of the Award. Reports are due 90 days from the end of the Period of Performance, as specified in the Award Recipient's Award Agreement.

APPLICATION ELIGIBILITY FACTORS

FDIC-Insured Depository Status

The legislation authorizing the BEA Program specifies that eligible Applicants for the BEA Program must be Insured Depository Institutions, as defined in 12 U.S.C. §1813(c)(2). As set forth in the applicable NOFA, for the FY 202X BEA Program Application, an Applicant must have been FDIC-insured as of the first day of the Baseline Period, January 1, 202X, and maintain its FDIC-insured status at the time of the Application to be eligible for consideration for a BEA Program Award. The Depository Institution Holding Company of an Insured Depository Institution may not apply on behalf of an Insured Depository Institution. Applications received from Depository Institution Holding Companies will be considered ineligible.

Certification Status

Although the only eligibility criteria is for Applicants to be FDIC-insured as noted above, funding priority is given to certified CDFIs. Applicants can apply as a certified CDFI or as a non-certified CDFI. To apply as a certified CDFI, an Applicant must have received its certification designation from the CDFI Fund by the end of the Assessment Period (December 31, 202X for the FY 202X BEA Program Application and maintain its status as a certified CDFI at the time BEA Program Awards are announced under the FY 202X BEA Program NOFA. Please note that additional information on the CDFI Certification requirements can be found at: www.cdfifund.gov/cdficert.

The Applicant's CDFI certification status is displayed in AMIS on their organization detail page. If the Applicant believes the certification status displayed is not accurate, the Applicant should contact the CDFI Fund's Office of Certification, Policy and Evaluation by submitting an AMIS Service Request.

CDFI Program Award Status

As stated in the FY 202X BEA Program NOFA, no CDFI Program Applicant may receive an FY 202X BEA Program Award if it has: (1) an application pending for assistance under the FY 202X round of the Community Development Financial Institutions Program (CDFI Program); (2) been included on the list of Award Recipients under the CDFI Program award announcement within the 12-month period prior to the Federal Award Date of the FY 202X BEA Program Award Agreement; (3) executed an assistance agreement with the CDFI Fund under the CDFI Program within the 12-month period prior to the Federal Award Date of the FY 202X BEA Program Award Agreement issued by the CDFI Program; or (4) ever received assistance under the CDFI Program for the same activities for which it is seeking a FY 202X BEA Program Award. Please note that Applicants may apply for both a CDFI Program Award and a BEA Program Award in FY 202X; however, meeting any of the aforementioned criteria described above removes an Applicant from eligibility for an FY 202X BEA Program Award.

Prior CDFI Fund Award Recipients or Allocatees

The FY 202X BEA Program NOFA includes certain eligibility requirements generally applied to Applicants that are prior Award Recipients or Allocatees under other CDFI Fund programs.

COMPLIANCE STATUS

If an Applicant that is a prior Award Recipient or Allocatee under any CDFI Fund program: (i) has demonstrated it has been noncompliant with or in default of a previous assistance agreement, award

agreement, allocation agreement, bond loan agreement, or agreement to guarantee and, (ii) the CDFI Fund has yet to make a final determination as to whether the entity is in noncompliance with or in default of its previous agreement, the CDFI Fund will consider the Applicant's Application pursuant to the FY 202X BEA Program NOFA pending full resolution, in the sole determination of the CDFI Fund, of the noncompliance.

NONCOMPLIANCE OR DEFAULT STATUS

CDFI Fund will not consider an Application submitted by an Applicant (or Affiliate of such Applicant) that is a prior CDFI Fund Award Recipient or Allocatee under any CDFI Fund program if, as of the Application deadline: (i) the CDFI Fund has made a final determination that such Applicant is in noncompliance with or in default of a previously executed assistance agreement, award agreement, allocation agreement, bond loan agreement, or agreement to guarantee, and (ii) the CDFI Fund has provided written notification that such entity is ineligible to apply for or receive any future CDFI Fund awards or allocations.

Such entities will be ineligible to submit an Application for such time period as specified by the CDFI Fund in writing.

Double Funding

A BEA Program Applicant may not submit as qualified activities any transactions funded with Award proceeds from another CDFI Fund program or other federal programs.

***C. Certification Regarding Debarment, Suspension, and Other Responsibility Matters --
Primary Covered Transactions: Instructions for Certification***

1. By signing and submitting this Application, the prospective primary participant (the Applicant) is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in the denial of participation in this covered transaction. The prospective Applicant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the CDFI Fund's determination of whether to enter into this transaction (approval and funding of the Application). However, failure of the Applicant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. This certification is a material representation of fact upon which reliance is placed when the CDFI Fund determines to enter into this transaction. If it is later determined that the Applicant

knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for noncompliance.

