The NMTC Allocation Application has five main sections:

- Part I: Business Strategy (Exhibit A & Exhibit B)
- Part II: Community Outcomes
- Part III: Management Capacity (Exhibit C & Exhibit D)
- Part IV: Capitalization Strategy (Exhibit E)
- Part V: Information Regarding Previous Awards

Applicants are also required to complete the Application Registration, Applicant Information, and Assurances/Certification sections.

A glossary of terms is included in the back of the Application for reference. Any italicized word in the Application is defined in the glossary.
Listed below are changes to the NMTC Allocation Application this year:

- **Application Registration**
  - CY 2020 NMTC Applicants are required to complete the Application Registration section of the Allocation Application. This section must be completed and saved by the deadline as outlined in the 2020 NOAA, otherwise applicants will not be able to submit their 2020 NMTC Allocation Applications.
  - Please see FAQs #14 and 15, and the CY 2020 AMIS Navigation Application Guide (Sections 5.4, 6.2) for more information on this Application element.
Read the questions and tips carefully and provide the information requested.

Your responses only need to be long enough to provide the information requested in the question.

Your responses should clearly explain and reference data from applicable tables/exhibits as requested.

Your response should only provide information specifically related to the topic of the question.

Respond only to the questions that are relevant to your planned NMTC activities. Applicants gain no advantage by responding to all optional questions.

Review the Application FAQs Document for additional guidance on specific questions.
At the beginning of the Allocation Application, Applicants are required to answer several informational questions. Q. 1-12 in the Application Information Section are for information purposes only – they are not scored.

An Applicant may wish to designate a Controlling Entity for the purpose of completing the Allocation Application.

- More guidance on designating a Controlling Entity can be found in the NMTC Allocation Application TIP related to Q. 3 and Application FAQs #28 & #29
The Business Strategy section is scored during Phase 1 of the Application review process.

It will be evaluated by two independent reviewers.

Each reviewer may provide a maximum of 25 points.

An Applicant will score well in this section to the extent it can articulate, with specificity:

- its strategy to use an NMTC Allocation, and
- a strong, relevant track record, including a track record of serving Low Income Communities.
For tips on how to score highly in this section, please consult the following application materials:

- 2020 NMTC Allocation Application FAQs Document: Section IV. D
- 2020 NMTC Allocation Application TIPs: Q. 13 – 23
  - Pay special attention to the TIPs embedded in the application! (Example below)

**TIP:** If an Applicant intends to utilize its requested NMTC Allocation to engage solely in either the purchase of loans from other CDEs or in the provision of FCOS, and not in the origination of loans or equity, it should skip Questions #14 and #15.
NMTC Allocation Application: Business Strategy Section

• **Innovative Activities (Q. 18)**
  - This question will not be evaluated or scored in Phase 1 of the Allocation Application review.
  - Responses will be considered in Phase 2 of the Allocation Application review and may affect the size of the Applicant’s NMTC Allocation.
  - Commitments to these activities must be clearly stated as a percent of total QLICIs.
  - Commitments may be reflected in the Allocation Agreement, if an Applicant is selected to receive an NMTC Allocation.
  - For more information on Innovative Activities, please review Application FAQs #44, and #52 thru #58.
Activities in Non-Metropolitan Counties

- This question will not be evaluated or scored in Phase 1 of the Allocation Application review.
- The response to this question will be considered in Phase 2 of the Allocation Application review and may affect the size of the Applicant’s NMTC Allocation.
- Applicants are required to provide two target estimates: (1) a minimum percentage and (2) the maximum percentage of QLICIs that the Applicant is willing to commit to invest in Non-Metropolitan Counties.
- A final commitment within the proposed minimum and maximum will be reflected in the Allocation Agreement, if an Applicant is selected to receive an NMTC Allocation.
- For more information on activities in Non-Metropolitan Counties, please see the NOAA (Section V, Subsection D) and/or Section V. in the Application FAQs document.
NMTC Allocation Application: Priority Points

• A maximum of 10 priority points are awarded based on the Applicant’s responses to questions in the Business Strategy section and Exhibit B.

• Priority points are based on two distinct categories outlined in the NMTC authorizing statute:
  – Track record of providing capital or technical assistance to disadvantaged businesses or communities (5 pts).
  – Commitment to use NMTC proceeds to invest in unrelated entities (5 pts).

• Additional guidance on Priority Points can be found in the following application resources:
  – NOAA: Section V, Subsection B.1.b
  – Application FAQs: # 66 and 67
The Community Outcomes section is scored during Phase 1 of the Application review process.

It will be evaluated by two independent reviewers.

Each reviewer may provide a maximum of 25 pts.

An Applicant will score well under this section to the extent it can articulate, with specificity:

− it is working in particularly economically distressed or otherwise underserved communities;
− it shows that its projected financing activities will generate quantifiable and demonstrable community outcomes; and
− it demonstrates meaningful engagement with community stakeholders when vetting potential NMTC investments.
Methods and Metrics (NMTC Application Q. 25)

- These two concepts are critically important for Applicants as they quantify and estimate projected community outcomes.
- Each projected community outcome should be supported by clear and sound methods and metrics.
- For definitions and examples of methods and metrics, please review FAQs #76, 77.
- For examples quantifying community outcomes, please review FAQs #73, #74, #85.
• Please consult the following application resources for information on how to score well within this section:
  – Application FAQs Document: Section E
  – 2020 NMTC Allocation Application TIPs: Q. 24 - 27
  • Pay special attention to the TIPs embedded in the application!
    (Example below)

**TIP:** An *Applicant* that describes a thorough track record of establishing and documenting past community outcomes and a methodology for tracking future community outcomes will score more highly on this question.
The Management Capacity section is not scored during Phase 1 of the Application review process. It will be evaluated by CDFI Fund staff as part of Phase 2.

