

CDFI ERP AWARD BOOK FY 2022

WWW.CDFIFUND.GOV

The CDFI Fund is an equal opportunity provider.

THE CDFI EQUITABLE RECOVERY PROGRAM

Through the Community Development Financial Institution Equitable Recovery Program (CDFI ERP), the Community Development Financial Institutions Fund (CDFI Fund) provides grants to CDFIs to respond to the economic impacts of the COVID-19 pandemic in low- or moderate-income communities that were disproportionately impacted by the COVID-19 pandemic.

As authorized by the Consolidated Appropriations Act of 2021 (Pub. L. 116-260), grants made to CDFIs under the CDFI ERP are specifically designed to:

- provide funding for CDFIs to expand lending, grant making, and investment activities in low-income, or moderate-income communities and to borrower, including minorities, which have significant unmet capital and financial services needs and have experienced disproportionate economic impacts from the COVID-19 pandemic; and
- enable CDFIs to build organizational capacity to acquire technology, staff and other tools necessary to accomplish the activities under a CDFI ERP Awards.

CDFI ERP grants may be used to support a variety of business activities, including commercial real estate, small business, microenterprise, community facilities, consumer financial products, consumer financial services, commercial financial services, commercial financial products, affordable housing, and intermediary lending to nonprofit organizations and CDFIs.

Over \$1.73 billion in awards were made through the fiscal year (FY) 2022 round of the CDFI ERP, which is the first and only award round of the program.

CDFI ERP ELIGIBILITY:

To be eligible to apply for a CDFI ERP Award, an organization had to be a Certified CDFI and had a history of serving CDFI ERP Eligible Geographies. Organizations must also have met certain audit standards and compliance requirements with respect to all outstanding CDFI Fund awards, allocations or bond guarantees, and have met benchmarks for financial, as well as programmatic, safety and soundness.

CDFI ERP Eligible Geographies are those areas that meet one of the following criteria:

- census tracts that demonstrate severe impact from the COVID-19 pandemic, have a median income at or below 120% of the area median income, and are CDFI investment areas; or
- Native areas.

An area is deemed to have experienced severe impact from COVID-19 if it demonstrates notably higher mortality from COVID-19 than the rest of the United States, demonstrates a notably greater change in the average unemployment rate than the rest of the United States, or demonstrates low community resilience to disasters. Areas that are eligible for consideration for CDFI ERP grant include all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands, and the U.S. Virgin Islands.

CDFI ERP Award Recipients must use 90% of the awards for activities in ERP-Eligible Geographies. CDFI ERP grant can be used for six categories of eligible activities supporting the provision of financial products and services: financial products, grants, financial services, loan loss reserves, development services, and capital reserves. CDFI ERP Awards can also be used for Operational Support Activities.