4. The Applicant shall provide immediate written notice to the CDFI Fund if at any time the Applicant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms “covered transactions,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause (certification), have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the CDFI Fund for assistance in obtaining a copy of those regulations (31 C.F.R. Part 19).
6. The Applicant agrees by submitting the Application that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the CDFI Fund.
7. The Applicant further agrees by submitting this Application that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” to be provided by the CDFI Fund, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions (see 31 C.F.R. part 19, Appendix B).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the No Procurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for noncompliance.

The amount of the increase (or decrease) will be automatically calculated based on these inputs. Once Table 5: Reporting BEA Qualified Activities is complete, an Applicant can then proceed to enter individual transactions for any activity type that reflects an increase.

Table 5: Reporting BEA Qualified Activities is required and must be completed by every Applicant.

CDFI RELATED ACTIVITIES AND DISTRESSED COMMUNITY FINANCING ACTIVITIES

Applicants seeking an Award for any activity type in either the CDFI Related Activities or Distressed Community Financing Activities categories must provide information on every other activity type within the applicable sub-category for which a BEA Program Award is being sought. This includes individual activity types that an Applicant is not able to demonstrate an increase in and is not using to seek a BEA Program Award. Applicants must include all BEA Program qualified activities which occurred in all BEA Eligible Census Tracts when reporting Baseline Period and Assessment Period amounts for all activities reported in **Table 5: Reporting BEA Qualified Activities**.

- CDFI Related Activities example:

An Applicant is seeking a BEA Program Award for providing an Equity-Like Loan to a certified CDFI. Equity-Like Loans is an activity type within the CDFI Related Activities' subcategory of CDFI Equity/Equity-Like Loans. The correct way for this Applicant to complete **Table 5: Reporting BEA Qualified Activities** will be to report the total Baseline Period and Assessment Period amounts for every activity type within the CDFI Related Activities' subcategory of CDFI Equity/Equity-Like Loans (i.e., Equity Investments, Equity-Like Loans, and Grants), even if the Applicant is not able to demonstrate an increase in the other activity types and is not seeking an Award for the other activity types.

- Distressed Community Financing Activities example:

An Applicant is seeking a BEA Program Award for Small Business Loans. Small Business Loans is an activity type within the Distressed Community Financing Activities' subcategory of Commercial Loans and Investments. The correct way for this Applicant to complete **Table 5: Reporting BEA Qualified Activities** will be to report the total Baseline Period and Assessment Period amounts for every activity type within the Distressed Community Financing Activities' subcategory of Commercial Loans and Investments (i.e., Affordable Housing Development Loans, Commercial Real Estate Loans, and Small Business Loans), even if the Applicant is not able to demonstrate an increase in the other activity types and is not seeking an Award for the other activity types.

SERVICE ACTIVITIES

Applicants seeking an Award for Service Activities, only need to provide information for the activity type for which a BEA Program Award is being sought and do not need to provide information on any other activity type in the Service Activities category.

Applicants reporting in the Deposit Liabilities activity type should not report the total amount of Deposit Liabilities as of the last day of each applicable period – instead, calculate the **net change** over the course of the Baseline Period and the Assessment Period. There are fields within the Deposit Liabilities activity type section of Table 5 to assist Applicants in recording this information correctly.

Table 6: Transactions to be Considered for an Award

The Applicant will enter information in the fields below for individual transactions it elects to report for purposes of calculating a BEA Program Award in AMIS.

Applicants are required to provide information on the individual transactions reported as the increase in a BEA Qualified Activity. Table 6: Transactions to be Considered for an Award guidance (below) lists the type of information that is required to be reported for individual transactions. Applicants must enter a new transaction for each service provided / borrower or investee (for transactions in the CDFI Related Activities and Distressed Community Financing Activities categories) or service provided (for transactions in the Service Activities category). Applicants should note that the information required may differ depending on the category of BEA Qualified Activity. Individual transactions reported will be used to calculate an estimated BEA Program Award. Therefore, individual transactions reported must total more than the amount(s) reported for the Baseline Period for any activity type for which the Applicant demonstrated an increase in and is seeking a BEA Program Award. Applicants are not required to report individual transactions equal to or below the Assessment Period amounts reported in Table 5: Reporting BEA Qualified Activities for any particular activity type. Applicants may use their discretion by considering NOFA priorities and the potential for transactions to be rejected based on review by CDFI Fund staff to determine how many individual transactions to report in a particular activity type when considering their estimated Award amount. The resulting estimated Award amounts will be calculated as described in the 'Estimated BEA Program Award Calculation' section and as illustrated in Table 7: Estimated BEA Program Award Calculation. Supporting documentation may be required for certain qualified activities and/or the total dollar value or amount of transactions. See Reporting Qualified Activities and Supporting Documentation section for further details.