An Applicant will be evaluated more favorably under this sub-section if it can demonstrate that:

- It has experienced personnel and appropriate procedures and systems in place to successfully manage a loan and/or investment portfolio;
- Its personnel have experience identifying borrowers, evaluating businesses, and structuring QLICIs; and
- It has experience with similar regulatory compliance requirements and can articulate a specific strategy for ensuring NMTC compliance.
Please review the following application resources for information on how to score well within this section:

- Application FAQs Document: Section F
- 2020 *NMTC Application* Tips: Q. 28 – 33

*Pay special attention to the TIPs embedded in the application! (Example below)*

**TIP:** Delinquency rate means the percentage of loan payments and mandatory dividend payments, on a dollar basis, that were 90 days past due (i.e., the combined dollar amount of principal, interest and mandatory dividend payments, 90 days or more past due divided by the total dollar amount of loans and *Equity Investments* outstanding).
The Capitalization Strategy section is not scored during Phase 1 of the Application review process. It will be evaluated by CDFI Fund staff as part of Phase 2.

To receive an award, an Applicant must demonstrate the ability to raise capital for an NMTC Allocation, including:

- A track record of raising capital from investors;
- A sound strategy for raising QEIs or investor interest/commitments (if applicable);
- The appropriate sharing of NMTC benefits between the Applicant, investors, and borrowers/investees.

- Please consult the following application resources for information on how to score well within this section:
  - Application FAQs Document: Section G
  - 2020 NMTC Allocation Application Tips: Q. 34 – 40
- Pay special attention to the TIPs embedded in the application!
  (Example below)

**TIP:** While Table E1 must contain data only of the Applicant (or its Controlling Entity) and the track record of the Applicant (or its Controlling Entity) must be discussed in Question #35, the Applicant may refer in Question #35 to the qualifications and five-year capital-raising track record of individuals (e.g., staff, Principals, consultants) listed in Table C1 for organizations other than the Applicant (or its Controlling Entity).
• **Tips for completing Information Regarding Previous Awards:**

  – Must be completed by all *Applicants*

    • If the *Applicant* (and any *Affiliates*) has never received an award from the CDFI Fund or an NMTC Allocation, confirm the pre-populated information for Q. 41 and 42, and answer “no” to Q.43 and Q. 44. You will not be required to complete the remainder of Q. 43 and Q.44.

  – Part V is not scored in Phase 1 of the review process. It will only be considered in Phase 2 of the review process.

Phase 1: Peer Review
External reviewers evaluate and score Part I and Part II of applications.

Phase 2: Panel Review
Applications that meet minimum scoring thresholds are evaluated, based on rank score, by a CDFI Fund panel.

Selection of Applicants:
Selecting Official makes final determinations based upon panel recommendations.

Details on the previous round Application Evaluation process can be found on the CDFI Fund’s website (www.cdfifund.gov/nmtc). Details on the current Application Evaluation process can be found in the NOAA (Section V – Application Review Information).
Each Reviewer may award an application a maximum of 60 points.

Two sections of 25 points each:
- Part I: Business Strategy
- Part II: Community Outcomes

Applicants may also earn 10 “priority points.”

Not Scored in Phase 1:
- Part III (Management Capacity),
- Part IV (Capitalization Strategy), and
- Part V (Previous Awards).
In Phase 1, each eligible Applicant is reviewed by two independent reviewers.

- Reviewers consist of public and private sector professionals with strong credentials in community and economic development finance.

To ensure consistency with scoring guidelines, each reviewer evaluation form is reviewed by a team leader before it is accepted.

- Team leaders consist of CDFI Fund staff and other Federal employees.
After the Business Strategy & Community Outcomes sections of each application are reviewed by the two independent reviewers, an analysis is conducted to identify if there is an anomalous score.

An anomalous score may be deemed to occur when the two reviewers’ scores vary significantly.

When an anomalous reviewer score will impact the ability of any Applicant to receive an award, a third independent reviewer will be used to determine whether the anomalous score should be replaced.
Applicants with Phase 1 review scores within the “Highly Qualified” benchmarks will be ranked in descending order based on their Phase 1 Rank Score.

- Phase 1 Rank Score is calculated by adding the Applicant’s scores in the Business Strategy and Community Outcomes sections along with half of the total priority points.

Highly Qualified Applicants will be forwarded for a Phase 2 Panel Review in descending order of the Phase 1 Rank Score.
NMTC Allocation Application Evaluation Process: Phase 2 – Panel Review

- The Panel will review the Application contents, Phase 1 reviewer comments, as well as any other relevant compliance, eligibility, due diligence and regulatory information.
- The Panel will review Section III (Management Capacity), Section IV (Capitalization Strategy), and Section V (Information Regarding Previous Allocations).
- Additionally, the Panel will review past transactions from Applicants who are prior Allocatees.
- At the conclusion of Phase 2, the Panel’s allocation award recommendations are forwarded to the Selecting Official.
The Selecting Official makes “preliminary determinations” based on Panel recommendations, review of Phase 1 and application materials, and any additional due diligence undertaken.

– Adjustments may be made to the final pool of Allocatees based on relevant regulatory agency information (in the case of regulated depository institutions), compliance with award or Allocation Agreement(s), eligibility, and due diligence checks (e.g. omission of required information, common enterprise), including review of past transactions from Applicants who are prior Allocatees.

– Adjustments may be made to the final pool to ensure proportional investments in Non-Metropolitan Counties and/or representation of Rural CDEs.

– Adjustments may be made to ensure that the NMTC Allocation awards do not exceed the allocation authority for this Round.
