NMTC Allocation Application Evaluation Process: Flowchart

Phase 1: External Review

External reviewers evaluate and score Part I and Part II of Applications.

Selection of Applicants:

Selecting Official makes final determinations based on staff recommendations.

Phase 2: Internal Review

Applications that meet minimum scoring thresholds are evaluated, based on rank score, by CDFI Fund staff.

Details on the previous round Application evaluation process can be found on the CDFI Fund's website (www.cdfifund.gov/nmtc). Details on the current Application evaluation process can be found in the *NOAA* (Section V – Application Review Information).

NMTC Allocation Application Evaluation Process: Phase 1 – Peer Review

- Each Reviewer may award an Application a maximum of 60 points.
 - Two sections of 25 points each:
 - Part I: Business Strategy
 - Part II: Community Outcomes
 - *Applicants* may also earn 10 Priority Points.
- Not Scored in Phase 1:
 - Application Q.19, Q.22, and Q. 24 in Business Strategy
 - Part III (Management Capacity)
 - Part IV (Capitalization Strategy)
 - Part V (Previous Awards)

NMTC *Allocation Application* Evaluation Process: Phase 1 – External Review

- In Phase 1, each eligible *Applicant* is reviewed by two independent reviewers.
 - Reviewers consist of public and private sector professionals with strong credentials in community and economic development finance.
- To ensure consistency with scoring guidelines, each reviewer scorecard is reviewed by a team leader before it is accepted.
 - Team leaders consist of CDFI Fund staff and other federal employees.

NMTC *Allocation Application* Evaluation Process: Phase 1 – External Review

- After the Business Strategy & Community Outcomes sections of each application are reviewed by the two external reviewers, an analysis is conducted to identify if there is an anomalous score.
- An anomalous score may be deemed to occur when the two reviewers' scores vary significantly.
- When an anomalous reviewer score will impact the ability of any *Applicant* to receive an award, a third independent reviewer will be used to determine whether the anomalous score should be replaced.

NMTC *Allocation Application* Evaluation Process: Phase 2 – Internal Review

- *Applicants* with Phase 1 review scores within the “Highly Qualified” benchmarks will be ranked in descending order based on their Phase 1 Rank Score.
 - Phase 1 Rank Score is calculated by adding the *Applicant’s* scores in the Business Strategy and Community Outcomes sections, along with half of the total priority points.
- Highly Qualified *Applicants* will be forwarded for a Phase 2 Review in descending order of the Phase 1 Rank Score.

NMTC Allocation Application Evaluation Process: Phase 2 – Internal Review

- CDFI Fund staff will review the Application contents, Phase 1 reviewer comments, as well as any other relevant compliance, eligibility, due diligence, and regulatory information.
- Staff will review Section III (Management Capacity), Section IV (Capitalization Strategy), and Section V (Information Regarding Previous Allocations).
- Additionally, staff will review past NMTC transactions from *Applicants* who are prior *Allocates*.
- At the conclusion of Phase 2, the staff allocation award recommendations are forwarded to the Selecting Official.

NMTC Allocation Application Evaluation Process: Selection of Allocatees

- The Selecting Official makes “preliminary determinations” based on staff recommendations, review of Phase 1 and application materials, and any additional due diligence undertaken.
 - Adjustments may be made to the final pool of *Allocatees* based on relevant regulatory agency information (in the case of regulated depository institutions), compliance with award or *Allocation Agreement(s)*, eligibility, and due diligence checks (e.g., omission of required information, common enterprise), including review of past NMTC transactions from *Applicants* who are prior *Allocatees*.
 - Adjustments may be made to the final pool to ensure proportional investments in *Non-Metropolitan Counties* and/or representation of *Rural CDEs*.
 - Adjustments may be made to ensure that the *NMTC Allocation* awards do not exceed the allocation authority for this Round.