Table 7: Estimated BEA Program Award Calculation

The Estimated BEA Program Award Amount Calculation in **Table 7: Estimated BEA Program Award Calculation** for which the Applicant may be eligible is based on the actual transactions submitted in **Table 6: Transactions to be Considered for an Award** for any individual activity type an Applicant is able to demonstrate an increase in, from the Baseline Period to the Assessment Period. The actual transactions will be automatically totaled and the Estimated BEA Program Award will be determined by sub-category for CDFI Related Activities and Distressed Community Financing Activities and by category for Service Activities. Applicants determine, at their sole discretion, the number of actual transactions to submit in **Table 6: Transactions to be Considered for an Award**.

Estimated BEA Program Award amounts will be automatically displayed in a report in AMIS and is based on the following factors:

- Baseline Period amounts stated in the ‘Reporting BEA Qualified Activities’ section of the electronic application.
- Sum of individual transactions reported in the ‘Transactions to be Considered for an Award’ section of the BEA Program Electronic Application in AMIS.
- Certified CDFI status
 - Applicants that were a certified CDFI, as of [TBD], receive a higher Award percent for most sub-categories and activity types reported.
- Applicant Asset Size
 - Numerical priority factors are assigned to sub-categories within the Distressed Community Financing Activities and activity types within the Service Activities category, and are based on an Applicant Asset Size at the end of the Assessment Period (12/31/202X)¹².

Table 7: Estimated BEA Program Award Calculation: AMIS INPUT provides an illustration of the input features that are required in AMIS, and how that results in the estimated Award amount calculation.

The Estimated BEA Program Award is automatically calculated in the BEA Program Electronic Application in AMIS. Applicants will not be required to determine this amount independently. Applicants will be able to view their estimated BEA Program Award amount in AMIS.

Recipient Profile

The CDFI Fund shares information about its programs and Award Recipients with the general public via its public website. A description of Award Recipients and their BEA Program Awards may be made public should the Applicant be selected to receive a FY 202X BEA Program Award.

Table 8: Projected Use of BEA Program Award

The CDFI Fund requires Applicants to indicate how they intend to use their BEA Program Award, if selected to receive one. To do this, Applicants must complete **Table 8: Projected Use of BEA Program Award** which consists of two sections: Part A. Projected Use of BEA Program Award; and Part B. Persistent Poverty County Commitment. Applicants are required to complete both sections but are not required to make a Persistent Poverty County commitment. Applicants that make Persistent Poverty County commitments may be required to deploy more than the minimum commitment percentage indicated below, but will not be required to exceed the maximum commitment percentage provided below.

Table 8: Projected Use of BEA Program Award			
Part A. Projected Use of BEA Program Award	BEA Program Awards must be used for Authorized BEA Qualified Activities. These consist of CDFI Related Activities, Distressed Community Financing Activities, and Service Activities. Up to 15% of the Award can be used for Direct Administrative Expenses.		
	Instructions: Allocate projected percentages between BEA qualified activities and Direct Administrative Expenses. Please note that the maximum percentage allowable for Direct Administrative Expenses is 15%. The Total Projected Use of BEA Program Award must be 100%.

REPORTING QUALIFIED ACTIVITIES AND SUPPORTING DOCUMENTATION

The CDFI Fund does not collect and will not accept Personally Identifiable Information (PII). Applicants should not, except as expressly requested in this application, submit Supporting Documentation with PII. If the CDFI Fund discovers PII during the review of a transaction in AMIS, the Supporting Documentation will be deleted from the application record and the CDFI Fund will deem the transaction ineligible.

The term “PII,” as defined in OMB Memorandum M-07-1616 refers to information that can be used to distinguish or trace an individual’s identity, either alone (SSN) or when combined with other information (name of the individual, address, date of birth, driver’s license or state identification number, passport number, and Alien Registration Number, etc.) that is linked or linkable to the individual. If lost, compromised, or disclosed without authorization, PII could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

Although Applicants are required to enter addresses of individual borrowers/ residents of Distressed Communities in AMIS, Applicants should not include PII in AMIS or in the supporting documentation for any individual resident, business owner or other representative. Applicants must redact PII in AMIS and on documents required to be submitted as Supporting Documentation. Otherwise, the CDFI Fund will delete the Supporting Documentation containing PII from the application record and the transaction will be deemed ineligible. Please note the following:

- Addresses indicating the physical location of the activity financed, investment, or service provided should not be redacted. The CDFI Fund will verify that the address of the financial transaction entered in AMIS agrees with the supporting documentation.
- Signatures demonstrate legal execution of documents (e.g., loan agreements, promissory notes, etc.) and should not be redacted.
- If the legal documentation represents a commercial loan and includes the name of an individual, the individual’s personal address and other PII should also be redacted.

Please see the Supplemental Guidance/ FAQ document for examples of PII and what is appropriate/ not appropriate to redact.

