# COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS PROGRAM

Access to affordable financial products and services is a staple of economically sound communities. Yet at least one quarter of American households do not have bank accounts or rely on costly payday lenders and check-cashing outlets. In recent years, the lack of access to capital investments for small businesses and other critical community development projects has also led to increased need for alternative and reliable sources of financing.

Mission-driven organizations called Community Development Financial Institutions—or CDFIs—fill these gaps by offering affordable financial products and services that meet the unique needs of economically underserved communities. Through awards and trainings, the Community Development Financial Institutions Program (CDFI Program) invests in and builds the capacity of CDFIs, empowering them to grow, achieve organizational sustainability, and contribute to the revitalization of their communities.

## THE CDFI PROGRAM PROVIDES BOTH FINANCIAL ASSISTANCE AND TECHNICAL ASSISTANCE AWARDS:

Financial Assistance (Base-FA) awards of up to \$1 million allow CDFIs to sustain and expand their financial products and services. CDFIs that qualify for Base-FA funding must match this award with funds from a non-federal source. Base-FA awards can be used for lending capital, loan loss reserves, capital reserves, financial services, and development services to achieve at least one of the following FA objectives:

- Increase volume of products or services
- Provide new products or services
- Expand operations into new geographic areas
- Service new targeted populations

The FY 2020 application emphasized the extent of economic distress in the areas CDFIs are serving; the extent to which their activities have expanded, or will expand, economic opportunities; and the extent to which CDFIs will collaborate with their communities and increase their resources through collaborations and partnerships.

Technical Assistance (TA) awards of up to \$125,000 are used for capacity development that is integral to CDFIs' organizational sustainability and success. CDFIs often use these awards to purchase equipment, hire consulting or contracting services, pay salaries and benefits, or train staff or board members.

The CDFI Program also administers the Persistent Poverty Counties-Financial Assistance (PPC-FA), Disability Funds-Financial Assistance (DF-FA), and Healthy Food Financing Initiative-Financial Assistance (HFFI-FA) awards. These initiatives serve as supplemental funding opportunities under the CDFI Program and Native American CDFI Assistance Program for eligible CDFIs that receive Base-FA awards.

The standard loan product is a fixed-rate, 13-year loan with interest-only payments in years one through ten, providing essential low-cost, long-term capital to CDFIs. With a subsidy rate of 9.6 percent, the CDFI Program is helping the federal government to stretch its resources even further.

Combined, the FY 2020 Financial Assistance awardees have a total of \$47.9 billion invested in the 50 states and the District of Columbia and \$291 million invested in the territories.

### PERSISTENT POVERTY COUNTIES

The Consolidated Appropriations Act for Fiscal Year (FY) 2020 required that 10% of the funds awarded by the CDFI Fund under the appropriation “shall be used for awards that support investments that serve populations living in” Persistent Poverty Counties (PPCs). PPCs are defined as counties where 20% or more of the population has lived in poverty over the past 30 years. These counties can be found in the United States in both rural and urban areas.

For the FY 2020 round, 146 CDFIs received \$23.5 million in awards specifically to serve PPCs, which is in addition to the work that CDFIs already do in PPCs. Historically, past CDFI Program awardees have invested or lent 17% of their cumulative financing activity in PPCs.
