COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS PROGRAM

Access to affordable financial products and services is a staple of economically sound communities. Yet at least one quarter of American households do not have bank accounts or rely on costly payday lenders and check-cashing outlets. In recent years, the lack of access to capital investments for small businesses and other critical community development projects has also led to increased need for alternative and reliable sources of financing.

Mission-driven organizations called Community Development Financial Institutions—or CDFIs—fill these gaps by offering affordable financial products and services that meet the unique needs of economically underserved communities. Through awards and trainings, the Community Development Financial Institutions Program (CDFI Program) invests in and builds the capacity of CDFIs, empowering them to grow, achieve organizational sustainability, and contribute to the revitalization of their communities.

“Today’s awards highlight how much the CDFI Program has contributed in its 20 year history towards building a strong network of CDFIs across the country. These important community partners are not only on the frontlines of economically distressed communities providing needed capital and credit, they are building a more inclusive economy which benefits the nation as a whole.”

CDFI FUND DIRECTOR ANNIE DONOVAN

THE CDFI PROGRAM PROVIDES BOTH FINANCIAL ASSISTANCE AND TECHNICAL ASSISTANCE AWARDS:

Financial Assistance (FA) awards of up to \$2 million allow CDFIs to sustain and expand their financial products and services. CDFIs that qualify for FA funding must match this award with funds from a non-federal source. FA awards can be used for lending capital, loan loss reserves, capital reserves, financial services, and development services.

Technical Assistance (TA) awards of up to \$125,000 are used for capacity development that is integral to CDFIs’ organizational sustainability and success. CDFIs often use these awards to: purchase equipment; hire consulting or contracting services; pay salaries and benefits; or train staff or board members.

The CDFI Program also administers the Healthy Food Financing Initiative Financial Assistance (HFFI-FA) awards. The initiative serves as a supplemental funding opportunity under the CDFI Program and Native American CDFI Assistance Program for eligible CDFIs that expressed an interest in expanding their healthy food-focused financing activities and had received FA awards.

CDFI PROGRAM HISTORY:

- Since its creation in 1994, the CDFI Fund has awarded over \$1.5 billion in FA and TA awards through the CDFI Program.
- Through HFFI-FA, the CDFI Fund has provided over \$100 million in awards to CDFIs improving the access to healthy food options in low-income communities.

IMPACT OF CDFI PROGRAM:

In FY 2014, past CDFI Program award recipients reported originating 28,117 loans or investments totaling over \$2.7 billion, based on their portfolio of activities in 2013.

Those awardees also reported financing 28,617 affordable housing units and 9,388 businesses, and providing over 252,000 individuals with financial literacy training and other training.