General Information

The following details the requirements for reporting and documenting: all *CDFI Related Activities* (regardless of dollar amount), *Distressed Community Financing Activities* greater than or equal to \$250,000, and *Service Activities* (regardless of dollar amount). Applicants should use this guidance in conjunction with the instructions for the BEA Program Electronic Application in AMIS, as well as the BEA Program Regulations, FY 202X BEA Program NOFA, and the Supplemental Guidance for Applicants (all available in AMIS and on the CDFI Fund’s website). The BEA Program Regulations contain definitions of all BEA qualified activities.

Activities of the Applicant: To be eligible for BEA Program consideration, the Applicant or a Subsidiary of the Applicant must originate all qualified activities. Transactions carried out by Affiliates are not eligible. Loans brokered through another institution or loans purchased by the Applicant from another institution are not eligible for BEA Program consideration. If you are unsure of the eligibility of any Subsidiary or Affiliate, contact the CDFI Fund's BEA Program office for clarification.

Arms-length transactions: To be considered an eligible Qualified Activity, each loan and investment must be an arms-length transaction with a third party that is not an Affiliate of the Applicant.

SUPPORTING DOCUMENTATION FOR CLOSED TRANSACTIONS

All reported transaction amounts should be rounded to the nearest dollar and closed during the Assessment Period. To be considered closed:

- The transaction must have been executed on a date within the applicable Assessment Period; and
- The Applicant and the borrower or investee must have entered into a legally binding agreement that specifies the final terms and conditions of the transaction; and
- An initial cash disbursement of loan or investment proceeds must have occurred in a manner that is consistent with customary business practices and is reasonable given the nature of the transaction (as determined by the CDFI Fund). If it is normal business practice to not make an initial disbursement at closing (as is typical for lines of credit or construction loans), the Applicant must provide a brief narrative stating such and demonstrate that the borrower had access to the proceeds, subject to reasonable conditions (such as meeting certain project milestones), beginning at closing.

Refinancing of Loans (including fixed rate and adjustable rate mortgages): A loan is considered to be refinanced when a borrower with an existing loan applies for a new loan and a new credit decision is made. For BEA Program purposes, refinancing of loans fall into two broad categories: (1) refinancing an existing loan in a BEA Program Applicant's loan portfolio; and (2) refinancing a loan from an institution that is not affiliated with the Applicant.

- Refinanced an existing loan in a BEA Program Applicant's loan portfolio may only be valued at the amount of increase to the principal amount of the loan (i.e., the new credit available). Supporting documentation must be provided to demonstrate the increase in principal amount, in order to meet the Qualified Activity requirement specified in the FY 202X BEA Program NOFA. In order to demonstrate the increase, Applicants are instructed to submit a copy of the loan documents for the loan that is being refinanced in addition to loan documents for the new loan. If the loan documents for the refinanced loan are not available, Applicants may submit other internal documentation that demonstrates the increase and that proceeds were used to pay off an existing loan with the Applicant. Transactions submitted without supporting documentation that clearly demonstrates the increase and that the proceeds were used to pay off an existing loan with the Applicant will be disqualified.
- Loans refinanced from an institution that is not affiliated with the Applicant are considered new activities for the BEA Program Applicant and can be submitted as such for the full principal amount of the loan. Applicants are also required to provide documentation that clearly demonstrates that the loans proceeds were used to pay off a loan with an unaffiliated institution. Additional documentation such as wire transfer instructions, etc. may be required if the use of proceeds is not clear from the closing or disbursement documents.

Face value: For term loans, each transaction must be reported at the total principal dollar amount of the closed loan or investment, subject to the dollar amount and time limitations imposed by the CDFI Fund, and as set forth in the FY 202X BEA Program NOFA. For lines of credit (including construction lines of credit), each transaction should be reported at the maximum amount of credit available through the instrument, subject to dollar amount and time limitations imposed by the CDFI Fund. **All transactions must be fully disbursed as of the end of the Assessment Period.**

Cap on Qualified Activity Amount: The value of a Qualified Activity for purposes of determining a BEA Program Award shall not exceed \$10 million in the case of Commercial Real Estate Loans or any CDFI Related Activities (i.e., the total principal amount of the transaction must be \$10 million or less to be considered a Qualified Activity). However, the CDFI Fund may consider transactions with a total principal value of over \$10 million on a case-by-case basis. Applicants must attach a Community Benefit Statement, which is a narrative statement that describes the community benefit of transactions over \$10 million for the CDFI Fund's consideration. The Community Benefit Statement must be included as an attachment in the Notes and Attachment section of the Application.

Low-Income Housing Tax Credits and New Markets Tax Credits: Investments for which the Applicant receives federal Low-Income Housing Tax Credits or New Markets Tax Credits (NMTC) as an investor are not considered qualified activities for the purposes of calculating or receiving a BEA Program Award.

Leverage Loans used in NMTC structured transactions are considered Distressed Community Financing Activities. If an affiliate of the Applicant provided the leverage loan, the Applicant must provide the following for the transaction:

1. Legal names of the organizations which served in the following roles:
 - a. NMTC Allocatee (the entity which received an NMTC allocation Award and is allocating the tax credits for the project);
 - b. NMTC Investor (the entity which contributed equity to the NMTC-related investment fund for the project); and
 - c. NMTC Leverage Lender (the entity which provided debt to the NMTC-related investment fund) for the project.
2. NMTC structure/ flow of funds diagram, if available.
3. A description of the Applicant's relationship with the respective lender noted in the BEA transaction.
4. A description of the Applicant's role and participation in the NMTC transaction with the NMTC Allocatee, Investor, and/or Leverage Lender.

SUMMARY OF DOCUMENTATION BY CATEGORY AND ACTIVITY TYPE

The table below provides a summary of required documentation for qualified activities. Detailed instructions on reporting and documenting qualified activities follow.

Applicants will not be contacted regarding missing required documentation for any qualified activities. If a Qualified Activity does not have the required documentation, the transaction will be disqualified. The supporting documentation must indicate the date of disbursement/deposit/wire transfer and associated account number(s), borrower(s) name(s), and address related to the BEA Qualified Activity. The supporting documentation for loans to certified CDFIs and Distressed Community Financing Activities must also indicate if the loan status is a payoff or refinance.

Additionally, **if the supporting documentation does not clearly demonstrate the purpose of the loan, the Applicant is required to provide a brief narrative.** The narrative can either be uploaded as an attachment in AMIS or entered manually using the Notes field in the AMIS Application.

Requests or authorizations for disbursements are not solely acceptable internal documentation. Internal documentation must indicate that funds were provided to the borrower and must be authorized by bank personnel.

Qualified Activity Documentation - CDFI Related Activities

Eligible CDFI Related Activities consist of the CDFI Equity Investments/Equity-Like Loans and CDFI Support Activities sub-categories. An Equity Investment is defined as assistance provided by an Applicant or its Subsidiary to a Certified CDFI in the form of a grant, a stock purchase, a purchase of a partnership interest, a purchase of a limited liability company membership interest, or any other investment deemed to be an Equity Investment by the CDFI Fund. Equity-Like Loan is defined as a loan that has been made under certain terms and conditions that give it equity-like characteristics (see the FY 202X BEA Program NOFA for terms and conditions). A CDFI Support Activity is defined as assistance provided by an Applicant or its Subsidiary to a Certified CDFI that is Integrally Involved in a Distressed Community, in the form of the origination of a loan, Technical Assistance, or deposits (see the FY 202X BEA Program NOFA for terms and conditions).

REPORTING CDFI RELATED ACTIVITIES

“Reporting BEA Qualified Activities” section: For the purpose of reporting an Applicant’s Baseline Period activities in the “Reporting BEA Qualified Activities” section of the BEA Program Electronic Application in AMIS, the Applicant must report all CDFI Related Activities that it engaged in with any Certified CDFI that would have qualified as an eligible CDFI Partner according to the BEA Program Regulations and applicable NOFA during the Baseline Period -- not just new activities engaged in with specific CDFIs during the Assessment Period.

“Individual Transactions Considered for an Award” section: Applicants report the dollar value of each *individual* transaction. For Technical Assistance to a CDFI Partner, list the dollar value of each unit of Technical Assistance, according to each CDFI Partner recipient. See instructions for the “Individual Transactions Considered for an Award” section of the BEA Program Electronic Application in AMIS for additional required information.

DOCUMENTING CDFI RELATED ACTIVITIES

Closing Documents: For all CDFI Related Activities (except Technical Assistance provided to CDFIs), provide documentation demonstrating that the transaction closed during the Assessment Period. Such documentation must include a legally binding agreement between the Applicant and the CDFI Partner (e.g., grant letter, loan agreement, promissory note, investment agreement, or stock purchase agreement). Certificates of Deposits renewed for a new 3-year term must include documentation indicating the original date of deposit, interest rate (materially below market), and expiration date. Renewed Certificates of Deposits that do not indicate the original date of deposit, interest rate (materially below market), and maturity will be disqualified. Document Technical Assistance provided to CDFIs by providing an itemized list of the administrative costs of providing such services.

Disbursement Documents: For all CDFI Related Activities (except Technical Assistance provided to CDFIs), provide documentation demonstrating an initial disbursement occurred during the Assessment Period in a manner consistent with customary business practices and was reasonable given the nature of the transaction. Acceptable documentation includes copies of checks, wire transfer receipts, credit/debit screenshots from the accounting system and credit/debit slips from the general ledger. If the Applicant has not made a disbursement on a transaction closed within the Assessment Period, provide a narrative describing: (1) why making no initial disbursement was customary business practice and reasonable given the nature of the transaction, and (2) funds were available at the CDFI Partner’s discretion at closing, subject to reasonable conditions (i.e. meeting project milestones).

Other Documentation: Applicants submitting transactions in the CDFI Support Activities sub-category must submit an “Integral Involvement Form for CDFI Support Activities” for **each** transaction. The form is available on the BEA Program page of the CDFI Fund’s website and in Part II of this Application.

Equity-Like Loans: As outlined in the NOFA, Equity-Like Loans must meet the following characteristics:

1. At the end of the initial term, the loan must have a definite rolling maturity date that is automatically extended if the CDFI continues to be financially sound and carry out a community development mission – unless the borrower and the bank mutually agree to terminate the agreement.
2. Periodic payments of interest and/or principal may only be made out of the borrower CDFI’s available cash flow after satisfying all other obligations.
3. Failure to pay principal or interest (except at maturity) will not automatically result in noncompliance.
4. The loan must be subordinated to all other debt except for other Equity-Like Loans.

Note: the CDFI Fund reserves the right to determine, in its sole discretion and on a case-by-case basis, if an instrument meets the above-stated characteristics of an Equity-Like Loan.

Qualified Activity Documentation - Distressed Community Financing Activities

Eligible Distressed Community Financing Activities include Affordable Housing Development Loans and related Project Investments; Affordable Housing Loans; Commercial Real Estate Loans and related Project Investments; Education Loans; Home Improvement Loans; Small Dollar Consumer Loans; and Small Business Loans and related Project Investments.

Affordable Housing Development Loans and related Project Investments: To be considered qualified activities, Affordable Housing Development Loans and Related Project Investments must be loans or investments to finance the acquisition, construction, and/or development of single- or multi-family residential real property, located in a Distressed Community. At least 60% of the units in such property must be affordable to Low- and Moderate-Income individuals. Applicants should note that eligible Affordable Housing Development Loans and related Project Investments do not include housing for students or school dormitories. For purposes of this Application, “affordable” is defined as a unit that is or will be sold or rented to a Low- and Moderate-Income Individual.

When submitting Affordable Housing Development Loan and Project Investment transactions, Applicants must: (1) provide documentation that at least 60% of the units in the property financed are or will be sold or rented to Eligible Residents²⁰ who meet Low-and-Moderate-income requirements²¹, or (2) if such

²⁰ The Eligible Resident test is determined by using the eligibility data to determine whether the occupants reside in a qualified tract.

²¹ The BEA Program Tabular Data on the CDFI Fund’s website provides information on the median family income for applicable census tracts. Applicants have the option to use the tabular data to determine whether the occupants: (1) reside in a qualified census tract; and (2) meet Low-and Moderate income requirements. Per the FY 202X BEA Program NOFA, Low-Income means borrower’s income that does not exceed 80% of the area median income, and Moderate-Income means borrower income may be 81% to no more than 120% of the area median income, according to the U.S. Census Bureau data. Applicants should provide documentation supporting the determination that at least 60% of the units in the property financed are or will be sold or rented to

documentation is not available, provide a brief analytical narrative describing how the determination was made that at least 60% of the units in the property financed have or will be sold or rented to Eligible Residents who meet Low-and Moderate-Income individuals requirements.

Affordable Housing Loans: To be considered a Qualified Activity, an Affordable Housing Loan must be \$500,000 or less, made to an Eligible Resident who meets Low- and Moderate-Income requirements, with a purpose to purchase a primary residence located in a Distressed Community. An Applicant may determine the total dollar value of such loans closed during the Baseline Period and the Assessment Period using one of the following methods (an Applicant may use different methods for the Baseline and Assessment Periods):

Exact Count Method: Collect income data on each mortgage borrower. Use this data to determine which mortgage borrowers are Low- and Moderate-Income Residents. Count only those mortgage loans where the borrower is a Low- and Moderate-Income Resident.

Certification Method: Count the number of mortgage borrowers that the Applicant reasonably believes are Low- and Moderate-Income Residents. Provide a brief analytical narrative with information describing how this determination was made (e.g., all borrowers for a certain mortgage loan must pre-qualify as Low-Income).

Commercial Real Estate Loans and related Project Investments: To be considered a Qualified Activity, a Commercial Real Estate Loan must be a loan secured by real estate and used to finance the acquisition or rehabilitation of a building, or the acquisition, construction and/or development of property located in a Distressed Community and used for commercial purposes. Supporting documentation must include the address where the property is located.

Education Loans: To be considered a Qualified Activity, an Education Loan must be a loan provided to a student, who is a resident in a Distressed Community, for the purpose of financing either college or vocational education.

Home Improvement Loans: To be considered a Qualified Activity, a Home Improvement Loan must be \$500,000 or less, made to a borrower located in a Distressed Community for the purpose of improving the borrower's primary residence. A Home Improvement Loan can be either secured or unsecured as noted in the BEA Program Interim Rule

Small Dollar Consumer Loans: To be considered a Qualified Activity, a Small Dollar Consumer Loan is a loan that serves as an alternative to a higher cost credit product and is provided to a borrower that is an Eligible Resident and meets the criteria specified in the FY 202X BEA Program NOFA and in the Glossary of Terms included in the FY 202X BEA Program Supplemental Guidance and Frequently Asked Questions document.

Small Business Loans and related Project Investments: To be considered a Qualified Activity, a Small Business Loan must be a loan used for commercial or industrial purposes (other than an Affordable Housing Loan, Affordable Housing Development Loan, Commercial Real Estate Loan, Home Improvement Loan),

Eligible Residents who meet Low-and-Moderate income requirements. Examples could be documentation regarding the borrowers participation in state, local, or Federal government programs (i.e., HUD's LIHTC or Section 8), and/or internal documentation between the bank and borrower indicating this determination. The narrative can be included with other supporting documentation or in the Notes field of the Transaction Detail page in AMIS. Per the FY 202X BEA Program NOFA, the CDFI Fund reserves the right to contact the Applicant to confirm or clarify information.

to a business or farm, that meets the size eligibility standards of the Small Business Administration's Development Company of Small Business Investment Company programs (13 C.F.R. 121.301), or, has gross annual revenues of \$1 million or less and is located in a Distressed Community.

REPORTING DISTRESSED COMMUNITY FINANCING ACTIVITIES

An Applicant must report the total dollar value of *each* individual loan or investment. See instructions for the "Individual Transactions Considered for an Award" section of the BEA Program Electronic Application in AMIS for additional required information.

DOCUMENTING DISTRESSED COMMUNITY FINANCING ACTIVITIES GREATER THAN OR EQUAL TO \$250,000²²

Closing Documents: The Applicant shall provide documentation showing that the transaction closed during the Assessment Period. Such documentation must include a legally binding agreement between the Applicant and the borrower/investee/recipient (e.g., loan agreement, promissory note, investment agreement, or stock purchase agreement).

For real estate related transactions such as Affordable Housing Loans (AHL), Affordable Housing Development and Related Project Investments (AHD), Home Improvement Loans (HIL), and Commercial Real Estate (CRE), the closing document must include the address of the real estate that was financed. If the closing document does not indicate the address of the financed real estate, the Applicant must submit additional documentation that indicates the address of the real estate that was financed. If an individual loan financed real estate at more than one physical location, the Applicant must: (1) provide documentation that indicates all addresses of the real estate financed, (2) include maps from CIMS which demonstrates that one or more of the remaining addresses are in a Distressed Community, (3) indicate the dollar amount financed for each address located in a Distressed Community, and (4) only enter the total dollar amount financed for all addresses which are located in a Distressed Community in the 'Total Dollar Value' field in AMIS. Transactions missing this information will be ineligible.

Disbursement Documents: The Applicant must provide documentation showing all disbursements occurred during the Assessment Period in a manner consistent with customary business practices and reasonable given the nature of the transaction. Acceptable documentation includes copies of checks, wire transfer receipts, credit/debit screenshots from the accounting system, and credit/debit slips from the general ledger.

²² While Applicants are not required to submit Supporting Documentation for Distressed Community Financing Activities of less than \$250,000, Applicants are expected to maintain records for any transaction submitted as part of the FY 202X BEA Program Application, including Supporting Documentation for Distressed Community Financing Activity transactions of less than \$250,000. The CDFI Fund reserves the right to contact an Applicant during the review process to request supporting documentation for Distressed Community Financing Activities transactions of less than \$250,000.

Qualified Activity Documentation - Service Activities

Service Activities include Deposit Liabilities; Community Services; Financial Services; Targeted Financial Services; and Targeted Retail Savings/Investment Products. Definitions of qualified activities are found in the BEA Program Regulations, applicable NOFA, and Supplemental Guidance for Applicants.

REPORTING AND DOCUMENTING DEPOSIT LIABILITIES

“Reporting BEA Qualified Activities” section: The increase in Deposit Liabilities is calculated by taking the net change in the amount of eligible Deposit Liabilities within the Baseline Period (from January 1 to December 31, 202X) and within the Assessment Period (from January 1 to December 31, 202X).

- Report the dollar value of the net change in Deposit Liabilities for each period in the appropriate columns on Table 5: “Reporting BEA Qualified Activities” section of the BEA Program Electronic Application in AMIS.

Table 6: “Transactions to be Considered for an Award” section:

- Enter the dollar value of the net change in Deposit Liabilities for the Assessment Period.

Do not report the total dollar value of Deposit Liabilities as of the last day of each applicable period – instead, calculate the net change over the course of the Assessment Period. Do not report each individual depositor in the “Individual Transactions to be Considered for an Award” section of the BEA Program Electronic Application in AMIS – only report the net change for each period. There will be fields within the Deposit Liabilities transactions page to assist Applicants in recording this information correctly, including a comment box where Applicants explain the methodology used to determine that (1) account holders are Residents and a field to confirm that Deposit Liabilities were accepted at a location in the Distressed Community.

REPORTING AND DOCUMENTING COMMUNITY SERVICES

Calculate the total dollar value of providing the Community Service by determining the administrative cost of providing the activity. For staff time, use the number of hours contributed multiplied by the staff person’s hourly salary. For other administrative costs, the Applicant should report the actual cost.

Report the total dollar value of all Community Service Activities for each period in the Table 5: “Reporting BEA Qualified Activities” section of the BEA Program Electronic Application in AMIS. Report the dollar value of each individual Community Service Activity on “Transactions to be Considered for an Award” section of the BEA Program Electronic Application in AMIS.

Applicants must provide the methodology used to: (1) derive the value, and (2) determine that the Applicant provided the Community Service to Eligible Residents, newly-formed small businesses, Low- and Moderate-Income homeowners, or homeowners in the Distressed Community. If the narrative references external sources, the Applicant must explain how it reached the conclusion that the cited references are directly related to the Low-and Moderate-Income homeowners for which it is claiming to have provided the Financial Services to. Applicants can either use the text box or provide this information as a separate attachment. If applicable, Applicants can include as an attachment an itemized list of staff time and administrative costs.

REPORTING AND DOCUMENTING ALL OTHER SERVICE ACTIVITIES

Determine the total dollar value of Financial Services, Targeted Financial Services, and Targeted Retail Savings/Investment Products provided to Eligible Residents during the Baseline Period and Assessment Period using one of the following methods:

- **Exact Count Method:** For Community Services provided to homeowners only: Collect income data on each recipient of the specified activity, or use the list of BEA qualified census tracts and other eligibility data which is available on the CDFI Fund's public website. Use this data to determine which recipients are Low- and Moderate-Income Residents. Multiply this number by (i) the per unit value specified in the NOFA, or (ii) if the activity is not specified in the NOFA, by the Applicant's estimate of the per unit value.
- **Certification Method:** Take the number of recipients that the Applicant reasonably believes are Eligible Residents and multiply it by (i) the per unit value specified in the NOFA, or (ii) if the activity is not specified in the NOFA, by the Applicant's estimate of the per unit value. The Applicant must provide a brief analytical narrative with information describing how this determination was made.
- Report the combined total dollar value of Financial Services, Targeted Financial Services, and Targeted Retail Savings/Investment Products on the applicable line of the "Reporting BEA Qualified Activities" and "Individual Transactions Considered for an Award" sections of the BEA Program Electronic Application in AMIS. Do not report the value of each individual service activity separately in the "Individual Transactions Considered for an Award" section (i.e., do not list each check cashed or new account opened separately on its own line on the Report of Transaction). In the "Service Provided" column, indicate the transaction according to the type (e.g., "checks cashed" or "new accounts opened").
- For Financial Services, if using a per unit value not prescribed in the NOFA, provide a narrative statement that describes the methodology used to derive the value. The CDFI Fund will determine if this value is acceptable. If external sources are referenced in the narrative, the Applicant must explain how it reached the conclusion that the cited references are directly related to the Eligible Residents for which it is claiming to have provided the Financial Services to.
- An Applicant seeking an Award for providing Targeted Financial Services or for opening a new retail branch must complete and submit a Certification of ETA or New Branches form.

Instructions for Uploading Qualified Activity Documentation

Qualified activity documentation must be submitted electronically through AMIS. Applicants will attach Qualified Activity documentation when entering individual transactions to be considered for a BEA Program Award, as instructed in the 'AMIS Training Manual: BEA Program Electronic Application Submission Guide'.

NAMING CONVENTION CONSIDERATIONS

Applicants should follow the File Naming Convention guidance in the table below and should not include the name of an individual borrower in the file name. Do not use spaces to separate Street Address from Category and the Category from the Activity Type - use underscores (_) instead.

For large files that need to be uploaded in multiple parts, please follow the File Naming Convention guidance and add a number to the beginning of the file name. Continue with the numbering as many times as needed to upload the entire file.

For example, a smaller file name would be:

Street Address_Category_ActivityType

A larger file would be numbered and uploaded in multiple parts. For example:

Street Address_Category_ActivityType_1;

Street Address_Category_ActivityType_2;

Street Address_Category_ActivityType_3
